From Fate to Choice Michael McManus, 2024-08-01 In the 1990s private security patrols in public places were occurring in many areas of the UK and moving closer to that traditional domain of the public police streets and neighbourhoods Such a phenomenon was ripe for sociological enquiry and accordingly this book originally published in 1995 provides a focused interpretation of six key concepts each central to the equity debate on private policing Data from three research sites in the UK are presented throughout the book in the form of case studies Equity of justice is crucial and intrinsic to the association policing should have with a democratic equal and free society Private security however is not conducive to these requirements for it has an inherently competitive style excluding freedom from those who are non competitive through either choice of economic disadvantage Accordingly an embarrassing characteristic of private security policing is that it promises too much freedom of choice in a less than equal world

Interpreting and Translation Services and the Applied Language Solutions Contract Great Britain: Parliament: House of Commons: Justice Committee, 2013-02-06 Evidence suggests that the MoJ did not have a sufficient understanding of the complexities of court interpreting work Significant concern was revealed that quality standards could be diminished by the imposition of a tiered system to enable a wider pool of interpreters and by the introduction of lower levels of pay However the Department pushed ahead with the contract and failed to properly anticipate or address the potential for problems with Applied Language Solutions ALS capacity to deliver on its promises ALS and more recently Capita has been unable to recruit qualified and experienced interpreters in sufficient numbers Professional interpreters have largely boycotted the new arrangements and Capita ALS clearly needed significantly more resources than it had at its disposal It also only paid lip service to the regulatory duties accepted under the Framework Agreement yet did not have the capacity to cope with complaints or to implement basic vetting procedures The MoJ has had to monitor Capita ALS very closely to secure the level of improvement necessary to make the Agreement workable and continues to do so The existing arrangements may not be financially sustainable as Capita is propping up the continuation of the Agreement which mean that the Department's savings originally projected to be 15million are effectively being secured at the company's expense Actions taken by MoJ also had the effect of hampering the inquiry when HMCTS issued an edict to its staff instructing them not to participate in the Committee's online consultation established to invite direct observations from frontline staff of the performance of ALS

Making Way in Corpus-based Interpreting Studies Mariachiara Russo, Claudio Bendazzoli, Bart Defrancq, 2017-10-24 This book presents a collection of state of the art work in corpus based interpreting studies highlighting international research on the properties of interpreted speech based on naturalistic interpreting data Interpreting research has long been hampered by the lack of naturalistic data that would allow researchers to make empirically valid generalizations about interpreting The researchers who present their work here have played a pioneering role in the compilation of interpreting data and in the exploitation of that data The collection focuses on both of these aspects including a detailed overview of interpreting corpora a collective paper on the way forward in corpus compilation and several studies on interpreted speech in diverse language pairs and interpreter mediated settings based on existing corpora

The novel begins with Richard Paffen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
