Eves Apples:

Eve's Apple William Lindsey Thomas,2020-06-25 Eve's Apple is the story of how one lady Eve contracted and spread the most fatal disease ever known to mankind as an act of her mind and will The name of this disease is sin This disease of sin is the root cause of all war murder stealing lies and every other known form of evil in the world The result has been the death of every generation of mankind who has ever lived But wait a minute you say I believe death is caused by old age or cancer a heart attack or some other physical problem or disease and not by some religious belief called sin This is partly true But what is the root cause of all known diseases And if all known diseases result in death isn't this just another way sin manifests itself In addition to all these facts I believe the story of Eve's apple defines the history of the human race Ralph Waldo Emerson once wrote There is no such thing as history only biography Well if history is a collection of biographies or stories then this story of Eve's apple ranks among the most important of all The story of Eve's apple began mankind's conflict with a good and evil in our world This struggle by you and me and the rest of the human race has affected our world and history more than any other challenge in life How mankind has chosen to struggle with this conflict has shaped the history of our world If the above reasons for Eve's importance to history and your life are not enough may I suggest one more contained in this story of Eve is the prophecy of God's answer to Eve's sin which contains faith hope and love **Apples and Eve** Sarah

Eve of Eden Charles Underwood, 2014-03 Eve has eaten from the Tree of Knowledge As the serpent Tiamat promised her eyes have become open to the good and evil in all things including the human heart Soon after a flood casts her and Adam out of Eden the curses God spoke of fall upon them and she gives birth to two sons into a world from which they must suffer and die But only when her oldest son Cain kills his brother Abel does she feel the true weight and regret of what she has done Now in her greatest despair Tiamat has returned Under the command of his mysterious master he tells her that the waters have receded and Eden is alive again With the promise of bringing her dead son back to life he tells her of the Tree of Life and how it has the power to vanquish all suffering if she is willing to betray God once more She is forced to choose between Tiamat who offers what she desires most and God who once cast her out of Eden But how can she trust a serpent who is willing to betray his own Creator And how can she trust a Creator whose truth is kept hidden from the world

Book of Eve Carmen Boullosa,2023-05-09 A brilliant feminist twist on the Book of Genesis from Carmen Boullosa What if everything they ve told us about the Garden of Eden was wrong Faced with what appears to be an apocryphal manuscript containing ten books and ninety one parts Eve decides to tell her version of the story of Genesis she was not created from Adam s rib nor was she expelled for taking the apple from the serpent the story of Abel and Cain isn t true neither are those of the Flood and the Tower of Babel In brilliant prose Carmen Boullosa offers a take on the Book of Genesis that dismantles patriarchy and rebuilds our understanding of the world from the origin of gastronomy to the domestication of animals to the cultivation of land and pleasure all through the feminine gaze Based on this exploration at times both joyful and painful The Book of Eve takes a tour through the stories we ve been told since childhood which have helped to foster and cement the absurd idea that woman is the companion complement and even accessory to man opening the door to criminal violence against women Boullosa refutes this entrenched dangerous perspective in her foundational and brazen feminist novel
