**Freedom Inc.: Gendered Capitalism in New Indian Literature and Culture** Mukti Lakhi Mangharam, 2023-06-15 While globalization is often credited with the eradication of traditional constraints tied to gender and caste in reality the opening up of the Indian economy in the 1990s has led to a decline in freedom for many female Dalit and lower class Indians This book explores the contraction of what it means to be free in post liberalization India examining how global capitalism has exacerbated existing inequalities based on traditional femininities and masculinities while also creating new hierarchies Freedom Inc argues that post 1990s literature and culture frequently represents and reinforces the equation of free market capitalism with individual freedom within the new idea of India However many texts often also challenge this logic by pointing to more expansive horizons of autonomy for the gendered self Through readings of texts as diverse as Dalit women's life writing pop fiction realist novels self help regional film and Netflix TV shows Mangharam investigates how notions like free trade entrepreneurship and self help are experienced embodied and challenged by disadvantaged peoples and by women differently than men In the process Freedom Inc explores how different literary forms illuminate alternative and buried pathways to fuller freedoms [Transformations, Ideology, and the Real in Defoe's Robinson Crusoe and Other Narratives](#)

Maximillian E. Novak, 2014-10-24 This book explores significant problems in the fiction of Daniel Defoe Maximillian E Novak investigates a number of elements in Defoe's work by probing his interest in rendering of reality what Defoe called the Thing itself Novak examines Defoe's interest in the

relationship between prose fiction and painting as well as the various ways in which Defoe's works were read by contemporaries and by those novelists who attempted to imitate and comment upon his *Life and Strange Surprising Adventures of Robinson Crusoe* decades after its publication. In this book Novak attempts to consider the uniqueness and imaginativeness of various aspects of Defoe's writings including his way of evoking the seeming inability of language to describe a vivid scene or moments of overwhelming emotion, his attraction to the fiction of islands and utopias, his gradual development of the concepts surrounding Crusoe's cave, his fascination with the horrors of cannibalism, and some of the ways he attempted to defend his work and serious fiction in general. Most of all, *Transformations: Ideology and the Real in Defoe's Robinson Crusoe and Other Narratives* establishes the complexity and originality of Defoe as a writer of fiction. **The Brink of Freedom** David Kazanjian, 2016-05-19 In *The Brink of Freedom* David Kazanjian revises nineteenth-century conceptions of freedom by examining the ways black settler colonists in Liberia and Mayan rebels in Yucatán imagined how to live freely. Focusing on colonial and early national Liberia and the Caste War of Yucatán, Kazanjian interprets letters from black settlers in apposition to letters and literature from Mayan rebels and their Creole antagonists. He reads these overlooked multilingual archives not for their descriptive content but for how they unsettle and recast liberal forms of freedom within global systems of racial capitalism. By juxtaposing two unheralded and seemingly unrelated Atlantic histories, Kazanjian finds remarkably fresh, nuanced, and worldly conceptions of freedom thriving amidst the archived everyday. *The Brink of Freedom's* speculative quotidian globalities ultimately ask us to improvise radical ways of living in the world. *A Historical Study of Early Modern Chinese Fictions (1890–1920)* Pingyuan Chen, 2021-01-28 This book contains a classic guide to historical study of early modern Chinese fiction from the late Qing Dynasty till early republican China. It does not merely study the new fiction writing in China which was strongly influenced by the western fiction but also draws a comparison between classical Chinese fiction and the early modern Chinese fiction. This book is an excellent reference in the study of early modern Chinese literature since it conveys a point of view to the readers with abundant and solid historical materials. At the heart of the book it is the matter of a specific value in trans-cultural studies between the western world and China. **A Companion to Indian Fiction in English** Pier Paolo Piciuccio, 2004 After *The Pioneer Works* by scholars such as Naik Narasimhaiah and Mukherjee and *The Thirty Years of Silence* which followed their ground-breaking achievements, *The Companion* appears on the scene, striving to reinvigorate the tradition of panoramic studies of Indian literature in English. In the intervening period, Indian fiction in English has become of paramount importance in the wide context of postcolonial studies. An emergent crop of novelists belonging to the so-called new generation has colourfully paved the way towards new artistic horizons, reinterpreting western-derived literary models with inventive approaches complementary to their role. There is the articulate presence of a host of Indian scholars who in recent years have significantly influenced the course of this analysis and have vitally contributed to enlarging its scope well beyond the original boundaries of studies in literary

**The Bonds of Freedom** Kristana Arp, 2001 *The Bonds of Freedom* is the first full scale analysis of Beauvoir's existentialist ethics as laid out in her important work *The Ethics of Ambiguity* written in 1946. Kristana Arp traces the central themes of Beauvoir's ethics back to her earlier philosophical essays and to literary works such as *The Blood of Others* and *All Men Are Mortal*. Drawing from the thought of Husserl, Heidegger, Sartre, and Merleau-Ponty, Beauvoir developed her own distinctive version of existentialism throughout these works.

BOOK JACKET

Constructing the Adolescent Reader in Contemporary Young Adult Fiction Elisabeth Rose Gruner, 2019-05-17 This book examines the way young adult readers are constructed in a variety of contemporary young adult fictions, arguing that contemporary young adult novels depict readers as agents. Reading these novels suggests is neither an unalloyed good nor a dangerous ploy, but rather an essential, occasionally fraught, by turns escapist and instrumental, deeply pleasurable and highly contentious activity that has value far beyond the classroom skills or the specific content it conveys. After an introductory chapter that examines the state of reading and young adult fiction today, the book examines novels that depict reading in school, gendered and racialized reading, reading magical and religious books, and reading as a means to developing civic agency. These examinations reveal that books for teens depict teen readers as doers and suggest that their ability to read deeply, critically, and communally is crucial to the development of adolescent agency.

**Educated for Freedom** Anna Mae Duane, 2022-02 The powerful story of two young men who changed the national debate about slavery. In the 1820s few Americans could imagine a viable future for black children. Even abolitionists saw just two options for African American youth: permanent subjection or exile. *Educated for Freedom* tells the story of James McCune Smith and Henry Highland Garnet, two black children who came of age and into freedom as their country struggled to grow from a slave nation into a free country. Smith and Garnet met as schoolboys at the Mulberry Street New York African Free School, an educational experiment created by founding fathers who believed in freedom's power to transform the country. Smith and Garnet's achievements were near miraculous in a nation that refused to acknowledge black talent or potential. The sons of enslaved mothers, these schoolboy friends would go on to travel the world, meet Revolutionary War heroes, publish in medical journals, address Congress, and speak before cheering crowds of thousands. The lessons they took from their days at the New York African Free School shed light on how antebellum Americans viewed black children as symbols of America's possible future. The story of their lives, their work, and their friendship testifies to the imagination and activism of the free black community that shaped the national journey toward freedom.
