Freedom Of Religion And A Debate On Religious Conversion:

Freedom of Religion and a "debate" on Religious Conversion P. D. Mathew, 1999 With reference to the Indian scene

Religious Conversion Sarah Claerhout, Jakob De Roover, 2022-05-06 This book re-examines the issue of religious conversion which has been a site of conflict in India for several centuries. It discusses wide-ranging themes such as conversion education and reform in colonial India, the process and practices of conversion in Christian Europe, Gandhi conversion and the equality of religions, perspectives from Hindu nationalism, secularism and religious minorities, religious freedom and the limits of propagating religion and conversion in constitutional law, commissions and courts to chart new directions for research on religion, tradition and conversion. Tracing developments from the 19th century colonial era to contemporary times, the book analyses cultural background, frameworks and the origins of religious conversion and its conceptualisation in Western Christianity. It further delves into how Indian culture and its traditions have shaped responses to conversion. Part of the Critical Humanities Across Cultures series, this book will be useful to scholars and researchers of critical humanities, religion, cultural studies, sociology of religion, comparative religion, philosophy, anthropology, theology, Indology, history, politics, postcolonial studies, critical theory and South Asian studies. **Debating 'Conversion' in Hinduism and Christianity** Ankur Barua, 2015-03-27 Hindu and Christian debates over the meanings, motivations and modalities of conversion provide the central connecting theme running through this book. It focuses on the reasons offered by both sides to defend or oppose the possibility of these cross-border movements and shows how these reasons form part of a wider constellation of ideas, concepts and practices of the Christian and the Hindu worlds. The book draws upon several historical case studies of Christian missionaries and of Hindus who encountered these missionaries. By analysing some of the complex negotiations, intersections and conflicts between Hindus and Christians over the question of conversion, it demonstrates that these encounters revolve around three main contested themes. Firstly, who can properly speak for the convert? Secondly, how is tolerating the religious other connected to an appraisal of the other's viewpoints which may be held to be incorrect, inadequate or incomplete? Finally, what is in fact the true Religion? The book demonstrates that it is necessary to wrestle with these questions for an adequate understanding of the Hindu and Christian debates over conversion. Questioning what conversion precisely is and why it has been such a volatile issue on India's political/legal landscape, the book will be a useful contribution to studies of Hinduism, Christianity and Asian Religion and Philosophy. **Religious Conversion in India** Manohar James, 2022-03-14 In this book, Dr Manohar James explores how Hindu intolerance has contributed to anti-Christian propaganda over the centuries, how such intolerance has informed the conclusions of the Niyogi Committee Report and how the Report's ongoing publications, redactions and recessions have intensified anti-Christian rhetoric in India over the last six decades. **The Institutional Dictionary of Freedom of Religion or Belief** Cometan, Recognitionism, Astronist Institution, 2021-07-16 This Dictionary of Freedom of Religion or Belief is published by the
