Foreign Economic Policy United States.
American Communities Kenneth R Schneider, 2005
American Communities centers upon a critical missing dimension of modern progress an organizational equivalent to the corporation The concept rests upon unified integrated socially beneficial community living that is comparable to a cruise ship on the inside and opens to a spacious recreational environment like a country club on the outside This new Community corporation serves its members who control its services and programs from health care and education to commerce and cultural programs Its social spaces built around interior plazas and promenades offers efficient yet casual opportunities for community members to associate both freely and formally in a vast array of member behaviors This community achieves a grand harmony of spaces and programs with closely yet spaciouly organized facilities serving most daily needs of its members The compactly organized spaces are necessary to achieve human scale efficiency and casual interactions The most critical principle is that urban spaciousness is possible only by compact development what a city should be which then immensely reduces the need for mechanized transport especially the space consuming distance promoting and congestive nature of costly wasteful automobiles
The Religious Origins of American Freedom and Equality David Peddle, 2014-05-15
The metaphor of a wall of separation between church and state obscures the substantial connection that exists between the Christian religion and American liberalism The central thesis of this work challenges the legitimacy of this metaphor as it appears in Supreme Court decisions and in the thought of the philosopher John Rawls The Religious Origins of American Freedom and Equality provides a provocative interpretation of the nature of Christian and liberal principles suggesting that the principles of individual freedom and equality were forged even within the conservative elements of Calvinism and Puritanism Recognition of this substantial intellectual connection has the potential to help reshape our conception of the separation of church and state by tempering the opposition between religious and political concepts and values The purpose of The Religious Origins of American Freedom and Equality then is to contribute to an understanding of public reason that is more open to the contributions of religious perspectives The work attempts to show how religious doctrines currently obscured by historical context and hermeneutical dogmatism have nonetheless played a formative role in the evolution of the freedom and equality that is foundational to contemporary liberalism Understanding the genesis of the concepts of freedom and equality tempers the conceptual opposition between church and state and allows a clearer more inclusive interpretation of the nature of their separation The originality of the work is fourfold 1 the challenge its central

thesis poses to dominant constructions of public reason freedom and equality 2 the interdisciplinary method through which it brings the findings of a variety of disciplines to bear on a central issues in political philosophy 3 the challenge it brings to the analytic and pragmatic approach of contemporary liberalism through its assertion of the importance of historical context to contemporary ideas and 4 the degree to which it engages theology in its relation to contemporary questions Misogyny in American Culture Letizia Guglielmo Ph.D.,2018-10-01 This set surveys American misogyny in all its cultural forms from popular music film and education to healthcare politics and business The work also assesses proposals to confront and reduce such expressions of hatred The essays contained in this two volume set explore misogyny within various areas of American culture to demonstrate its pervasiveness and identify common foundations of its many presentations Beyond a basic definition of misogyny which includes hatred of women and girls and the ways in which this hatred and distrust influences action speech discrimination policy and culture in the United States this project also aims to expand and complicate definitions of misogyny in order to provide readers with a robust introduction to and understanding of the larger topic Given the current political and cultural climate and the more frequent and widespread use of the term misogyny by various media outlets and voters during the 2016 presidential election this book has the potential both to contribute to ongoing conversations on misogyny and among its intended audience of advanced high school beginning college students and the general public to inform a shift currently unfolding in public conversation on the topic *The Cumulative Book Index*,1977 A world list of books in the English language A History of the U.S. Political System Richard A. Harris,Daniel J. Tichenor,2009-12-23 This reference resource combines unique historical analysis scholarly essays and primary source documents to explore the evolution of ideas and institutions that have shaped American government and Americans political behavior One of the most active and revealing approaches to research into the American political system is one that focuses on political development an approach that combines the tools of the political scientist and the historian A History of the U S Political System Ideas Interests and Institutions is the first comprehensive resource that uses this approach to explore the evolution of the American political system from the adoption of the Constitution to the present A History of the U S Political System is a three volume collection of original essays and primary documents that examines the ideas institutions and policies that have shaped American government and politics throughout its history The first volume is issues oriented covering governmental and nongovernmental institutions as well as key policy areas The second volume examines America s political development historically surveying its dynamic government era by era Volume three is a collection of documentary materials that supplement and enhance the reader s experience with the other volumes American Politics and the African American Quest for Universal Freedom Robert C. Smith,Sherri L. Wallace,Hanes Walton, Jr.,2025-08-29 American Politics and the African American Quest for Universal Freedom is known for its lucid style student oriented approach and wide ranging perspective Designed to allow flexibility in teaching approaches this tenth edition retains all the features that made

previous editions so popular All chapters have been updated with new content and the latest data available including Inclusive and affirming language throughout Enhanced discussion on Elements of Black Culture and the political significance of African American music and the Black Church Black American public opinion and the various strands of African American ideology The CROWN Act the politics of black hair and the African American celebrity impact on politics Political significance of the increasing ethnic diversity of Black communities due to immigration from Africa and the Caribbean and the latest on Black Lives Matter discussion Discussion on the first Black sorority political action committee established in the U S and advocacy organizations serving the Black LGBTQIA community Characteristics of eligible and registered Black voters the coverage of the 2024 presidential and congressional elections and the results of the congressional elections with respect to partisan control of Congress and the size of the Black congressional delegation Demographic characteristics of the members of the 118th Congress now includes sexual orientation and generational data for comparison Race policies of former President Biden reclassifying him as antiracist An alternative method of ranking presidents that brings the views of Black experts to the conversation and includes a discussion of the record number of Black political appointments and policies implemented under Biden Confirmation hearing of the first Black woman Justice Ketanji Brown Jackson appointed to the Supreme Court New material on the Voting Rights Act Affirmative Action and the Pigford cases testing institutional racism Tennessee Three highlighting racism in the rare expulsion of two Black members of the Tennessee House of Representatives and how Republican state controlled legislatures are stunting the quest for universal freedom Revisions using the Urban League s State of Black America Equality Index as a measure of material well being in the African American community to examine historic and systemic patterns in structural inequities as manifested in economics health education social justice and civic engagement Updated Textbook Media Integration Guide featuring lecture power points chapter summaries critical thinking questions the profiles and Faces and Voices and the links to the biographical material and videos American Politics and the African American Quest for Universal Freedom continues to offer a comprehensive rigorous and accessible understanding of how the presence of African Americans in the United States has profoundly influenced and influences American politics It remains essential reading for all students of American Government Black Politics and African American Studies particularly those approaching the study of race and politics for the first time

American Foreign Policy, Current Documents, 1960 *The American Tyler-keystone*, 1916 *Social Power in International Politics* Peter van Ham, 2010-04-05 This text introduces and defines the concept of social power and examines how it works in international politics Including perspectives from the EU the US Middle East and China it features a range of case studies on culture and pop culture media public diplomacy and branding *The Routledge Handbook to the Political Economy and Governance of the Americas* Olaf Kaltmeier, Anne Tittor, Daniel Hawkins, Eleonora Rohland, 2020-01-09 This handbook explores the political economy and governance of the Americas placing particular emphasis on collective and intertwined experiences Forty six

chapters cover a range of Inter American key concepts and dynamics The flow of peoples goods resources knowledge and finances have on the one hand promoted interdependence and integration that cut across borders and link the countries of North and South America including the Caribbean together On the other hand they have contributed to profound asymmetries between different places The nature of this transversally related and multiply interconnected hemispheric region can only be captured through a transnational multidisciplinary and comprehensive approach This handbook examines the direct and indirect political interventions geopolitical imaginaries inequalities interlinked economic developments and the forms of appropriation of the vast natural resources in the Americas Expert contributors give a comprehensive overview of the theories practices and geographies that have shaped the economic dynamics of the region and their impact on both the political and natural landscape This multidisciplinary approach will be of interest to a broad array of academic scholars and students in history sociology geography economics and political science as well as cultural postcolonial environmental and globalization studies

African American Political Thought Melvin L. Rogers, Jack Turner, 2021-05-07 African American Political Thought offers an unprecedented philosophical history of thinkers from the African American community and African diaspora who have addressed the central issues of political life democracy race violence liberation solidarity and mass political action Melvin L Rogers and Jack Turner have brought together leading scholars to reflect on individual intellectuals from the past four centuries developing their list with an expansive approach to political expression The collected essays consider such figures as Martin Delany Ida B Wells W E B Du Bois James Baldwin Toni Morrison and Audre Lorde whose works are addressed by scholars such as Farah Jasmin Griffin Robert Gooding Williams Michael Dawson Nick Bromell Neil Roberts and Lawrie Balfour While African American political thought is inextricable from the historical movement of American political thought this volume stresses the individuality of Black thinkers the transnational and diasporic consciousness and how individual speakers and writers draw on various traditions simultaneously to broaden our conception of African American political ideas This landmark volume gives us the opportunity to tap into the myriad and nuanced political theories central to Black life In doing so African American Political Thought A Collected History transforms how we understand the past and future of political thinking in the West

Ideas and Movements That Shaped America Michael Green, Scott L. Stabler, 2015-07-28 America was founded on bold ideas and beliefs This book examines the ideas and movements that shaped our nation presenting thorough accessible entries with sources that improve readers understanding of the American experience Presenting accessibly written information for general audiences as well as students and researchers this three volume work examines the evolution of American society and thought from the nation s beginnings to the 21st century It covers the seminal ideas and social movements that define who we are as Americans from the ideas that underpin the Bill of Rights to slavery the Civil Rights movement and the idea of gay rights even if U S citizens often strongly disagree on these topics Organized topically rather than chronologically this encyclopedia combines primary sources and

secondary works or historical analyses with text describing the ideas and movements in question In addition each entry includes a list of suggestions for further reading that directs readers to supplementary sources of information The set s unique perspective serves to depict how American society has evolved from the nation s beginnings to the present revealing how Americans as a people have acted and responded to key ideas and movements **United States of America V.**
Wixom ,1950 *Bulletin of the Pan American Union* Pan American Union,1948
