Rowbottom, 1880 As manifested by the geometrical design and symbolism of the Great Pyramid the everlasting pillar or temple of witness to the most high **The Freemason and Masonic Illustrated. A Weekly Record of Progress in Freemasonry** ,1887 **Collected works. The Lost Keys Of Freemasonry. The Secret Teachings of All Ages. Illustrated** Manly P. Hall, 2021-06-14 Manly Palmer Hall was a writer lecturer mystic philosopher founder of the Philosophical Research Society an expert in tarot readings and a Freemason He wrote a series of occult books that became famous due to the author s breadth of knowledge Among his books The Lost Keys of Freemasonry and The Secret Teachings of All Time An Encyclopedic Exposition of Hermetic Kabbalistic and Rosicrucian Symbolic Philosophy are best known His books are primarily informational and contain numerous illustrations and original texts describing mystical components Freemasonry symbols Rosicrucians documents recipes by alchemists and Kabbalistic rules The Lost Keys of Freemasonry The Secret Teachings of All Ages [Moorish Circle 7](#) Keith Moore 32, 2005-05-04 This book is based on the theory that the black Muslim movement was created from the knowledge of the Masonic order In the early decades of the 20th century noble drew ali established a political and religious organization known today as the Moorish Science Temple of America It was this organization that exposed black to something other than the normal Christian influences of that day Ali a high degree freemason incorporated various Masonic teachings from an auxiliary group Known as the AEAONMS ancient Egyptian Arabic order of noble of the mystic shrine A pseudo Islamic Arabic oriental organization that served as a wake up call to a lost knowledge A knowledge that was taken away from Africans during the slave trades The theory behind this book is that the majority of the slaves that were taken from the west coast of Africa were practicing Muslims and these Muslims were forced to convert to Christianity under the strong oppression of slavery At one time Afro Americans were the biggest minority in the American society About 90% of the todays population of blacks are descendants of slaves that were brought to America for working on plantations since the 16th century At the beginning of the 19th century most of the so called Negroes lived in the plantation areas of the Southern States After the Civil War and the abolition of slavery it wasnt until the early 1920s and 30s that blacks were beginning to experiment with other faiths Of all the faiths Islam became the fastest growing

religion and the most popular This book by far is in no way a research into black history instead it covers a more deeper aspect of history in which I call the history behind the history It explores the true Asiatic origins of the ancient religions of Hinduism Buddhism well as the Islamic faith Finally It explores the Masonic symbolisms of alis Moorish science dogma digging deeper into the esoteric side of his Aquarian Masonic teaching explaining their origins and discovering an age old wisdom that had been kept hidden from the human eye One would think that Africans in the Americas would have rejected the religious tradition of their European oppressors taking into consideration that African religions are far older they possess more sources of knowledge spiritual salvation Yet there are those who have turned away from traditional Christian dominated environments in order to find a greater understanding of themselves and the world in which they live One alternative has been to seek knowledge in the various religious groups that arose in the 20th century
