Higher Education Revolutions in the Gulf Fatima Badry, John

Willoughby, 2015-10-08 Over the past quarter century the people of the Arabian Peninsula have witnessed a revolutionary transformation in higher education In 1990 there were fewer than ten public universities that offered their Arabic language curricula in sex segregated settings to national citizens only In 2015 there are more than one hundred public semi public and private colleges and universities Most of these institutions are open to expatriates and national citizens a few offer gender integrated instruction and the language of instruction is much more likely to be in English than Arabic Higher Education Revolutions in the Gulf explores the reasons behind this dramatic growth It examines the causes of the sharp shift in educational practices and analyses how these new systems of higher education are regulated evaluating the extent to which the new universities and colleges are improving quality Questioning whether these educational changes can be sustained the book explores how the new curricula and language policies are aligned with official visions of the future Written by leading scholars in the field it draws upon their considerable experiences of teaching and doing research in the Arabian Gulf as well as their different disciplinary backgrounds linguistics and economics to provide a holistic and historically informed account of the emergence and viability of the Arabian Peninsula's higher education revolutions Offering a comprehensive critical assessment of education in the Gulf Arab states this book represents a significant contribution to the field and will be of interest to students and scholars of Middle East and Gulf Studies and essential for those focused on higher education

Globalization and Migration Eliot Dickinson, 2016-07-20 Focusing on the intersection between globalization and migration this powerful text traces a dynamic contradictory process that has set the world in motion and incorporated millions of migrants into an economic market whose dimensions are unprecedented in human history Eliot Dickinson emphasizes recent developments in global politics such as the massive number of refugees from wars in the Middle East who are now seeking asylum in Europe the Fortress Europe mentality illustrated on the Italian island of Lampedusa the heart wrenching humanitarian challenge of Mexican and Central American children arriving alone in the United States and the effects of climate change and environmental destruction on international migration Today with the collaboration of compliant governments and elites in the peripheral countries of the Global South multinational corporations continue to flout regulations destroy the environment and take advantage of the large number of displaced unemployed workers While globalization is eliminating barriers between countries and making it easier for goods and capital to move around the world the industrialized countries of the Global North are simultaneously putting up barriers to people and making it harder for

them to migrate This timely and provocative book explains how we have arrived at this paradoxical point in history and critically examines why governments are enacting policies that protect borders instead of people **Our Social World**

Jeanne H. Ballantine, Keith A. Roberts, 2011-10-26 In this brief text two leaders of the Teaching Sociology movement encourage students development of their sociological imaginations through role taking Assuming the role of a child living in poverty in India or of a member of an African tribe students learn to re envision their global society An innovative integrated framework provides core sociological concepts while features such as Contributing to Our Social World enable students to do public sociology Our Social World Condensed Version presents the perspective of students living in the larger global world

Internationalising Higher Education Elspeth Jones, Sally Brown, 2007-05-14 With increasing numbers of international students this book explores how best to broaden the approaches to learning and teaching in the higher further education environment Rather than seeing internationalization as a problem to be addressed this text embraces the opportunities for the enrichment of the learning environment through a values driven approach to internationalization Taking a positive and practical approach to internationalizing higher education the book considers a range of questions about how to bring in global perspectives to the learning environment and education provision Packed with case studies and vignettes from around the globe the book proposes that the international student lies at the heart of the university as a source of cultural capital and intentional diversity enriching the learning experience enhancing staff experience and building a more powerful learning community **International Social Work** Lynne M. Healy, 2008 International Social Work Professional Action in an

Interdependent World is a comprehensive introduction that places social work history practice policy and education within an international perspective **New Trends in Foreign Language Teaching** Raúl Ruiz Cecilia, António Lopes, 2019-01-15

Language teaching approaches methods and procedures are constantly undergoing reassessment New ideas keep emerging as the growing complexity of the means of communication and the opportunities created by technology put language skills to new uses In addition the political social and economic impact of globalisation the new demands of the labour market that result from it the pursuit of competitiveness the challenges of intercultural communication and the diversification of culture have opened new perspectives on the central role that foreign languages have come to play in the development of contemporary societies This book provides an insight into the latest developments in the field and discusses the new trends in foreign language teaching in four major areas namely methods and approaches teacher training innovation in the classroom and evaluation and assessment The Wiley Handbook of Social Studies Research Meghan McGlinn

Manfra, Cheryl Mason Bolick, 2017-03-13 The Wiley Handbook of Social Studies Research is a wide ranging resource on the current state of social studies education This timely work not only reflects on the many recent developments in the field but also explores emerging trends This is the first major reference work on social studies education and research in a decade An in depth look at the current state of social studies education and emerging trends Three sections cover foundations of social

studies research theoretical and methodological frameworks guiding social studies research and current trends and research related to teaching and learning social studies A state of the art guide for both graduate students and established researchers Guided by an advisory board of well respected scholars in social studies education research **Resources in Education** ,1994-08 Building Better Universities Jos Boys,2014-11-13 Building Better Universities provides a wide ranging summary and critical review of the increasing number of groundbreaking initiatives undertaken by universities and colleges around the world It suggests that we have reached a key moment for the higher education sector in which the services location scale ownership and distinctiveness of education are being altered dramatically whether universities and colleges want it or not These shifts are affecting traditional assumptions about both the future shape of higher education institutions and the roles of and relationships between learners teachers researchers managers businesses communities and other stakeholders Building Better Universities aims to bridge the gap between educational ideas about what the university is or should be for and its day to day practices and organisation It roams across strategic operational and institutional issues space planning and building design and technological change in order to bring together issues that are often dealt with separately By analysing the many challenges faced by higher education in the contemporary period and exploring the various ways universities and colleges are responding this powerful book aims to support a step change in debates over the future of higher education and to enable senior managers and faculty to develop more strategic and creative ways of enabling effective twenty first century learning in their own institutions Global Environmental Institutions Elizabeth R. DeSombre,2010-04-05 There has been a concurrent growth in interest in the institutions that deal with global environmental issues A vast number of international organizations address these matters this volume provides an overview of the major global institutions attempting to protect the natural environment It first considers the United Nations Environment Programme and the other entities within the United Nations that play important roles in global environmental governance It then examines institutions clustered by issue area introducing institutions that focus on protecting endangered species and biodiversity those that govern the ocean environment those focusing on the atmosphere and a recent set of institutions that regulate the transboundary movement of hazardous substances It concludes with current debates on financing international environmental action gaining widespread participation by states and the question of whether the institutional structure of global environmental governance can and should be fundamentally reformed The volume as a whole focuses on the underlying causes of global environmental problems the creation of global environmental institutions the effectiveness of action undertaken by these institutions Written by an acknowledged expert in the field Global Environmental Institutions is essential reading for students of environmental politics and international organizations **People Power** Wesley C. Hogan,Paul Ortiz,2021-07-20 Featuring contributions from leading scholar activists People Power demonstrates how the lessons of history can inform the building of new social justice movements today This volume is inspired by the pathbreaking

life and work of writer activist and historian Lawrence Larry Goodwyn As a radical Texas journalist and a political organizer Goodwyn participated in historic changes ushered in by grassroots activism in the 1950s and 60s Professor and cofounder of the Oral History Program at Duke University Goodwyn wrote about movements built by Latino farm workers Polish trade unionists civil rights activists and others who challenged the status quo The essays in this volume examine Goodwyn's influence in political and social movements his approaches to teaching and writing and his insights into the long history behind contemporary activism People Power will generate deep discussions about the potential of democracy amid the multiple crises of our time What motivates ordinary people to move from kitchen table conversations to civic engagement What do the chronicles of past social movements tell us about how to confront the real blocks of racism and the idea that Americans are somehow exceptional Contributors provide key experiential knowledge that will help today's scholars and community organizers address these pressing questions Contributors Donnell Baird Charles C Bolton William Chafe Ernesto Cortés Jr Marsha J Tyson Daring Benj DeMott Scott Ellsworth Faulkner Fox Elise Goldwasser Wade Goodwyn William Greider Jim Hightower Wesley C Hogan Wendy Jacobs Thelma Kithcart Max Krochmal Connie L Lester Adam Lioz Andrew Neather Paul Ortiz Gunther Peck Timothy B Tyson G C Waldrep Lane Windham Peter H Wood
