## **Emergence Of Christian Science In Americ:**

The Emergence of Christian Science in American Religious Life Stephen Gottschalk, 1973-01-01 Christian Science is one of only two indigenous American religions the other being Mormonism Yet to date it has not been examined seriously within the context of the history of American religious ideas and the development of American religious life Mr Gottschalk fills this void with an examination of the root concepts the informing vision and the distinctive mission of Christian Science as these were formulated by its founder Mary Baker Eddy Concentrating on the quarter century preceding the death of Mrs Eddy a period of phenomenal growth for Christian Science the author challenges the conventional academic view of the movement as a clear and detailed account of the rancorous controversies between Christian Science and various mind cure and occult movements with which it is often associated and contends that Christian Science appealed to disenchanted Protestants because of its pragmatic quality a quality that relates it to the mainstream of American culture STEPHEN GOTTSCHALK is Associate Professor of History at the U S Naval Postgraduate School Monterey California

**The Emergence of Christian Science in American Religious Life** Stephen Gottschalk, 2024-07-26 Christian Science is one of only two indigenous American religions the other being Mormonism Yet it has not always been examined seriously within the context of the history of religious ideas and the development of American religious life Stephen Gottschalk fills this void with an examination of Christian Science's root concepts the informing vision and the distinctive mission as formulated by its founder Mary Baker Eddy Concentrating on the quarter century preceding Eddy's death a period of phenomenal growth for Christian Science Gottschalk challenges the conventional academic view of the movement as a fringe sect He finds instead a serious and distinctive though radical religious teaching that began to flower just as orthodox Protestantism began to fade He gives a clear and detailed account of the rancorous controversies between Christian Science and the various mind cure and occult movements with which it is often associated and contends that Christian Science appealed to disenchanted Protestants because of its pragmatic quality a quality that relates it to the mainstream of American culture This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1973

**The Emergence of Christian Science in American Religious Life, 1885-1910** Stephen Gottschalk, 1969 **"And O'er Earth's Troubled, Angry Sea": The History of Christian Science in the United States** Rolf Swensen, 2025-05-21 Christian Science is one of the most unique and controversial of American religions but there has never been a history of this influential metaphysical group best known for its healing through prayer Most attention has previously focused on the church's founder Mary Baker Eddy 1821-1910 This compilation of nine previously published scholarly articles buttressed by additional insight presented in the preface introduction and conclusion should lead to further investigation of this compelling

topic This volume investigates the origins of the Christian Science movement illustrates how Eddy's students mainly women helped its rapid spread through healings how Eddy guided and restrained her students examines some denominational growing pains underscores how The Mother Church in Boston and Eddy's Church Manual evolved recounts dozens of testimonies of healing and shows how local or branch churches operated before and after Eddy's passing Contrary to previous assumptions the new Christian religion was surprisingly diverse with almost one half of the membership coming from the lower middle and working classes This vibrant church ultimately declined due to excessive centralization and insufficient utilization of the membership plus lack of social activities and the rise of medical science Recent efforts to revitalize the movement through embracing communities are continuing And O'er Earth's Troubled Angry Sea The History of Christian Science in the United States will appeal to Christian Scientists kindred spirits in the metaphysical world anyone interested in religion and those who read social history Each chapter is suitable for group discussions and for undergraduate or graduate classes

**"And O'er Earth's Troubled, Angry Sea"** Rolf Swensen, 2025 Christian Science is one of the most unique and controversial of Americans religions but there has never been a history of this influential metaphysical group best known for its healing through prayer Most attention has previously focused on the church's founder Mary Baker Eddy 1821-1910 This compilation of nine previously published scholarly articles buttressed by additional insight presented in the preface introduction and conclusion should lead to further investigation of this compelling topic This volume investigates the origins of the Christian Science movement illustrates how Eddy's students mainly women helped its rapid spread through healings how Eddy guided and restrained her students examines some denominational growing pains underscores how The Mother Church in Boston and Eddy's Church Manual evolved recounts dozens of testimonies of healing and shows how local or branch churches operated before and after Eddy's passing Contrary to previous assumptions the new Christian religion was surprisingly diverse with almost one half of the membership coming from the lower middle and working classes This vibrant church ultimately declined due to excessive centralization and insufficient utilization of the membership plus lack of social activities and the rise of medical science Recent efforts to revitalize the movement through embracing communities are continuing And O'er Earth's Troubled Angry Sea The History of Christian Science in the United States will appeal to Christian Scientists kindred spirits in the metaphysical world anyone interested in religion and those who read social history Each chapter is suitable for group discussions and for undergraduate or graduate classes Provided by publisher

**American Religious History** Gary Scott Smith, 2020-12-07 A mix of thematic essays reference entries and primary source documents covering the role of religion in American history and life from the colonial era to the present Often controversial religion has been an important force in shaping American culture Religious convictions strongly influenced colonial and state governments as well as the United States as a new republic Religious teachings values and practices deeply affected political structures and policies economic ideology and practice educational institutions and instruction social

norms and customs marriage and family life By analyzing religion s interaction with American culture and prominent religious leaders and ideologies this reference helps readers to better understand many fascinating often controversial religious leaders ideas events and topics The work is organized in three volumes devoted to particular periods Volume one includes a chronology highlighting key events related to religion in American history and an introduction that overviews religion in America during the period covered by the volume and roughly 10 essays that explore significant themes These essays are followed by approximately 120 alphabetically arranged reference entries providing objective fundamental information about topics related to religion in America Each volume presents nearly 50 primary source documents each introduced by a contextualizing headnote A selected general bibliography closes volume three

**The Emergence of Christian Science in American Religious Life, 1885-1910** Stephen Gottschalk,1971 **Book History** Ezra

Greenspan,Jonathan Rose,2001-09-13 Book History is the annual journal of the Society for the History of Authorship Reading and Publishing Inc SHARP Book History is devoted to every aspect of the history of the book broadly defined as the history of the creation dissemination and the reception of script and print Book History publishes research on the social economic and cultural history of authorship editing printing the book arts publishing the book trade periodicals newspapers ephemera copyright censorship literary agents libraries literary criticism canon formation literacy literacy education reading habits and reader response

**The Universalist Movement in America, 1770-1880** Ann Lee Bressler,2001-04-19 In this volume Ann Lee Bressler offers the first cultural history of American Universalism and its central teaching the idea that an all good and all powerful God saves all souls Although Universalists have commonly been lumped together with Unitarians as liberal religionists in its origins their movement was in fact quite different from that of the better known religious liberals Unlike Unitarians such as the renowned William Ellery Channing who stressed the obligation of the individual under divine moral sanctions most early American Universalists looked to the omnipotent will of God to redeem all of creation While Channing was socially and intellectually descended from the opponents of Jonathan Edwards Hosea Ballou the foremost theologian of the Universalist movement appropriated Edwards s legacy by emphasizing the power of God s love in the face of human sinfulness and apparent intransigence Espousing what they saw as a fervent but reasonable piety many early Universalists saw their movement as a form of improved Calvinism The story of Universalism from the mid nineteenth century on however was largely one of unsuccessful efforts to maintain this early synthesis of Calvinist and Enlightenment ideals Eventually Bressler argues Universalists were swept up in the tide of American religious individualism and moralism in the late nineteenth century they increasingly extolled moral responsibility and the cultivation of the self By the time of the first Universalist centennial celebration in 1870 the ideals of the early movement were all but moribund Bressler s study illuminates such issues as the relationship between faith and reason in a young fast growing and deeply uncertain country and the fate of the Calvinist heritage in American religious history

**American Countercultures: An Encyclopedia of**

**Nonconformists, Alternative Lifestyles, and Radical Ideas in U.S. History** Gina Misiroglu, 2015-03-26 Counterculture while commonly used to describe youth oriented movements during the 1960s refers to any attempt to challenge or change conventional values and practices or the dominant lifestyles of the day This fascinating three volume set explores these movements in America from colonial times to the present in colorful detail American Countercultures is the first reference work to examine the impact of countercultural movements on American social history It highlights the writings recordings and visual works produced by these movements to educate inspire and incite action in all eras of the nation s history A Z entries provide a wealth of information on personalities places events concepts beliefs groups and practices The set includes numerous illustrations a topic finder primary source documents a bibliography and a filmography and an index

*Alternative Healing in American History* Michael Shally-Jensen, 2019-07-19 This book examines alternative healing practices in American popular culture From traditional folk approaches to more recent developments it discusses the rise and fall of more than 100 popular approaches to addressing both physical ailments and mental health needs Offering insightful accounts of everything from aging prevention to voodoo Santer a Alternative Healing in American History An Encyclopedia from Acupuncture to Yoga situates each popular approach in the history and culture of health and wellness in America Moreover the book shows that orthodox medicine and unconventional approaches may have more in common than many people think because both are subject to the changing nature of the medical understanding and the strength of their appeal to consumers While the main focus is on remedies lying outside the medical mainstream the book also highlights how many widely accepted therapeutic treatments of the past for example the water cure hydrotherapy or lobotomy psychosurgery fell out of favor and were quickly forgotten Besides examining popular healing techniques the book also explores the changing nature of the medical marketplace and how once standard treatments e g leeching psychoanalysis have had their ups and downs The book comprises five chronological sections covering time periods from pre 1900 to the present

*Religious Diversity and American Religious History* Walter H. Conser, Sumner B. Twiss, 1997 The ten essays in this volume explore the vast diversity of religions in the United States from Judaic Catholic and African American to Asian Muslim and Native American traditions Chapters on religion and the South religion and gender indigenous sectarian religious movements and the metaphysical tradition round out the collection The contributors examine the past present and future of American religion first orienting readers to historiographic trends and traditions of interpretation in each area then providing case studies to show their vision of how these areas should be developed Full of provocative insights into the complexity of American religion this volume helps us better understand America s religious history and its future challenges and directions

**The Oxford Companion to United States History** Paul S. Boyer, Melvyn Dubofsky, 2001 In this volume that is as big and as varied as the nation it portrays are over 1 400 entries written by some 900 historians and other scholars illuminating not only America s political diplomatic and military history but also social cultural and intellectual trends science technology

and medicine the arts and religion      *American Feminism and the Birth of New Age Spirituality* Catherine Tumber, 2002  
Based largely on research in popular journals self help manuals newspaper accounts and archival collections *American Feminism and the Birth of New Age Spirituality* demonstrates that the New Age movement first flourished more than a century ago during the Gilded Age under the mantle of New Thought Tumber pays close attention to the ways in which feminism became grafted with varying degrees of success to emergent forms of liberal culture in the late nineteenth century and questions the value of the new age movement then and now to the pursuit of women's rights and democratic renewal Visit our website for sample chapters      [Encyclopedia of Women and Religion in North America: Native American creation stories](#) Rosemary Skinner Keller, Rosemary Radford Ruether, Marie Cantlon, 2006 A fundamental and well illustrated reference collection for anyone interested in the role of women in North American religious life      [CHRISTIAN SCIENCE: Its Encounter With Lesbian/Gay America](#) Bruce Stores, 2004-09-09 Author Bruce Stores has shed light on a hitherto unknown chapter in the annals of Christian Science This is the story of lesbian gay believers Herein is their pursuit for respect and dignity in the Church of Christ Scientist The narrative traces stormy encounters from the days of near total rejection up to the friendlier atmosphere in the 21st century Some events in this real life story are shameful while others are praiseworthy This is a story of perseverance hope and especially healing Anyone who values the triumph of right over wrong and truth over error will find this narrative both compelling and informative      **America Bewitched: The Story of Witchcraft After Salem** Owen Davies, 2013-02-21 *America Bewitched* is the first major history of witchcraft in America from the Salem witch trials of 1692 to the present day The infamous Salem trials are etched into the consciousness of modern America the human toll a reminder of the dangers of intolerance and persecution The refrain Remember Salem was invoked frequently over the ensuing centuries As time passed the trials became a milepost measuring the distance America had progressed from its colonial past its victims now the righteous and their persecutors the shamed Yet the story of witchcraft did not end as the American Enlightenment dawned a new long and chilling chapter was about to begin Witchcraft after Salem was not just a story of fire side tales legends and superstitions it continued to be a matter of life and death souring the American dream for many We know of more people killed as witches between 1692 and the 1950s than were executed before it Witches were part of the story of the decimation of the Native Americans the experience of slavery and emancipation and the immigrant experience they were embedded in the religious and social history of the country Yet the history of American witchcraft between the eighteenth and the twentieth century also tells a less traumatic story one that shows how different cultures interacted and shaped each others languages and beliefs This is therefore much more than the tale of one persecuted community it opens a fascinating window on the fears prejudices hopes and dreams of the American people as their country rose from colony to superpower      *The Cambridge History of American Literature: Volume 3, Prose Writing, 1860-1920* Sacvan Bercovitch, Cyrus R. K. Patell, 1994 Multi volume history of American literature      **The Oxford Encyclopedia of**

**American Cultural and Intellectual History** Joan Shelley Rubin, Scott E. Casper, 2013-03-14 The Oxford Encyclopedia of American Cultural and Intellectual History brings together in one two volume set the record of the nation's values, aspirations, anxieties, and beliefs as expressed in both everyday life and formal bodies of thought. Over the past twenty years, the field of cultural history has moved to the center of American historical studies and has come to encompass the experiences of ordinary citizens in such arenas as reading and religious practice as well as the accomplishments of prominent artists and writers. Some of the most imaginative scholarship in recent years has emerged from this burgeoning field. The scope of the volume reflects that development; the encyclopedia incorporates popular entertainment ranging from minstrel shows to video games, middlebrow ventures like Chautauqua lectures and book clubs, and preoccupations such as Perfectionism and Wellness that have shaped Americans' behavior at various points in their past and that continue to influence attitudes in the present. The volumes also make available recent scholarly insights into the writings of political scientists, philosophers, feminist theorists, social reformers, and other thinkers whose works have furnished the underpinnings of Americans' civic activities and personal concerns. Anyone wishing to understand the hearts and minds of the inhabitants of the United States from the early days of settlement to the twenty-first century will find the encyclopedia invaluable.

[A Religious History of the American People](#) Sydney E. Ahlstrom, 2004-01-01 This classic work, winner of the 1973 National Book Award in Philosophy and Religion and Christianity Today's choice as the Religious Book of the Decade 1979, is now issued with a new chapter by noted religious historian David Hall who carries the story of American religious history forward to the present day. Praise for the earlier edition: An unusual and praiseworthy book. It takes a modern, almost anthropological view of history in which worship is a part of a web of culture along with play, love, dress, and language. B. A. Weisberger, Washington Post Book World. The most detailed, most polished of the works in its tradition. Martin E. Marty, New York Times Book Review. An intellectual delight that one does not so much read as savor. America: The definitive one-volume study by the leading authority. Christianity Today. No one writing or thinking hereafter about America's past will be able to ignore Ahlstrom's magisterial account of the religious element. American Historical Review.

This is likewise one of the factors by obtaining the soft documents of this **Emergence Of Christian Science In Americ** by online. You might not require more epoch to spend to go to the books initiation as capably as search for them. In some cases, you likewise do not discover the publication Emergence Of Christian Science In Americ that you are looking for. It will enormously squander the time.

However below, like you visit this web page, it will be consequently agreed simple to get as with ease as download lead Emergence Of Christian Science In Americ

It will not agree to many era as we explain before. You can do it while perform something else at home and even in your workplace. fittingly easy! So, are you question?
