Imagined Histories Anthony Molho, Gordon S. Wood, 2018-06-05 This collection of essays by twenty one distinguished
American historians reflects on a peculiarly American way of imagining the past At a time when history writing has changed
dramatically the authors discuss the birth and evolution of historiography in this country from its origins in the late
nineteenth century through its present more cosmopolitan character In the book's first part concerning recent historiography
are chapters on exceptionalism gender economic history social theory race and immigration and multiculturalism Authors are
Daniel Rodgers Linda Kerber Naomi Lamoreaux Dorothy Ross Thomas Holt and Philip Gleason The three American centuries
are discussed in the second part with chapters by Gordon Wood George Fredrickson and James Patterson The third part is a
chronological survey of non American histories including that of Western civilization ancient history the middle ages early
modern and modern Europe Russia and Asia Contributors are Eugen Weber Richard Saller Gabrielle Spiegel Anthony Molho
Philip Benedict Richard Kagan Keith Baker Joseph Zizak Volker Berghahn Charles Maier Martin Malia and Carol Gluck
Together these scholars reveal the unique perspective American historians have brought to the past of their own nation as
well as that of the world Formerly writing from a conviction that America had a singular destiny American historians have
gradually come to share viewpoints of historians in other countries about which they write The result is the virtual
disappearance of what was a distinctive American voice That voice is the subject of this book Truth in Publishing Linda
Lawson, 1993 The Newspaper Publicity Act passed in 1912 is still in effect and requires commercial newspapers and
magazines using the preferential second class mail rate to identify their owners and investors and to label advertisements

that resemble news stories or editorials These publications are also required to disclose circulation data along with their ownership statements In part 1 Linda Lawson documents the press s inner workings including its excesses and abuses as it evolved from a collection of small businesses in the mid 1800s to an established commercial institution of the twentieth century Large urban newspapers challenged small rural papers at the same time burgeoning popular magazines and trade journals competed fiercely with every other type of publication for advertisers and readers The regulatory actions brought about by these divisions within the industry are treated in part 2 Greater Gotham Mike Wallace,2017 Volume two of the world famous trilogy on the history of New York Theodore Roosevelt and the Art of American Power William R. Nester,2019-02-28 Theodore Roosevelt is an American icon his face carved in granite alongside those of Washington Jefferson and Lincoln on Mt Rushmore He is the only American awarded both the Medal of Honor and Nobel Peace Prize As president he pushed through a stubborn Congress to breakup corporate monopolies strangling the economy impose health standards on the food and drug industries and conserve America s natural heritage including the Grand Canyon and Redwood forest He was a brilliant diplomat who ended a war between Japan and Russia and prevented a war between Germany and France He engineered independence for the province of Panama from Columbia then signed a treaty with the new country that entitled the United States to build run and defend a Panama canal He crusaded for progressive reforms as a New York assemblyman U S civil service commissioner New York City police commissioner and New York governor He led scientific expeditions across East Africa s savanna and Brazil s rainforest During the war with Spain he raised a cavalry regiment and led his Rough Riders to a decisive victory at San Juan Heights As a Dakota rancher during the frontier s twilight he squared off with outlaws and renegade Indians He was a prolific writer authoring 38 books and hundreds of essays Roosevelt was among the most charismatic presidents Yet although most Americans adored him most Wall Street moguls and political bosses hated him for his reforms He was complex simultaneously peacemaker and warmonger progressive and conservative Machiavellian and Kantian avid hunter and nature lover Roosevelt accomplished all that he did because he mastered the art of American power His motto speak softly and carry a big stick exemplified how he asserted power to defend or enhance American interests Time after time he bested such titans as J P Morgan or Kaiser Wilhelm at the game of power Although he is the subject of dozens of books this is the first to comprehensively explore just how Roosevelt understood massed and wielded power to pursue his vision for an America as the world s most prosperous just and influential nation
