Essence Of Flycasting:

The Essence of Flycasting Mel Krieger,A. J. McClane,Nelson Ishiyama,Ben Blackwell,2001-04-01 Offers advice and instructional tips on the sport of flycasting **The Essence of Flycasting** Mel Krieger,1988-04-01 Flycasting is a skill of almost mythic proportions Yet discussions of casting often bog down in a world of technical minutiae that is almost impenetrable to the beginner Now in The Essence of Flycasting Mel Krieger has created a clear indispensable manual for anglers of all skill levels Through detailed instructions and dozens of precise photographs Krieger dissects this arcane art into understandable and executable steps that take the raw beginner from piles of line on the ground to graceful loops in the air And the seasoned veteran will advance from struggling with 30 foot casts to skillfully double hauling vastly more line across the water Book jacket Fly-Casting Finesse John L. Field,2015-04-21 Fly Casting Finesse reveals expert John L. Field s secrets of fly casting based on modern observation Field s experience as an angler and casting teacher and his collaboration with international members of casting clubs and schools Whether the reader is a salt or freshwater angler Fly Casting Finesse will help the caster increase accuracy and distance as well as hone presentation It runs the gamut from one hand spey techniques to dealing with wind on the flats Although not a complete casting curriculum the purpose of the book is to help anglers learn how to achieve more and know where to get assistance Many of the skills at the highest levels of fly casting require an educated sense of feeling in the rod hand that enables the caster to use finesse and seemingly minimal effort to manipulate the rod and line The book will guide people down the path of acquiring that magical touch According to Field s philosophy readers should first learn all casting styles and techniques to adapt them for any species and location they encounter and secondly they should know the history and purpose of presentation so they can be innovative in the future In applying this book to angling he s not trying to teach the reader how to catch more fish he s trying to help the reader catch the fish he or she wants Skyhorse Publishing is proud to publish a broad range of books for fishermen Our books for anglers include titles that focus on fly fishing bait fishing fly casting spin casting deep sea fishing and surf fishing Our books offer both practical advice on tackle techniques knots and more as well as lyrical prose on fishing for bass trout salmon crappie baitfish catfish and more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home **Fly Fishing Boston: A Complete Saltwater Guide from Rhode Island to Maine** Terry Tessein,2003-02-01 Where and how to fly fish within two or three hours of downtown Boston Terry Tessein a veteran of a lifetime of fishing the New England coastline shares those years of experience in the first detailed guidebook to the multitude of fly fishing possibilities within easy reach of downtown Boston From the shores of Rhode Island to the coastline of southern Maine Tessein will guide the reader on where to go when to go to find particular species and what flies and tactics to use at each venue Fly Fishing Boston covers both well known areas like the Joppa Flats of Newburyport as well as

the relatively unknown and underfished areas along this stretch In addition Tessein explains such important coastal fishing information as tides and how they affect the movement of fish Finally Fly Fishing Boston is detailed enough to provide even regional fly patterns unique to specific zones It will be a book to both read in the off season and to pack in the tackle bag when heading out for a day of fishing
