Essential Colin Wilson:

The Ultimate Colin Wilson Colin Stanley, Colin Wilson, 2019-05-14 The best of Colin Wilson in one fantastic volume. Containing extracts from Wilson's work on existentialism, criminology, psychology, and the occult, this is an invaluable introduction to one of the late twentieth century's most incisive thinkers. This is a new edition of the classic Colin Wilson collection *The Essential Colin Wilson*, first published in 1985, updated and introduced by Wilson's bibliographer Colin Stanley. It is the only book to contain extracts from Colin Wilson's most important work in one volume, including *The Outsider* 1956, *A Criminal History of Mankind* 1983, *The New Existentialism* 1966, *The Occult* 1971, *New Pathways in Psychology* 1972, and *Mysteries* 1978, as well as three of his novels and many other texts. Subjects covered include existentialism, criminology, psychology, consciousness studies, the occult, and much more. This second edition includes all of the original volume plus six essential post-1985 essays and chapters chosen by Stanley and other Colin Wilson experts, including Gary Lachman. These essays provide a much-needed update covering aspects of Wilson's work from the 28 years that followed the publication of the first edition to his death in December 2013. This is an invaluable introduction for those approaching one of the late twentieth century's most incisive thinkers for the first time, and also a timely reminder to Colin Wilson's many fans and scholars worldwide of a unique and challenging body of work.

Proceedings of the First International Colin Wilson Conference Colin Stanley, 2017-05-11 When the archive of the English philosopher and polymath Colin Wilson 1931-2013 was opened at the University of Nottingham UK in the summer of 2011, it was agreed among those present that a Conference should be arranged there to discuss his work. 2016 was mooted as an appropriate date, coinciding with the sixtieth anniversary of the publication of his first and still most famous book *The Outsider*, a book that has remained in print since publication day in May 1956 and now been translated into well over 30 languages. This volume contains the transcripts of the papers presented at that inaugural one-day conference on July 1, 2016. Experts, scholars, and fans from around the globe gathered to hear and present papers on a variety of Wilson-related topics, ranging from Existentialism to the Occult, from H.P. Lovecraft to Jack the Ripper, and from Science Fiction to Transcendental Evolution.

Colin Wilson, a Celebration Colin Stanley,1988

An Evolutionary Leap Colin Stanley,2018-03-26 When the existential philosopher Colin Wilson died in December 2013 it was suggested by one perceptive obituary writer that despite the seemingly diverse subject matter of his books his true legacy lay in the field of Consciousness Studies This is particularly apparent when studying his many essays and books on psychology and taking into consideration his close association with the celebrated American psychologist Abraham Maslow whose concept of Peak Experiences PEs became for Wilson an important link to experiencing enhanced consciousness Maslow however felt that PEs could not be induced at will Wilson thought otherwise and through his work sought to encourage his readers and students to live more vital and appreciative lives thereby paving the way toward an evolutionary leap for mankind in consciousness indeed a change in consciousness that would potentially change everything In this study Colin Stanley Wilson s bibliographer and author of Colin Wilson s Outsider Cycle A Guide for Students and Colin Wilson s Occult Trilogy A Guide for Students provides an illuminating essay on each of Wilson s nine major books on psychology
