**A Commentary on the Holy Scriptures: Psalms** Johann Peter Lange,1900 Calvin's Complete Commentary on the Bible Calvin, John, All 46 of the original volumes are included in this one volume There are two linked indexes in this volume a main index at the front of this volume that will take you to the beginning each of the books of the bible and another index at the beginning of each book there is a linked scripture index leading to the particular subject John Calvin is considered as the first truly great scholar of the Reformation Indeed he has even been seen by some to be one of history s greatest Christian biblical scholars He had an incredible command of the Bible and his interpretations were not based on just one or two passages He combined pastoral insight with solid exegesis to form a strong interpretation of the scriptures However some of his views on the prophetic interpretation such as in the book of Daniel are controversial He put forth a purist view and believed that the prophecies in the book of Daniel applied solely to the history between the time of the prophet Daniel 530 BC and Jesus first coming 30 AD Nevertheless John Calvin was a force to be reckoned with and is considered to have a unique insight which enabled him to find the true meaning of the Bible Dutch theologian Jacobus Arminius after whom the anti Calvinistic movement Arminianism was named states that Next to the study of the Scriptures which I earnestly inculcate I exhort my pupils to peruse Calvin s Commentaries which I extol in loftier terms than Helmich himself a Dutch divine 1551 1608 for I affirm that he excels beyond comparison in the interpretation of Scripture and that his commentaries ought to be more highly valued than all that is handed down to us by the library of the fathers so that I acknowledge him to have possessed above most others or rather above all other men what may be called an eminent spirit of prophecy His Institutes ought to be studied after the Heidelberg Catechism as containing a fuller explanation but with discrimination like the writings of all men During his life Calvin produced commentaries on 48 books of the Bible a total of 45 published volumes He intended to put out a complete commentary of the Bible but his death prevented this The books of Judges Ruth 1 2 Samuel 1 2 Kings 1 2 Chronicles Ezra Nehemiah Esther Job Proverbs Ecclesiastes Song of

Solomon 2 3 John and Revelation were unfortunately not completed He did however write a two volume commentary of the Harmony of the Gospels Matthew Mark and Luke as well as a separate commentary for the gospel of John Likewise he also wrote a two volume series on the Harmony of the Law Exodus Leviticus Numbers and Deuteronomy Calvin s own exegesis of the original text allowed him to bring out a unique and pleasing interpretation He begins each section of scripture with his own translation of the text and then further expounds upon it point by point making it an excellent resource for ministers and teachers alike After more than 400 years Calvin s commentaries are still a relevant and essential tool for Christians

**Commentary on the Holy Scriptures** John Peter Lange,1867 *The Soteriological Use of Call by Paul and Luke* Ian Hussey,2018-07-12 The congruence of the theology of Paul and Luke is a matter of debate In particular according to many scholars the soteriologies of Paul and Luke are divergent This volume argues that the usage of language by both Paul and Luke suggests that it may be a common element in their soteriologies The author demonstrates that language is an important concept in the soteriologies of Luke and Paul and that although there are contrasts there are a number of points of comparison Crucial to this common understanding is the association of language with the OT covenants election covenant meals and an expectation of the eschatological banquet As a result of this prominent and consistent usage by Paul and Luke the language of deserves a higher place in the Christian understanding of salvation This has implications for Christian life and practice *A Commentary on the Holy Scriptures: Critical, Doctrinal, and Homiletical* Johann Peter Lange,1867 A

Commentary on the Holy Scriptures Johann Peter Lange,1867 *"Those Who Call Themselves Jews"* Philip L. Mayo,2006-08-01 The nature of Jewish Christian relations at the end of the first century has been a subject of serious study and considerable debate The time between 70 and 150 CE is held to be a volatile time in that Jewish Christian relations were quickly although not uniformly deteriorating This is a time referred to as the partings of the ways when the church was emerging as a religion apart from Judaism Although it has often been neglected in this study of particular interest is the Apocalypse of John since it was written in this dark and turbulent time in Jewish Christian relations John who is a Jewish Christian is writing to what are likely predominantly Gentile churches At first he appears to deny the very name Jew to his ethnic kin while accusing them of belonging to Satan 2 9 3 9 Nevertheless he does not abandon his own Jewish background and theology He makes broad use of the Hebrew Scriptures and Jewish cultic imagery while maintaining a Christian understanding that Jesus is the fulfillment of God s redemptive plan What is of particular interest is how he adopts and adapts this imagery and language and applies it to the church It is John s mix of Jewish imagery with a Christian message that may provide some insight into his perspective on the relationship between these two increasingly polarized sects What exactly this perspective is constitutes the subject of the present discussion Salvific Intentionality in 1 Corinthians Scott Goode,2023-07-06 There are few matters more important than God s mission in the world This book offers a fresh contribution to a long standing debate in Pauline and missional studies regarding the apparent absence of a missionary

mandate for the churches of the New Testament Through a literary and socio rhetorical study of 1 Corinthians and in conversation with the emerging discipline of social identity theory this book invites the reader to consider how Paul s missional expectations may have been received and put into practice in first century Corinth by the first readers Along the way some new lines of inquiry are opened for certain texts which have remained for a long time in a state of scholarly stalemate But these technical discussions give way to a larger goal to offer a missiology in action in all its Corinthian complexity Could such an approach inform a robust missional identity for the church of today As the Western church searches for a new self understanding in an increasingly post Christian culture the intention of this book is to cultivate the missional imagination of contemporary believers for their ongoing participation in God s mission in the world

**Calvin and His Influence, 1509-2009** Irena Backus, Philip Benedict, 2011-09-08 This volume collects papers initially written as the plenary addresses for the largest international scholarly conference held in connection with the 500th anniversary of Calvin s birth organized in Geneva by the Institute of Reformation History The organizers chose as theme for the conference Calvin and His Influence 1509 2009 hoping to stimulate reflection about what Calvin s ideas and example have meant across the five centuries since his lifetime as well as about how much validity the classic interpretations that have linked his legacy to fundamental features of modernity such as democracy capitalism or science still retain
