Fabian In Egypt:

Mamluks in the Modern Egyptian Mind Il Kwang Sung, 2016-11-25 This book explores how modern Egyptians understand the Mamluks and reveals the ways in which that historical memory is utilized for political and ideological purposes It specifically examines the representations of the Mamluks from two historical periods the Mamluk Sultanate era 1250 1517 and the Mamluks under the Ottoman era 1517 1811 focusing mostly on the years 1760 1811 Although the Mamluks have had a great impact on the Egyptian collective memory and modern thought the subject to date has hardly been researched seriously with most analyses given to stereotypical negative representations of the Mamluks in historical works However many Egyptian historians and intellectuals presented the Mamluk era positively and even symbolized the Sultans as national icons This book sheds light on the heretofore neglected positive dimensions of the multifaceted representations of the Mamluks and addresses the ways in which modern Egyptians utilize that collective memory

A Fabian in Egypt Vernon Egger, 1986-06-04 The first book length analysis of Salamah Musa 1889 1958 who provoked and astounded Egypt for decades with his trenchant criticism of the nation s social order The book demonstrates

that underlying Musa's ideas was his advocacy of the interests of an emerging technical and administrative elite which attempted to carve a niche for itself in Egypt's agrarian society

A Brief History of Egypt Arthur Goldschmidt, 2008
Chronicles the history of Egyptian politics economics social and cultural developments from ancient times to the present

Modern Egypt Arthur Goldschmidt Jr, 2018-05-04 This second edition of scholar Arthur Goldschmidt presents a concise survey of Egyptian history since the mid eighteenth century It focuses on Egypt's evolution as a nation state dispelling common misconceptions about Egypt's modern history Professor Goldschmidt calls upon recent Egyptian and Western scholarship to document pivotal points such as the 1952 revolution and to illuminate controversies such as those surrounding Sadat's role in the 1973 war with Israel Modern Egypt is anecdotal as well as authoritative covering social history religion politics economics military history geography and even the psychology of selected leaders Faruq's impotence Nasir's paranoia and Sadat's glamour are all presented as they relate to policy motivations and outcomes Modern Egypt paves the way to a clear understanding of events leading up to the Camp David accords of 1978 and then points beyond them to the emergent Muslim opposition Sadat's assassination and Mubarak's regime This book is directed to students journalists diplomats foreign visitors and long term residents and businesspeople who need to be familiar with Egypt its role in Middle East affairs and its involvement with the nations of the world

Egypt's Liberal Experiment: 1922 - 1936 Afaf Lutfi Al-Sayyid-Marsot, 2023-11-15 Egypt's Liberal Experiment 1922-1936 invites readers to delve into Egypt's transitional years when it grappled with the influences of colonial rule nationalism and burgeoning self governance With the sensitivity of an insider and the rigor of a historian the author offers a nuanced portrayal of the forces that shaped Egypt's experiment with liberal democracy Echoing geneticists and psychologists who posit that individuals and societies inherit and carry collective memories this work suggests that Egyptian political culture is rooted in a deep seated historical consciousness The book traces the continuity of Egypt's struggles aspirations and the resilience of its people through centuries of foreign domination Here the desire for national autonomy was not a departure but an expression of Egypt's long standing ethos revealing a collective memory of resistance and survival that binds Egyptian identity and differentiates it from other nations Rather than seeing the modern Egyptian state as a break from its past Egypt's Liberal Experiment contextualizes the 1922-1936 period as a phase within an unbroken historical lineage Despite the swift pace of 20th century change this period was characterized by both progress and enduring challenges industrialization educational reforms and social shifts interwove with political instability and external control The author highlights the period's socio political forces that although constrained by British influence and monarchical power fostered a budding sense of Egyptian self determination This complex legacy laid the groundwork for future developments bridging traditional values with the emerging ideals of modern nationhood and making this book essential for understanding Egypt's unique path toward political autonomy and national identity This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate

the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1977 *Egypt From Independence to Revolution, 1919-1952* Selma Botman,1991-10-01 This text offers an interpretation of Egypt s so called liberal era and an understanding of contemporary Egyptian society It analyses both mainstream and conventional political and social forces and political activism among people from widely differing backgrounds *The Egyptian Labor Corps* Kyle J. Anderson,2021-12-14 During World War I the British Empire enlisted half a million young men predominantly from the countryside of Egypt in the Egyptian Labor Corps ELC and put them to work handling military logistics in Europe and the Middle East British authorities reneged on their promise not to draw Egyptians into the war and as Kyle Anderson shows the ELC was seen by many in Egypt as a form of slavery The Egyptian Labor Corps tells the forgotten story of these young men culminating in the essential part they came to play in the 1919 Egyptian Revolution Combining sources from archives in four countries Anderson explores Britain s role in Egypt during this period and how the ELC came to be as well as the experiences and hardships these men endured As he examines the ways they coped through music theater drugs religion strikes and mutiny he illustrates how Egyptian nationalists seeing their countrymen in a state akin to slavery began to grasp that they had been racialized as people of color Documenting the history of the ELC and its work during the First World War The Egyptian Labor Corps also provides a fascinating reinterpretation of the 1919 revolution through the lens of critical race theory Historians, State and Politics in Twentieth Century Egypt Anthony Gorman,2012-11-12 This book deals with the relationship between historical scholarship and politics in twentieth century Egypt It examines the changing roles of the academic historian the university system the state and non academic scholarship and the tension between them in contesting the modern history of Egypt In a detailed discussion of the literature the study analyzes the political nature of competing interpretations and uses the examples of Copts and resident foreigners to demonstrate the dissonant challenges to the national discourse that testify to its limitations deficiencies and silences

Re-envisioning Egypt 1919-1952 Arthur Goldschmidt,Amy J. Johnson,Barak A. Salmoni,2005 *Re Envisioning Egypt 1919 1952* presents new and often dismissed aspects of the constitutional monarchy era in Egyptian history It demonstrates that many of the domestic and regional sociopolitical and cultural changes credited to the 1952 revolutionaries actually began in the decades before the July coup Arguing against the predominant view of the pre revolutionary era in Egypt as one of creeping decay the volume restores understandings of the 1919 1952 years as integral to modern nation state formation and social transformation The book s contributors show that Egypt s real revolutions were long term processes emerging over several decades prior to 1952 The leaders of the 1952 coup capitalized on these developments yet earlier changes in Egyptian society fundamentally facilitated their actions and policies This volume includes revisionist discussion of domestic political issues and foreign policy the military education social reform and class as well as popular media art and literature

By introducing new approaches to these under appreciated categories of analysis through exploration of untapped sources and by re examining the political context of the time Re Envisioning Egypt 1919 1952 proposes innovative methodologies for understanding this crucial period in Egyptian history casting these years as fundamental to the country s twentieth century trajectory Contributors Tewfik Aclimandos Malak Badrawi Andrew Flibbert Nancy Gallagher Arthur Goldschmidt Mervat Hatem Misako Ikeda Amy J Johnson Anne Claire Kerboeuf Samia Kholoussi Hanan Kholoussy Fred Lawson Shaun T Lopez Scott David McIntosh Roger Owen Lucie Ryzova Barak A Salmoni James Whidden Caroline Williams **Historical**

Egypt M. W. Daly,Carl F. Petry,1998-12-10 The Cambridge History of Egypt offers the first comprehensive English language treatment of Egyptian history through thirteen centuries from the Arab conquest to the present day The two volume survey considers the political socio economic and cultural history of the world s oldest state summarizing the debates and providing insight into current controversies As today s Egypt reclaims a leading role in the Islamic Arab and Afro Asian worlds the project stands as testimony to its complex and vibrant past Volume 2 traces Egypt s modern history from the Ottoman conquest to the end of the twentieth century A wide range of scholars from the humanities and social sciences have been brought together to explore the history of the period Their conclusions reflect the work of traditional scholarship and also indicate present trends and future directions in historical writing in Egypt **Arab Responses to Fascism and Nazism**

Israel Gershoni,2014-07-15 The first book to present an analysis of Arab response to fascism and Nazism from the perspectives of both individual countries and the Arab world at large this collection problematizes and ultimately deconstructs the established narratives that assume most Arabs supported fascism and Nazism leading up to and during World War II Using new source materials taken largely from Arab memoirs archives and print media the articles reexamine Egyptian Syrian Lebanese Palestinian and Iraqi responses in the 1930s and throughout the war While acknowledging the individuals forces and organizations that did support and collaborate with Nazi Germany and fascist Italy Arab Responses to

Fascism and Nazism focuses on the many other Arab voices that identified with Britain and France and with the Allied cause during the war. The authors argue that many groups within Arab societies, elites and non elites, governing forces and civilians rejected Nazism and fascism as totalitarian, racist and most important as new, more oppressive forms of European imperialism. The essays in this volume argue that in contrast to prevailing beliefs that Arabs were de facto supporters of Italy and Germany since the enemy of my enemy is my friend, mainstream Arab forces and currents opposed the Axis powers and supported the Allies during the war. They played a significant role in the battles for control over the Middle East.

Conflicted Antiquities Elliott Colla, 2008-01-11 A cultural history of European and Egyptian interest in ancient Egypt and its material culture from the early nineteenth century until the mid twentieth century. **Routledge Handbook on Contemporary Egypt** Robert Springborg, Amr Adly, Anthony Gorman, Tamir Moustafa, Aisha Saad, Naomi Sakr, Sarah Smierciak, 2021-03-30 Investigating key features of contemporary Egypt, this volume includes Egypt's modern history, politics, economics, the legal system, environment and its media and modes of cultural expression. It examines Egypt's capacities to meet developmental challenges ranging from responding to globalization and regional competition to generating sufficient economic growth and political inclusion to accommodate the interests and demands of a rapidly growing population. The macrohistory of Egypt is complemented by the microhistories of specific institutions and processes that constitute separate sections in this handbook. The chapters revolve around political economy, it is shaped by the people and their abilities, political and legal institutions, organization of the economy, natural and built environments and culture and communication. Politics has been overwhelmingly authoritarian and coercive since the military seized power in 1952; consequently, the contributions address both the causes and consequences of unbalanced civil-military relations, military rule and persisting authoritarianism in the political society. This multidisciplinary handbook serves a dual purpose of introducing readers to Egypt's history and contemporary political economy and as a comprehensive key resource for postgraduate students and academics interested in modern Egypt. *The Great Social Laboratory* Omnia El Shakry, 2007-10-29 This book charts the development of the social sciences, anthropology, human geography and demography in colonial and postcolonial Egypt, exploring the broader significance of knowledge production and its relationship to colonialist and nationalist ideologies. *Utopianism in the Middle East and North Africa* Thomas Pierret, Simon Wolfgang Fuchs, 2025-03-31 This is the first systematic exploration of the diversity of utopian thought and practice in the modern Middle East and North Africa. Beyond intellectual debates, utopianism has infused the many ideologies that have shaped contentious politics and governance in the region, from state formation to revolutionary transformations, conflicts and the recent authoritarian resurgence. Drawing on case studies from Egypt, Turkey, Iran, Syria, Tunisia and Saudi Arabia, contributors address a broad array of utopian visions pertaining to political ideologies such as liberalism, secularism, Islamic revivalism and socialism, but also to fields of expertise and technologies such as urbanism, the atom and artificial intelligence. Likewise, they acknowledge the diversity of players that partake in the

production of utopias including writers ideologues activists statesmen experts artists and social media users Moreover authors consider both imaginaries promoted by challengers to the incumbents and visions that serve the consolidation of authoritarianism

Dividing the Nile David E. Mills, 2014-12-01 Most scholarship has attributed Sudanese independence in 1956 to British dominance of the Condominium historical animosity toward Egypt or the emergence of Sudanese nationalism Dividing the Nile counters that Egyptian entrepreneurs failed to develop a united economy or shared economic interests guaranteeing Egypt's loss of the Sudan It argues that British dominance of the Condominium may have stymied initial Egyptian efforts but that after the First World War Egypt became increasingly interested in and capable of economic ventures in the Sudan However early Egyptian financial assistance and the seemingly successful resolution of Nile waters disputes actually divided the regions while later concerted efforts to promote commerce and acquire Sudanese lands failed dismally Egyptian nationalists simply missed opportunities of aligning their economic future with that of their Sudanese brethren resulting in a divided Nile valley Dividing the Nile will appeal to historians social scientists and international relations theorists among those interested in Nile valley developments but its focused economic analysis will also contribute to broader scholarship on nationalism and nationalist theory

Modernity in Islamic Tradition Florian Zemmin, 2018-07-23 What does it mean to be modern This study regards the concept of society as foundational to modern self understanding Identifying Arabic conceptualizations of society in the journal al Manar the mouthpiece of Islamic reformism the author shows how modernity was articulated from within an Islamic discursive tradition The fact that the classical term umma was a principal term used to conceptualize modern society suggests the convergence of discursive traditions in modernity rather than a mere diffusion of European concepts

Reading Darwin in Arabic, 1860-1950 Marwa Elshakry, 2014-01-06 In *Reading Darwin in Arabic* Marwa Elshakry questions current ideas about Islam science and secularism by exploring the ways in which Darwin was read in Arabic from the late 1860s to the mid twentieth century Borrowing from translation and reading studies and weaving together the history of science with intellectual history she explores Darwin's global appeal from the perspective of several generations of Arabic readers and shows how Darwin's writings helped alter the social and epistemological landscape of the Arab learned classes Providing a close textual political and institutional analysis of the tremendous interest in Darwin's ideas and other works on evolution Elshakry shows how in an age of massive regional and international political upheaval these readings were suffused with the anxieties of empire and civilizational decline The politics of evolution infiltrated Arabic discussions of pedagogy progress and the very sense of history They also led to a literary and conceptual transformation of notions of science and religion themselves Darwin thus became a vehicle for discussing scriptural exegesis the conditions of belief and cosmological views more broadly The book also acquaints readers with Muslim and Christian intellectuals bureaucrats and theologians and concludes by exploring Darwin's waning influence on public and intellectual life in the Arab world after World War I *Reading Darwin in Arabic* is an engaging and powerfully

argued reconceptualization of the intellectual and political history of the Middle East
