Life Matters Colin Murray, 2023-09-12 In his late fifties and having one eye on a well earned retirement Colin Murray a full time decorator and Church pastor in North East Scotland received the bombshell news he was suffering from Motor Neurone Disease From the sheer panic of his first night following his MND diagnosis Colin confronts the brutal merciless muscle wasting disease head on with prayer and positivity Accepting his diagnosis he continues to fight his prognosis with positivity and prayer In Life Matters Colin reminds us that we should never minimise or over spiritualise anyone's struggle with pain and that secular groups are more compassionate empathetic and Christlike than Christians with questionable doctrine While many question their faith and recoil with fear in the face of a terminal diagnosis Colin remains a persevering shining light to many during his declining health and an ever increasing loss of mobility This book is testimony that hope is real Spirit life is real and in Gods strength is made perfect in weakness As a Church pastor Colin realises that his life now is his greatest sermon It is clear reading this powerful book that Colin is no whitewashed tomb He is alive in Christ already a possessor of the life of the age to come Although outwardly wasting away Colin is being inwardly renewed daily This is a must read for anyone battling a serious illness

BOOK JACKET **The Color of Together** Milton Brasher-Cunningham, 2020-10-13 We lose our vocabulary for gratitude when fear becomes our common vernacular We lose the words that matter most and as a result we lose part of our humanity From The Color of Together Milton Brasher Cunningham has written a book that speaks to one of the greatest challenges facing us today How do we live together when so much seems bent on driving us apart The chance we have to find

strains of grace and hope and love even gratitude Milton writes comes in solidarity and the sharing of our stories not in the measuring of them one against the other When his father died Milton learned that grief was a primary color of life That truth is as old as the human story but was new to him The Color of Together explores the metaphor more fully looking at the primary colors of life which he names as grief grace and gratitude and then expanding the palette to describe some of the other hues that make us human Where grace matters most is in the daily details the quotidian encounters where we have a chance to step into the contagion that ripples through the grief of our lives where we
