Action series is a streamlined fun filled course in English that immediately gets students speaking reading and writing in the language More than just grammar books this super popular series ACTIVELY prepares students for success in English outside of class **Revisiting Language Learning Resources** Carlos Perrián Pascual,2009-03-26 Human and material

resources are two key elements that make up the language learning process Regarding material resources nowadays new technologies can be said to play a leading role in most language learning environments However we cannot forget that these relatively new tools still coexist with more traditional ones which are still widely used in the foreign language classroom On the other hand the progressive emergence of new human roles in language learning means that human resources have also become a key medium through which the learner accesses knowledge and practice towards language acquisition There is an obvious need to carry out research on these resources in order to assess their potential for an optimum learning experience This book tries to meet such needs offering the research work that different authors have carried out in this field

The book under review consists of two monographs on geometric aspects of group theory Together these two articles form a
wide ranging survey of combinatorial group theory with emphasis very much on the geometric roots of the subject This will
be a useful reference work for the expert as well as providing an overview of the subject for the outsider or novice Many
different topics are described and explored with the main results presented but not proved This allows the interested reader
to get the flavour of these topics without becoming bogged down in detail Both articles give comprehensive bibliographies so
that it is possible to use this book as the starting point for a more detailed study of a particular topic of interest Bulletin of
