Grammar Of Basque:

A Grammar of Basque José Ignacio Hualde, Jon Ortiz de Urbina, 2011-06-03 The series builds an extensive collection of high quality descriptions of languages around the world Each volume offers a comprehensive grammatical description of a single language together with fully analyzed sample texts and if appropriate a word list and other relevant information which is available on the language in question There are no restrictions as to language family or area and although special attention is paid to hitherto undescribed languages new and valuable treatments of better known languages are also included No theoretical model is imposed on the authors the only criterion is a high standard of scientific quality To discuss your book idea or submit a proposal please contact Birgit Sievert **Outlines of Basque Grammar** Willem J. Eys, 1883

Parameters in the grammar of Basque Jon Ortiz de Urbina, 2019-11-18 No detailed description available for Parameters in the grammar of Basque **Prolegomena to a Grammar of Basque** Terence H. Wilbur, 1979-01-01 The purpose of this study is to apply experimentally the principles of recent grammatical theories to the facts of the Basque language This study aims to test out those principles and endeavours to discover the best form for a grammar of Basque

Microparameters in the Grammar of Basque Beatriz Fernández, Jon Ortiz de Urbina, 2016-09-09 This book is an endeavor to present and analyze some standard topics in the grammar of Basque from a micro comparative perspective From case and agreement to word order and the left periphery and including an incursion into determiners the book combines fine grained theoretical analyses with empirically detailed descriptions Working from a micro parametric perspective the contributions to the volume address in depth some of the exuberant variation attested in the different dialects and subdialects of Basque At the same time although the contributions focus mainly on Basque data cross linguistic evidence is also presented and discussed After all the goal pursued in this book is to attempt to explain variation in Basque as a particular instantiation of variation in human language at large The volume presents and analyzes a wide range of empirical phenomena many typologically marked among European languages and will therefore be a welcome resource to linguists looking for detailed description and or theoretical discussion **Some Parameters in the Grammar of Basque** Jon Ortiz de Urbina, 1986
