Stars and Shadows Saladin Ambar, 2022-05-02 A sweeping look into interracial friendship s significance in American democracy from the founding to the present The oppression of Blacks is America s original sin a sin that took root in 1619 and plagues the country to this day Yet there have been instances of interracial bonding and friendship even in the worst of times In Stars and Shadows a term taken from Huckleberry Finn Saladin Ambar analyzes two centuries of noteworthy interracial friendships that served as windows into the state of race relations in the US and more often than not as models for advancing the cause of racial equality Stars and Shadows is the first work in American political history to offer a comprehensive overview of how friendship has come to shape the possibilities for democratic politics in America Covering ten cases from Benjamin Banneker and Thomas Jefferson s ill fated effort to navigate the limits imposed on democracy by slavery and white supremacy to the more hopeful stories of James Baldwin and Marlon Brando as well as Angela Davis and Gloria Steinem Ambar s study illuminates how friendship is critical to understanding the potential for multiracial democracy Political leaders and cultural figures are frequently involved in translating private feelings relationships and ideas into a public ideal Friendships and their meaning are therefore a significant part of any effort to shape public or elite opinion The symbolism inherent in interracial friendship has always been readily apparent down to the powerful example of Barack Obama and Joe Biden who were not only allied politicians but most importantly friends Ambar weaves a set of interlocking stories that help create a working theory of multiracial democracy that demands more of us as citizens a commitment to engage one another and to engage our past with even greater courage and trust Such gestures are a vital part of the story of how race and America have been shaped Stars and Shadows helps explain America s enduring difficulty in making friends of citizens across the color line and why the narrative of racial friendship matters
