part of an emerging transnational youth culture whose political impact was heavily conditioned by the Cold War As well as this the book analyses Elvis s stint as G I soldier in West Germany where he acted as an informal ambassador for the so called American way of life and was turned into a deeply patriotic figure almost overnight Yet it also suggests that Elvis s increasingly synonymous identity with U S culture ultimately proved to be a double edged sword as the excesses of his superstardom and personal decline seemingly vindicated long held stereotypes about the allegedly materialistic nature of U S society Tracing Elvis s story from his unlikely rise in the 1950s right up to his tragic death in August 1977 this book offers a riveting account of changing U S identities during the Cold War shedding fresh light on the powerful role of popular music and consumerism in shaping images of the United States during the cultural struggle between East and West AB Bookman's Weekly ,1999 The Conductor of Illusions Metin Arditi,2014 Alexis Kandilis has overcome a traumatic childhood to become a world famous conductor and composer but his hold on reality is threatened when his is faced with exposure and rejection , **Can This Day Get Any Worse** Wild Pages Press,2018-12-15 This product is a Composition Book Large Size 8 5 x 11 Ruled 150 Pages Softcover Wild Pages Press are creators of unique notebooks and journals If there is a particular notebook or journal subject you are after we can make it for you to order and list it for sale on amazon We have a huge range of designs currently available more than 16 000 available on a huge range of subjects Simply search Wild Pages Press and the subject you are after for example Wild Pages Press Butterflies and you will see heaps of amazing butterfly notebooks journals composition books and more Perfectly spaced between lines to allow plenty of room to write Wild Pages Press are publishers of unique notebooks journals school exercise books college or university lecture pads memo books and travel journals that are a little bit quirky and different Stunning covers sturdy for everyday use Great quality we offer thousands of different designs to choose from Our quality products make amazing gifts perfect for any special occasion or for a bit of luxury for everyday use Our products are so versatile they come in a wide range be it the perfect notebook travel companion or a stylish lecture pad for college or university cool composition book for school comprehensive notebook for work or as a journal the perfect family heirloom to be treasured for years to come Our quality products are made in the USA and competitively priced so they can be enjoyed by everyone Rock & Roll in Kennedy's America Richard Aquila,2022-11-29 The author tells an unconventional history of rock roll in the early 1960s one that argues that Buddy Holly s death in 1959 was not the day the music died that teenagers of the early 1960s were not as rebellious as we d like to believe and that the consensus politics and Cold War culture of this era were much broader based than we usually assume

Rodman, 2013-10-18 For a dead man Elvis Presley is awfully noisy His body may have failed him in 1977 but today his

spirit his image and his myths do more than live on they flourish they thrive they multiply Why is Elvis Presley so ubiquitous a presence in US culture Why does he continue to enjoy a cultural prominence that would be the envy of the most heavily publicized living celebrities In *Elvis* after Elvis Gil Rodman traces the myriad manifestations of The King in popular and not so popular culture He asks why Elvis continues to defy our expectations of how dead stars are supposed to behave Elvis not only refuses to go away he keeps showing up in places where he seemingly doesn't belong Rodman draws upon an extensive and eclectic body of Elvis sightings from Elvis's appearances at the heart of the 1992 Presidential campaign to the debate over his worthiness as a subject for a postage stamp and from Elvis's central role in furious debates about racism and the appropriation of African American music to the world of Elvis impersonators and the importance of Graceland as a place of pilgrimage for Elvis fans and followers Rodman shows how Elvis has become inseparable from many of the defining myths of US culture enmeshed with the American dream and the very idea of the United States caught up in debates about race gender and sexuality and in the wars over what constitutes a national culture
