## **Essays On Marx's Theory Of Value:**

*Essays on Marx's Theory of Value* Isaak Ilyich Rubin, 2020-10-22 Isaak Ilyich Rubin 1886 1937 was a Soviet economist who participated in the Russian Revolution and was a researcher at the Marx Engels Institute Though his ideas were suppressed by the Soviet Union and he was eventually killed after being accused of Trotskyism his ideas have since been rehabilitated within modern Marxism *Essays on Marx's Theory of Value* 1924 emphasizes the importance of Marx's theory of commodity fetishism within the labor theory of value It also argues that Marx's mature economic work represented the culmination of his lifetime project to understand how human creative power is shaped by social structures He also discusses commodity production as a mere theoretical abstraction that only explains one aspect of a developed capitalist economy The concept of value as understood by Rubin cannot exist without the other elements of a full blown capitalist economy money capital the existence of a proletariat and so on This Radical Reprint by Pattern Books is made to be accessible and as close to only manufacturing cost as possible

*Essays on Marx's Theory of Value* Isaak Il'ich Rubin, 1973 Political economy defined in the study of social relations and culture Originally published in the former Soviet Union was suppressed and after 1928 it was never re issued This is the first English language edition Includes an outstanding introductory essay on Commodity Fetishism by Freddy Perlman

**Essays on Marx's Theory of Value** Isaak Ilyich Rubin, 2025-02-20 This book is an English translation of *Essays on Marx's Theory of Value* first published by Isaak Illich Rubin in 1923 in the Soviet Union Rubin's book sparked a fierce value controversy with contemporary Soviet economists during the late 1920s As such the present translation is conceived as a variorum edition including for the first time in English all the essential supplementary materials related to this foundational work in Marx's value theory In addition to Rubin's main work this edition includes his four most important related publications as well as ten debate articles written and published by his contemporary proponents and opponents

**Essays on Marx's Theory of Value** Isaak Il' Ich Rubin, 1970      *Essays on Marx's Theory of Value* Isaak Illich Rubin, 1972

**Essays on Marx's Theory of Value** Isaak Ilyich Rubin, 2020-10-22 Isaak Ilyich Rubin 1886 1937 was a Soviet economist who participated in the Russian Revolution and was a researcher at the Marx Engels Institute Though his ideas were suppressed by the Soviet Union and he was eventually killed after being accused of Trotskyism his ideas have since been rehabilitated within modern Marxism *Essays on Marx's Theory of Value* 1924 emphasizes the importance of Marx's theory of commodity fetishism within the labor theory of value It also argues that Marx's mature economic work represented the culmination of his lifetime project to understand how human creative power is shaped by social structures He also discusses commodity production as a mere theoretical abstraction that only explains one aspect of a developed capitalist economy The concept of value as understood by Rubin cannot exist without the other elements of a full blown capitalist economy money capital the existence of a proletariat and so on This Radical Reprint by Pattern Books is made to be accessible and as close to only manufacturing cost as possible

**Essays on Marx's Theory of Value** I.I. Rubin, 2014

Economist theorist and historian the author suggests a definition of political economy which has nothing in common with the definition of economics He states that political economy deals with human working activity not from the standpoint of its technical methods and instruments of labor but from the standpoint of its social form      **Essays on Marx's theory of value** Isaac Ilich Rubin,1972      [Three Essays on Marx's Value Theory](#) Samir Amin,2013-10-01 In this slim insightful volume noted economist Samir Amin returns to the core of Marxian economic thought Marx s theory of value He begins with the same question that Marx along with the classical economists once pondered how can every commodity including labor power sell at its value on the market and still produce a profit for owners of capital While bourgeois economists attempted to answer this question according to the categories of capitalist society itself Marx sought to peer through the surface phenomena of market transactions and develop his theory by examining the actual social relations they obscured The debate over Marx s conclusions continues to this day Amin defends Marx s theory of value against its critics and also tackles some of its trickier aspects He examines the relationship between Marx s abstract concepts such as socially necessary labor time and how they are manifested in the capitalist marketplace as prices wages rents and so on He also explains how variations in price are affected by the development of monopoly capitalism the abandonment of the gold standard and the deepening of capitalism as a global system Amin extends Marx s theory and applies it to capitalism s current trajectory in a way that is unencumbered by the weight of orthodoxy and unafraid of its own radical conclusions      **Essays on Marx's Capital** Geert Reuten,2024-05-13 In this book Geert Reuten presents 21 of his previously published essays on the three volumes Marx s Capital dating from 1991 2019 The essays largely take the form of a summary of Marx s text a Volume or its Parts or Chapters followed by an appreciation and when required a reconstruction The book thus offers an overview of each of the three volumes of Capital including their interconnection as well as a focus on specific Parts of Capital Throughout the general overviews and more focused analyses Reuten emphasises Marx s systematic dialectical method and his monetary value form analysis      **Three Essays on Marx's Value Theory** Samir Amin,2013-10 In this slim insightful volume noted economist Samir Amin returns to the core of Marxian economic thought Marx s theory of value He begins with the same question that Marx along with the classical economists once pondered how can every commodity including labor power sell at its value on the market and still produce a profit for owners of capital While bourgeois economists attempted to answer this question according to the categories of capitalist society itself Marx sought to peer through the surface phenomena of market transactions and develop his theory by examining the actual social relations they obscured The debate over Marx s conclusions continues to this day Amin defends Marx s theory of value against its critics and also tackles some of its trickier aspects He examines the relationship between Marx s abstract concepts such as socially necessary labor time and how they are manifested in the capitalist marketplace as prices wages rents and so on He also explains how variations in price are affected by the development of monopoly capitalism the abandonment of the gold standard and the deepening of capitalism

as a global system Amin extends Marx's theory and applies it to capitalism's current trajectory in a way that is unencumbered by the weight of orthodoxy and unafraid of its own radical conclusions

**The Mismeasure of Wealth** Patrick Murray, 2016-09-07 The Mismeasure of Wealth Essays on Marx and Social Form gathers Patrick Murray's essays reinterpreting Marx and Marxian theory published since his Marx's Theory of Scientific Knowledge 1988 along with a previously unpublished essay and an introduction Murray's essays concentrate on Marx the historical materialist the investigator of historically specific social forms of wealth and labour There is no production in general the production of wealth always involves specific social forms and purposes that matter in many ways Marx's attention to the dynamics and far reaching consequences of historically specific social forms in particular those that are constitutive of the capitalist mode of production sets him off from classical political economy and traditional Marxism In probing Marx's dialectical accounts of the commodity value money surplus value wage labour and capital The Mismeasure of Wealth establishes Marx's singular relevance for critical social theory today

**Explorations in Marx's Theory of Price—Why Marx Is Still Relevant for Understanding the Modern Economy** Howard Nicholas, 2023-01-01 This book is the first volume in a three volume series that takes an in depth look at the relevance of Marx's economics for understanding the modern economy The focus of this volume is the money prices of commodities In light of the failure of central banks to stimulate inflation through printing of money it is now accepted that there are problems with the mainstream approach to the explanation of prices Howard Nicholas underlines the shortcomings of this and other approaches to the explanation of prices particularly their concepts of the value of the commodity and money He argues the problems with all other approaches are manifest in their inability to explain the changes in the relative prices of commodities taking place in the context of changes in the aggregate money price level as well as independently He contends that of paramount importance in Marx's explanation is that prices are set by producers prior to putting their commodities into the process of circulation undermining the notion they are determined by the supply of and demand for the commodities in the process of exchange Marx's approach to the explanation of prices is also contrasted with those of Neoclassicals Post Keynesians and Sraffa with a view to highlighting the shortcomings in these approaches as bases for their understanding and explanations of money and prices This book will be of interest to academics and students of price theory money and finance political economy and the history of economic thought

*Marx's Capital and Capitalism Today Routledge Library Editions: Political Science Volume 52* Tony Cutler, Barry Hindess, Athar Hussain, Paul Q. Hirst, 2013-10-17 This volume is concerned with the re evaluation and criticism of Capital itself It is in three parts each covering a specific area of Marxist theory The first part contains an investigation into Marx's theory of value and considers the types of questions and modes of analysis to which this theory leads In the second part the nature and implications of necessary economic laws of tendency in the capitalist mode of production are covered Finally there is an analysis of the role of class structure and economic agents in Marxist theory

**Autonomy** David Eden, 2016-04-08 Autonomy Capital Class and

Politics explores and critiques one of the most dynamic terrains of political theory sometimes referred to as Autonomist Marxism or post Operaismo This theory shot to prominence with the publication of *Empire* by Hardt and Negri and has been associated with cutting edge developments in political and cultural practice yet there exists no work that critically examines it in its contemporary breadth Taking three divergent manifestations of Autonomist Marxism found in the works of Antonio Negri and Paulo Virno the Midnight Notes Collective and John Holloway David Eden examines how each approach questions the nature of class and contemporary capitalism and how they extrapolate politics Not only is such juxtaposition both fruitful and unprecedented but Eden then constructs critiques of each approach and draws out deeper common concerns Suggesting a novel rethinking of emancipatory praxis this book provides a much needed insight into the current tensions and clashes within society and politics

*Marx Worldwide* Jan Hoff, 2016-11-21 In his study Jan Hoff charts the unprecedented global boost that has been experienced by critical Marxism since the mid 1960s In particular Hoff shows the development of interpretations of Marx's method of critical social theory oriented towards Marx's critique of political economy and of significant disputes concerning the different versions and iterations of the critical project that ultimately culminated in *Capital* His book investigates the globalisation of Marx debates the complex network of international theoretical approaches that have been devised between the poles of science and politics the transfer of theory and the historical development of schools of thought beyond national and linguistic borders *Marx Worldwide* provides an overview of Marx reception in various regions of the world in which the extra European process of theory formation receives particular attention and it shows how despite the supersession of Marxism in the sense of an all encompassing worldview the Marxian aim of providing an explication of the internal connection of economic categories and relations and thereby of accomplishing the demystification of the deranged world of the economy is as relevant and as theoretically important as it has ever been First published in German by Akademie Verlag as *Marx Global Zur Entwicklung des internationalen Marx Diskurses seit 1965* Berlin 2009

*Labour and Value: Rethinking Marx's Theory of Exploitation* Ernesto Screpanti, 2019-10-09 In this book Ernesto Screpanti provides a rigorous examination of Marx's theory of exploitation one of the cornerstones of Marxist thought With precision and clarity he identifies the holes in traditional readings of Marx's theory before advancing his own original interpretation drawing on contemporary philosophy and economic theory to provide a refreshingly interdisciplinary exegesis Screpanti's arguments are delivered with perspicuity and verve this is a book that aims to spark a debate He exposes ambiguities present in Marx's exposition of his own theory especially when dealing with the employment contract and the notions of abstract labor and labor value and he argues that these ambiguities have given rise to misunderstandings in previous analyses of Marx's theory of exploitation Screpanti's own interpretation is a meticulously argued counterpoint to these traditional interpretations *Labour and Value* is a significant contribution to the theory of economics particularly Marxist economics It will also be of great interest to scholars in other disciplines including sociology political science and moral and political

philosophy Screpanti's clear and engaging writing style will attract the interested general reader as well as the academic theorist

Marx's Concept of Money Anitra Nelson, 2012-11-12 This work relates Marx's theory of money to his overall political economy and places it firmly within the wider context of his political and philosophical thought It has for some time been held that there exists an epistemological break between the early humanist and later scientific Marx However in this ground breaking study Anitra Nelson links Marx's concept of money to his early key concepts with particular reference to alienation

*The New Dialectic and Marx's Capital* Chris Arthur, 2021-08-04 This book argues that the dialectic of Marx's Capital has a systematic rather than historical character It sheds new light on Marx's great work while going beyond it in many respects

**Routledge Handbook of Marxian Economics** David M. Brennan, David Kristjanson-Gural, Catherine P. Mulder, Erik K. Olsen, 2017-03-16 Most developed economies are characterized by high levels of inequality and an inability to provide stability or opportunity for many of their citizens Mainstream economics has proven to be of little assistance in addressing these systemic failures and this has led both scholars and students to seek alternatives One such alternative is provided by Marxian economics In recent decades the field has seen tremendous theoretical development and Marxian perspectives have begun to appear in public discourse in unprecedented ways This handbook contains thirty seven original essays from a wide range of leading international scholars recognized for their expertise in different areas of Marxian economics Its scope is broad ranging from contributions on familiar Marxist concepts such as value theory the labor process accumulation crisis and socialism to others not always associated with the Marxian canon like feminism ecology international migration and epistemology This breadth of coverage reflects the development of Marxian economic and social theory and encompasses both the history and the frontiers of current scholarship This handbook provides an extensive statement of the current shape and future direction of Marxian economics The Routledge Handbook of Marxian Economics is an invaluable resource for students researchers and policy makers seeking guidance in this field It is designed to serve both as a reference work and as a supplementary text for classroom use with applications for courses in economics sociology political science management anthropology development studies philosophy and history

## **Essays On Marxs Theory Of Value Introduction**

In today's digital age, the availability of Essays On Marx's Theory Of Value books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Essays On Marx's Theory Of Value books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Essays On Marx's Theory Of Value books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Essays On Marx's Theory Of Value versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Essays On Marx's Theory Of Value books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Essays On Marx's Theory Of Value books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Essays On Marx's Theory Of Value books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free

access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Essays On Marx's Theory Of Value books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Essays On Marx's Theory Of Value books and manuals for download and embark on your journey of knowledge?

### **FAQs About Essays On Marx's Theory Of Value Books**

1. Where can I buy Essays On Marx's Theory Of Value books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
