

LITERARY CRITICISM

- The discipline of *interpreting, analyzing, and evaluating* literature.... Long-standing texts with timeless values, values, universal themes, & exceptional artistry and power
- Interpret: What does this work of literature MEAN?
- Analyze: HOW does this piece of literature WORK? (pull things apart, examine relationships, figure out effects, etc.)
- Evaluate: What is this work's VALUE?
- Literary Criticism improves reading skills, gives tools to solve problems and understand literature, expands awareness, gives more ways to respond, gives more things to FIND in lit., and develops CRITICAL THINKING skills
- “criticism” here does NOT mean finding fault or expressing dislike or saying what is “wrong” with literature
- Must be backed up with logical reasons and textual evidence

Essays In Criticism And Literary Theory

Richard P. Blackmur

Essays In Criticism And Literary Theory:

Essays in Criticism and Literary Theory Joseph Addison, 1775 **Antithetical Essays in Literary Criticism and Liberal Education** Hazard Adams, 1990 Fresh well written and readable often witty Delivers on the integration of the concerns of literary and rhetorical linguistic theory practical literary criticism cultural criticism and educational theory Particularly valuable is the way Adams manages to present an attractively capacious and coherent model for literary criticism and the curriculum at the same time Gerald Graff Northwestern University In this collection of essays written over the last decade Adams moves from the initial statement about his reading of William Blake through a series of critical essays covering such writers as Blake Yeats Joyce and Byron and various theoretical topics to a final group devoted to education issues Theory and practice are joined in essays treating specific writers and general problems such as the critical constitution of the literary text titles and canons From what Adams calls a neo Blakean perspective the essays deliberately relate matters of criticism and literary theory to questions about education policy I have always regarded my critical endeavors as closely related to and informing and informed by my teaching Adams writes in the preface where he also defines his use of the term antithetical as the uncategorical ethical other that is literary This work manifests the relationship between one of Adams s academic specializations Blake and his tradition and his thoughts on the academic institution We see the personality of the critic his theories and his practical suggestions for curriculum elaborated in a way that is mutually illuminating across the conventional compartmentalizations of academic experience Thus Blake s poetry serves less as an object of study than as a resource for thinking about literatyre and the discipline of literature study The result is a thought provoking cohesion of linguistic theory practical literary and cultural criticism and liberating educational theory Hazard Adams is Byron W and Alice L Lockwood Professor of Humanities at the University of Washington He has been a Gugenheim Fellow and cofounder of the School of Criticism and Theory and is the author of *Critical Theory Since 1965* *Philosophy of the Literary* *Symbolic Joyce Cary s Trilogies Pursuit of the Particular Real and The Book of Yeats s Poems* *Reconstructing Criticism* Philip Smallwood, 2003 This study aims to bring the modern theory of literary criticism and Pope s *Essay on Criticism* of 1711 into a more productive and interesting association than critical historical structures have generally allowed Smallwood marks out in current terms and in depth the specialized theoretical and aesthetic problem of defining criticism He recognizes that criticism no more than literature or art cannot be finally codified or defined but insists on the need for clarity in the exposition of criticism s purposes and a fuller consciousness of a common community of practice available to audiences outside the academic fold Affirming the unfailing currency and utility of the term criticism as new languages have taken over the critical domain or have sought to replace or abolish literature Smallwood distinguishes between the normative definitions that are everywhere apparent in modern theory of criticism and the advantages to conceptual comprehension achieved by Pope s poetic idea of criticism in the *Essay* *Doing Things with Texts* Meyer Howard Abrams, M. H. Abrams, 1991 One of

the most respected literary scholars alive Abrams stands for understanding and conciliation calling for a kind of humanism that can embrace the good in all literary theories Washington Post Anatomy of Criticism Northrop Frye,2020-05-19 A landmark work of literary criticism Northrop Frye s Anatomy of Criticism is the magnum opus of one of the most important and influential literary theorists of the twentieth century Breaking with the practice of close reading of individual texts Frye seeks to describe a common basis for understanding the full range of literary forms by examining archetypes genres poetic language and the relations among the text the reader and society Using a dazzling array of examples he argues that understanding the structure of literature as a total form also allows us to see the profoundly liberating effect literature can have

Selected Essays of R.P. Blackmur Richard P. Blackmur,1986 In the years since Blackmur s death in 1965 literary criticism has changed significantly Partly in reaction to the 30 year sway of formalist New Criticism exemplified by Blackmur John Crowe Ransom and Allen Tate it has become fashionable to embrace structuralist and poststructuralist literary theory in an effort to shift attention from the art object and the artist s voice to the cultural and linguistic systems or codes that govern discourse In the process Blackmur has become part of literary history respected but unread In this carefully edited selection of Blackmur s essays Donoghue a keen critic of modern writing has rediscovered Blackmur s impressive independence and insight ISBN 0 88001 083 5 17 50

Literary Theory and Criticism Patricia Waugh,2006 This volume offers a comprehensive account of modern literary criticism presenting the field as part of an ongoing historical and intellectual tradition Featuring thirty nine specially commissioned chapters from an international team of esteemed contributors it fills a large gap in the market by combining the accessibility of single authored selections with a wide range of critical perspectives The volume is divided into four parts Part One covers the key philosophical and aesthetic origins of literary theory while Part Two discusses the foundational movements and thinkers in the first half of the twentieth century Part Three offers introductory overviews of the most important movements and thinkers in modern literary theory and Part Four looks at emergent trends and future directions

The Current in Criticism Clayton Koelb, Virgil Llewellyn Lokke,1987 The Current in Criticism is meant to provide the reader with a wide spectrum of current thinking a sampling of some of the arguments attitudes and perspectives which participate in the swirl of intense speculative energy that is so characteristic of contemporary theory The editors describe this collection of 14 essays as a tentative assessment of where we are and where we might be going in literary study of what is current in criticism and of where the critical current might be tending

Criticism and Literary Theory 1890 to the Present Chris Baldick,2014-06-11 Presents a coherent and accessible historical account of the major phases of British and American Twentieth century criticism from decadent aestheticism to feminist deconstructionist and post colonial theories Special attention is given to new perspectives on Shakespearean criticism theories of the novel and models of the literary canon The book will help to define and account for the major developments in literary criticism during this century exploring the full diversity of critical work from major critics such as T S Eliot and F R Leavis to

minor but fascinating figures and critical schools Unlike most guides to modern literary theory its focus is firmly on developments within the English speaking world **Literary Theory and Criticism** Samiran Kumar Paul,2020-12-08

Literary theory and criticism aims to cater to the academic requirements of college and university students and research scholars Among the students of English literature it is found that they are mostly engaged in genres like poetry novel drama prose and essay My endeavour for such students and scholars is to make this book a supplement to their marginalized genres such as theory and criticism *The Complete Idiot's Guide to Literary Theory and Criticism* Steven J. Venturino, PhD,2013-03-05 From Plato to Freud to ecocriticism the book illustrates dozens of stimulating and sometimes notoriously complex perspectives for approaching literature and film The book offers authoritative clear and easy to follow explanations of theories that range from established classics to the controversies of current theory Each chapter offers a conversational step by step explanation of a single theory critic or issue accompanied by concrete examples for applying the concepts and engaging suggestions for related literary readings Following a section on the foundations of literary theory the book is organized thematically with an eye to the best way to develop a real working understanding of the various theories Cross references are particularly important since it is through the interaction of examples that readers most effectively advance from basic topics and arguments to some of the more specialized and complicated issues Each chapter is designed to tell a complete story yet also to reach out to other chapters for development and debate Literary theorists are hardly unified in their views and this book reflects the various traditions agreements influences and squabbles that are a part of the field Special features include hundreds of references to and quotations from novels stories plays poems movies and other media Online resources could also include video and music clips as well as high quality examples of visual art mentioned in the book The book also includes periodic running references to selected key titles such as *Frankenstein* in order to illustrate the effect of different theories on a single work *An Introduction to Literary Theory and Criticism Since 1830s* J. S. Rohan Savarimuttu,2014

Concepts of Criticism Rene Wellek,1963-01-01 Provocative and penetrating these essays attest to Mr Wellek's intense concern during the past two decades with the problems besetting the disciplines of literary theory criticism and history Each essay accordingly sets as its goal the development of a concept that will contribute to better understanding of the literary work Trenchant investigation of such significant critical concepts as baroque romanticism and realism are complemented by illuminating surveys of the current state of literary criticism and related commentaries on contemporary literary theory and scholarship *Concepts of Criticism* constitutes a valuable statement of Mr Wellek's theoretical position A number of the essays are published for the first time and a bibliography of Mr Wellek's publications is included Ren Wellek author of *A History of Modern Criticism 1750-1950* is Sterling Professor of Comparative Literature at Yale *Literary Criticism of Matthew Arnold* Flemming Olsen,2014-09-01 Many of the ideas that appear in Arnold's Preface of 1853 to his collection of poems and in his later essays are suggested in the letters that Arnold wrote to his friend Arthur Hugh Clough

Analysis of the Preface reveals a poet who found a theoretical basis for poetry by which he means literature in general in the dramas of the Greek tragedians particularly Sophocles action is stressed as an indispensable ingredient wholes are preferred to parts the didactic function of literature is promoted in short the Preface reads like the recipe for a classical tragedy It is a young poet's attempt to establish criteria for what poetry ought to be He found the Romantic idiom outworn Literature was in Arnold's perception meant to communicate a message rather than impress by its structure or by formal sophistication Modern theories of coalescence between content and form were outside the contemporary paradigm T S Eliot's ambivalent attitude to Arnold now reluctantly admiring now decidedly patronizing is puzzling Eliot never seemed able to liberate himself from the influence of Arnold What in Arnold's critical oeuvre attracted and at the same time repelled Eliot That question has led to an in depth analysis of Arnold as a literary critic This book begins with an examination of Arnold's letters to Clough where it all started and proceeds with a close reading of the 1853 Preface A look at some of the later literary essays rounds off the picture of Arnold as a literary critic This work is the result of Reader and Review comments of the author's well received Eliot's Objective Criticism Tradition or Individual Talent Yet he is in some respects the most satisfactory man of letters of his age T S Eliot The Use of Poetry and the Use of Criticism T.S. Eliot's response to Matthew Arnold in his early essays Marion Meerpohl, 2009-11-10 Seminar paper from the year 2004 in the subject Didactics for the subject English Literature Works grade 2.0 University of Münster Englisches Seminar course T S Eliot Critical Essays language English abstract In the course of history literature as well as literary theory and critique experienced various changes due to social circumstances Their function in certain periods and epochs differed vastly Without any doubt the Victorian critic and poet Matthew Arnold represents a significant predecessor of Thomas Stearns Eliot and is fundamentally important for the understanding of his literary theory and criticism The modern literary critic of the 20th century T S Eliot is therefore more closely associated with the theories of the Victorian artist than any other literary critic or poet However their relation is not easy to define and bears not only immense analogies but also many divergences and contradictions The present work represents an analysis of T S Eliot's reaction towards Matthew Arnold in his early essays Therefore it also traces the transition of literary theory and criticism from the 19th to the 20th century Their attitudes towards literary theory and poetry will be exposed as well as their concept of literary criticism and its functions Besides their notion of historical circumstances and their perception of morality in literature are crucial aspects worth a detailed observation For this purpose Eliot's comments on Matthew Arnold in his early essays serve as a basis for the illustration and form the central source Therefore Tradition and the Individual Talent 1919 Hamlet 1919 The Perfect Critic 1920 The Function of Criticism 1923 Matthew Arnold 1933 and Arnold and Pater 1930 constitute the main works of reference Further works by various authors provide supplementary opinions on the subject and subsequently offer more postures when it comes to forming a judgement on the complex relation between the two artists One has to bear in mind however that this exposition focuses on Eliot's early

years which differ to some degree from the position he holds towards several subjects in his later achievements **Literary Theory and Structure: Essays in Honor of William K. Wimsatt** William Kurtz Wimsatt, 1973 **A Study in Critical Theory**, **Encyclopedia of the Essay** Tracy Chevalier, 2012-10-12 This groundbreaking new source of international scope defines the essay as nonfictional prose texts of between one and 50 pages in length The more than 500 entries by 275 contributors include entries on nationalities various categories of essays such as generic such as sermons aphorisms individual major works notable writers and periodicals that created a market for essays and particularly famous or significant essays The preface details the historical development of the essay and the alphabetically arranged entries usually include biographical sketch nationality era selected writings list additional readings and anthologies [Literary Theory: The Basics](#) Hans Bertens, 2017-07-14 This third edition of Hans Bertens bestselling book is an essential guide to the often confusing and complicated world of literary theory Exploring a broad range of topics from Marxist and feminist criticism to postmodernism and new historicism *Literary Theory The Basics* covers contemporary topics including reception theory and reader response theory the new criticism of postmodernism the after theory debate post humanism biopolitics and animal studies aesthetics *Literary Theory The Basics* helps readers to approach the many theories and debates in this field with confidence Now with updated case studies and further reading this is an essential purchase for anyone who strives to understand literary theory today *Using Key Passages to Understand Literature, Theory and Criticism* Barry Laga, 2018-09-21 *Using Key Passages to Understand Literature Theory and Criticism* is a completely fresh and innovative approach to teaching and learning literary theory using short passages of theory to make sense of literary and cultural texts It focuses on the key concepts that help readers understand literature and cultural events in new and provocative ways Covering a wide variety of iconic and contemporary theorists the book offers a broad chronological and global overview including thirty passages from theorists such as Viktor Shklovsky Roland Barthes Judith Butler Diana Fuss Jean Baudrillard Kwame Anthony Appiah Michel Foucault Monique Wittig and Eve Sedgwick Built on the premise that scholars use theory pragmatically *Using Key Passages to Understand Literature Theory and Criticism* identifies problems puzzles and questions readers may encounter when they read a story watch a film or look at artwork It explains in detail thirty concepts that help readers make sense of these works and invites students to apply the concepts to a range of writing and research projects The textbook concludes by helping students read theory with an eye on finding productive passages and writing their own theory chapter signaling a shift from student as critic to student as theorist Used as a main text in introductory theory courses or as a supplement to any literature film theater or art course this book helps students read closely and think critically

Thank you unquestionably much for downloading **Essays In Criticism And Literary Theory**. Maybe you have knowledge that, people have look numerous times for their favorite books once this Essays In Criticism And Literary Theory, but end in the works in harmful downloads.

Rather than enjoying a good ebook in the manner of a mug of coffee in the afternoon, otherwise they juggled in the same way as some harmful virus inside their computer. **Essays In Criticism And Literary Theory** is open in our digital library an online permission to it is set as public suitably you can download it instantly. Our digital library saves in combined countries, allowing you to acquire the most less latency time to download any of our books past this one. Merely said, the Essays In Criticism And Literary Theory is universally compatible taking into consideration any devices to read.
