

HOW TO DEVELOP YOUR CLAIRVOYANT ABILITIES

@DIVINE ALCHEMIST HIGH PRIESTESS

It is possible to improve your natural ability with clairvoyance through practice.

A good start might be to look around you, then close your eyes and try to picture your surroundings. This is also a good exercise for visualization. And visualization is an essential talent in magick. Open your eyes again and check your accuracy. Then close your eyes and try it again. When you use your physical eyes, look at everything like a child seeing it for the first time. Let the vividness of color and form burn into you until everything takes on a veritable glow. Try to capture that glow when you close your eyes now and picture your surroundings. It's just a simple step to extend what you see with your eyes closed into what you remember seeing in the next room, or what you *imagine* seeing in the next building, the next city, or even the other side of the world. Don't expect perfect results, especially at first. Just try to be even partly right.

Another exercise is to picture a clock face, and thereby tell the time clairvoyantly.
