The Eye of Prey Herbert Blau, 1991      **Utopia Limited** Marianne DeKoven, 2004-05-10 The end of the modern and the emergence of the postmodern in 1960s philosophy literature and popular culture      *Sub-versions* Ciaran Ross, 2010 From Swift's repulsive shit flinging Yahoos to Beckett's dying but never quite dead moribunds Irish literature has long been perceived as being synonymous with subversion and all forms of subversiveness But what constitutes a subversive text or a subversive writer in twenty first century Ireland The essays in this volume set out to redefine and rethink the subversive potential of modern Irish literature Crossing three central genres one common denominator running through these essays whether dealing with canonical writers like Yeats Beckett and Flann O'Brien or lesser known contemporary writers like Sebastian Barry or Robert McLiam Wilson is the continual questioning of Irish identity Irishness going from its colonial paradigm and stereotype of the subaltern in MacGill to its uneasy implications for gender representation in the contemporary novel and the contemporary drama A subsidiary theme inextricably linked to the identity problematic is that of exile and its radical heritage for all Irish writing irrespective of its different genres Sub Versions offers a cross cultural and trans national response to the expanding interest in Irish and postcolonial studies by bringing together specialists from different national cultures and scholarly contexts Ireland Britain France and Central Europe The order of the essays is by genre This study is aimed both at the general literary reader and anyone particularly interested in Irish Studies      *Postmodern/drama* Stephen Watt, 1998 Scrutinizing the critical tendency to label texts or writers as postmodern scholar Stephen Watt argues that reading post modernly merely implies reading culture more broadly In contemporary drama Watt considers postmodernity less a question of genre or media than a mode of subjectivity shared by both playwright and audience 6 illustrations

Comedy Matters W. Demastes,2008-05-12 *Comedy Matters* traces the long tradition of the expansive comic embrace of cultural difference and diversity that manages to survive even in some of mankind's darkest moments Demastes argues that comedy has a hard nosed pragmatic dimension that can be mobilized against belligerent cultural forces Drawing from the works of Shakespeare Stoppard and a number of other comic masters *Comedy Matters* demonstrates how comedy continues to work against cultural regimentation by striving to recalibrate our decision making processes and challenging the stultifying rigidity of human economy in the broadest sense of the term

**Psycho Paths** Philip L. Simpson,2000 Philip L Simpson provides an original and broad overview of the evolving serial killer genre in the two media most responsible for its popularity literature and cinema of the 1980s and 1990s The fictional serial killer with a motiveless highly individualized modus operandi is the latest manifestation of the multiple murderers and homicidal maniacs that haunt American literature and particularly visual media such as cinema and television Simpson theorizes that the serial killer genre results from a combination of earlier genre depictions of multiple murderers inherited Gothic storytelling conventions and threatening folkloric figures reworked over the years into a contemporary mythology of violence Updated

and repackaged for mass consumption the Gothic villains the monsters the vampires and the werewolves of the past have evolved into the fictional serial killer who clearly reflects American cultural anxieties at the start of the twenty first century Citing numerous sources Simpson argues that serial killers recent popularity as genre monsters owes much to their pliability to any number of authorial ideological agendas from both the left and the right ends of the political spectrum Serial killers in fiction are a kind of debased and traumatized visionary whose murders privately and publicly re empower them with a pseudo divine aura in the contemporary political moment The current fascination with serial killer narratives can thus be explained as the latest manifestation of the ongoing human fascination with tales of gruesome murders and mythic villains finding a receptive audience in a nation galvanized by the increasingly apocalyptic tension between the extremist philosophies of both the New Right and the anti New Right Faced with a blizzard of works of varying quality dealing with the serial killer Simpson has ruled out the catalog approach in this study in favor of in depth an analysis of the best American work in the genre He has chosen novels and films that have at least some degree of public name recognition or notoriety including Red Dragon and The Silence of the Lambs by Thomas Harris Manhunter directed by Michael Mann Henry Portrait of a Serial Killer directed by John McNaughton Seven directed by David Fincher Natural Born Killers directed by Oliver Stone Zombie by Joyce Carol Oates and American Psycho by Bret Easton Ellis

### **Beckett Writing Beckett**

H. Porter Abbott, 2019-01-24 Suppose that before he is writing fiction before he is writing drama before he is writing any of the autonomous highly polished pieces that make up his life work Beckett is writing Beckett What follows from this In Beckett Writing Beckett H Porter Abbott argues that by the time he had written Waiting for Godot Beckett's art had crystallized as a life project keyed to the simultaneous action of writing and reading the self How does such an interpretive shift change the way we see the salient features of Beckett's art his extraordinary and persistent assaults on narrative his restless exploration of genres and media his attempts to exercise autocratic control over performance and publication his increasingly musical formal structures his tireless capacity to invent How moreover does this view relate to the contempt for autobiography so pervasive in Beckett's work In approaching these questions Beckett Writing Beckett seeks to redirect current discussion of such concepts as the author and originality Arguing on several widely contested fronts in Beckett criticism including such vexed issues as Beckett's postmodernism his politics and his relation to his audience Abbott develops an interpretive method grounded in the concept of autographical action The method allows Abbott to articulate the centrality of the inexhaustible strangeness of Beckett's work and to do so without robbing that strangeness of its power to surprise

times of crisis and how trauma and mourning emerge as their own forms of expression Crucial to the foundation of death activism is the dissymmetry with which different deaths are met including the mass death of nonhuman animals and ecologies Death Activism is a feminist queer postcolonialist enquiry that seeks to queer death making queer our usual familiar death habits and trajectories of thought toward a jubilant activism that can transform death into a more democratically equal and a more jubilant force for life     *Performing Drama/dramatizing Performance* Michael Vanden Heuvel, 1993 Examines how the intertwining paths of avant garde theater and mainstream drama work to produce provocative new forms
