Grampian Quartet:

The Grampian Quartet Nan Shepherd, 2009-05-01 The Quarry Wood although published well before *Sunset Song* inhabits a similar world the progress of its heroine could almost be the alternative story of a Chris Guthrie who did go to university Compassionate and humorous the grace and style of Shepherd's prose is heightened by a superb ear for the vigorous language of the north east The Weatherhouse Shepherd's masterpiece is an even more substantial achievement which belongs to the great line of Scottish fiction dealing with the complex interactions of small communities and especially the community of women a touching and hilarious network of mothers daughters spinsters and widows It is also a striking meditation on the nature of truth the power of human longing and the mystery of being The third and final novel *A Pass in the Grampians* describes Jenny Kilgour's coming of age as she has to choose between the kindly harshness of her grandfather's life on a remote hill farm and the vulgar and glorious energy of Bella Cassie a local girl who left the community to pursue success as a singer and has now returned to scandalise them all *The Living Mountain* is a lyrical testament in praise of the Cairngorms It is a work deeply rooted in Shepherd's knowledge of the natural world and a poetic and philosophical meditation on our longing for high and holy places This is the first omnibus edition of Shepherd's prose works her sensitivity and powers of observation raise her work far above the status of regional literature and into the front rank of Scottish writing

The Hidden Fires Merryn Glover, 2023-03-02 Shortlisted for the Boardman Tasker Award for Mountain Literature Elemental fierce and full of wonder the Cairngorm mountains are the high and rocky heart of Scotland To know them would take forever to love them demands a kind of courageous surrender In *The Hidden Fires* Merryn Glover undertakes that challenge with Nan Shepherd as companion and guiding light Following in the footsteps and contours of *The Living Mountain* she explores the same landscapes and themes as Shepherd's seminal work This is a journey separated by time but unified by space and purpose a conversation between two women across nearly a century that explores how entering the life of a mountain can illuminate our own An Australian who grew up in the Himalayas her early experiences of the Scottish hills and weather left her cold But gradually acclimatising and with an approach like Shepherd's that is more mountain wandering than mountaineering she discovers the spark that sets the hills and herself on fire Through Glover's deepening encounter the wild majesty and iridescence of the Cairngorms is revealed in this beautiful evocation of landscape place and identity

Shortlisted for The Great Outdoors Reader Awards 2024 Merryn Glover's *The Hidden Fires* is not just brave it is remarkable

Sir John Lister Kaye **The Living World** Samantha Walton, 2020-12-10 Harnessing new enthusiasm for Nan Shepherd's writing *The Living World* asks how literature might help us reimagine humanity's place on earth in the midst of our ecological crisis The first book to examine Shepherd's writing through an ecocritical lens it reveals forgotten details about the scientific political and philosophical climate of early twentieth century Scotland and offers new insights into Shepherd's distinctive environmental thought More than this this book reveals how Shepherd's ways of relating to complex

interconnected ecologies predate many of the core themes and concerns of the multi disciplinary environmental humanities and may inform their future development Broken down into chapters focusing on themes of place ecology environmentalism Deep Time vital matter and selfhood The Living World offers the first integrated study of Shepherd s writing and legacy making the work of this philosopher feminist amateur ecologist geologist and innovative modernist accessible and relevant to a new community of readers

A Space of Their Own Katie Baker,Naomi Walker,2023-03-31 This collection explores how nineteenth and twentieth century women writers incorporated the idea of place into their writing Whether writing from a specific location or focusing upon a particular geographical or imaginary place women writers working between 1850 and 1950 valued a space of their own in which to work The period on which this collection focuses straddles two main areas of study nineteenth century writing and early twentieth century modernist writing so it enables discussion of how ideas of space progressed alongside changes in styles of writing It looks to the many ways women writers explored concepts of space and place and how they expressed these through their writings for example how they interpreted both urban and rural landscapes and how they presented domestic spaces A Space of Their Own will be of interest to those studying Victorian literature and modernist works as it covers a period of immense change for women s rights in society It is also not limited to just one type or definition of space Therefore it may also be of interest to academics outside of literature for example in gender studies cultural geography place writing and digital humanities

McIntosh does brilliantly here is offer an alternative deeply humanist version of green politics The Scotsman UK [Across the margins](#) Glenda Norquay, Gerry Smyth, 2018-07-30 This electronic version has been made available under a Creative Commons BY NC ND open access license The concept of margins denotes geographical economic demographic cultural and political positioning in relation to a perceived centre This book aims to question the term marginal itself to hear the voices talking across borders and not only to or through an English centre The first part of the book examines debates on the political and poetic choice of language drawing attention to significant differences between the Irish and Scottish strategies It includes a discussion of the complicated dynamic of woman and nation by Aileen Christianson which explores the work of twentieth century Scottish and Irish women writers The book also explores masculinities in both English and Scottish writing from Berthold Schoene which deploys sexual difference as a means of testing postcolonial theorizing A different perspective on the notion of marginality is offered by addressing Englishness in relation to migrant writing in prose concerned with India and England after Independence The second part of the book focuses on a wide range of new poetry to question simplified margin centre relations It discusses a historicising perspective on the work of cultural studies and its responses to the relationship between ethnicity and second generation Irish musicians from Sean Campbell The comparison of contemporary Irish and Scottish fiction which identifies similarities and differences in recent developments is also considered In each instance the writers take on the task of examining and assessing points of connection and diversity across a particular body of work while moving away from contrasts which focus on an English norm **Edinburgh Companion to Twentieth-Century Scottish Literature** Ian Brown, 2009-07-03 This volume considers the major themes texts and authors of Scottish literature of the twentieth and so far twenty first century It identifies the contexts and impulses that led Scottish writers to adopt their creative literary strategies Moving beyond traditional classifications it draws on the most recent critical approaches to open up new perspectives on Scottish literature since 1900 The volume s innovative thematic structure ensures that the most important texts or authors are seen from different perspectives whether in the context of empire renaissance war and post war literary genre generation and resistance In order to provide thorough coverage these thematic chapters are complemented by chronological Arcade chapters which outline the contexts of the literature of the period by decades and by Overview chapters which trace developments across the century in theatre language and Gaelic literature Taken together the chapters provide a thorough and thought provoking account of the century s literature
