construction real estate home staging personal concerns and a huge assortment of holistic and alternative forms of healing. They also teach, lecture, author books as well as sell Feng Shui merchandise. But are they qualified, affordable and responsible? Feng Shui practitioners offer a huge smorgasbord of cures for healing everything from the common cold to cancer and for maintaining optimal health and well-being. But how do the scientific and medical professions evaluate these health and healing methods? Similarly, the alternative healing therapies used by those embracing Feng Shui philosophies: are these beneficial, dangerous or a hoax? What are the decorating methods and beliefs propagated by Feng Shui? How do these compare to the design theories established by Sherrill Whiton, the father of modern interior design? Should a Christian use Feng Shui methods to decorate their home or office? For the Christian, what are the considerations and the consequences if these methods are used in their home or office? How should the Christian respond to Feng Shui, its practitioners and the many services provided by them? As you turn the pages of this book, you will find answers to these questions that may surprise, alarm and disturb you, as Feng Shui is carefully evaluated from a Christian perspective.
