The Covert Side of Initiation Virgil, For decades members of the esoteric community have considered anyone with magical skills and abilities to be a magician. As a result there are few magical training systems designed to turn students into magicians and many magical training systems designed to turn students into people with magical skills and abilities. The magical training system developed by the Czech adept Franz Bardon and contained in his three books *Initiation into Hermetics*, *The Practice of Magical Evocation* and *The Key to the True Quabbalah* is designed to turn students into magicians. Unfortunately many students of the system seek only to become people with magical skills and abilities rather than genuine magicians. For this reason they often spend years stuck on the system's basic exercises. In this book Virgil discusses some key components of magical training that are hinted at but not expounded upon in the text of Bardon's books. Completion of these components is what distinguishes people who are magicians from people who merely possess magical skills and abilities. In the process of discussing these components Virgil also elaborates on magical principles explained in his previous books, offers helpful advice for common problems magicians will encounter during their training and elucidates one of the most misunderstood exercises of Bardon's training system.

The Restaurant Diet Fred Bollaci, 2018-01-15 I know of no other book that offers its readers the opportunity to learn how to remain healthy without giving up the pleasure that dining out brings. Monty Preiser, veteran food/wine writer. This is the ultimate guide for people who want to dine out guilt-free. In *The Restaurant Diet*, author Fred Bollaci, who lost 150 pounds from 330, teaches readers how to read a menu, explains how to ask important questions of the restaurant staff, gives guidance on how to have food customized to your dietary needs, provides insights into converting this into healthy eating at home. As Fred teaches readers how to eat out and lose weight, he reveals the real secret: It's not about preparing clean food at home or going whole and excluding wheat, sugar, and dairy. Nor is it about counting calories or grams. It's about WHY one overeats in the first place. After trying every fad diet, Fred devised a four-phase eating and exercise plan with the help of his doctor, a nutritionist, a trainer, and a psychologist. Featuring recipes from America's most noted restaurant chefs as well as original recipes from Fred's own kitchen, *The Restaurant Diet* is for the nineteen million Americans who love to eat out on a regular basis and the 38 percent who are overweight. *The Restaurant Diet*, with its smart, educated choices, will revolutionize the world of dieting. As a chef and restaurant owner, I am excited to be part of this game-changing book and way of life where fine dining restaurants are a conscious dieter's friend. Gabriel Kreuther, Michelin star chef and James Beard Award winner.
