

A vibrant pink smoothie bowl, likely made with acai or berry puree, is served in a clear glass jar. The bowl is topped with a generous layer of golden-brown granola and sliced almonds. A wooden spoon rests on the left side of the bowl. The entire dish is presented on a light blue rectangular plate, which is placed on a light-colored wooden surface. The text "Healthy pleasures!" is written in a playful, pink, cursive font at the bottom of the image.

**Healthy Power** Craig N. Piso PhD, 2012-12-18 At its deepest essence this book is about the interplay of light and shadow in constant motion throughout our lives Like the ebb and flow of oceanic tides rising and falling in concert with the moon we move constantly back and forth between admirable and ignoble behavior We are not fixed and were never perfect No one is exempt thus any sense of permanence is merely an illusion Each of us is born with an animalistic nature that is our ancient heritage and has served our species well through the millennia for basic survival Since it appears that we are the only creatures endowed with higher consciousness we are uniquely capable of contemplating our existence thus we have evolved to the point that we can make choices above and beyond our mere survival Moreover through self mastery evolution has presented us opportunity to go beyond the reactivity that characterizes most other living things Our species governs and reigns supreme over the planet with advanced reasoning and execution skills combined with skills in emotion management and impulse regulation However the nature of our power depends not primarily upon this superior raw potential Ultimately our power is determined by the operating system we apply in self governance and that is the focus of this book Moreover it provides a framework for understanding power within eight dimensions in an attempt to illuminate those key forks in the road where choices are made in our pursuit of power both healthy and destructive Healthy power emerges from the development of a persons core strengths and is manifested in effective personal leadership This in turn generates positive values driven results through our empowering influence upon others and systems Welcome to your journey toward self empowerment A stellar job Craig a well written well organized and eminently readable book I recommend it enthusiastically Wayne Dyer
