Kotzé, Tayla Minnaar, Peter Nagel, Selina Palm, Jeremy Punt, Riaan Rheeder, Tanya van Wyk, Fralene van Zyl, 2019-12-12 While reproduction is fairly often touched upon in theological and Christian ethical discussions reproductive health is not However reproductive health is a matter of theological and ethical concern Discussion pertaining to reproductive health includes a number of debates about for instance abortion and the termination of pregnancy reproductive loss childlessness infertility stillbirth miscarriage and adoption Additionally new reproductive possibilities made available by the development of reproductive technology have necessitated theological and ethical reflection on for example surrogacy post menopausal pregnancies litter births single mothers or fathers by choice in vitro fertilisation and the so called saviour siblings These new developments compel us to reconceive our notions of what reproductive health is or should be Many of these topics are receiving increasing attention in a variety of theological publications The focus of this volume is unique however and to the best of our knowledge this is the first volume dealing not only with reproductive issues but also reflecting theologically and ethically on reproductive health It makes a contribution by providing a variety of perspectives from different theological fields on this theme and in many chapters focussing especially on the South African context These discussions are also part of urgent debates within churches which require developing life giving theological language and imaginative theological alternatives that may speak to experiences of matters relating to reproductive health The popular books TV series and films that touch upon these discussions including *The Handmaid's Tale* and *Mother* strengthen the perception that a more in depth theological and ethical discussion on the theme may be necessary particularly towards exploring stories and confessions from our faith tradition that may provide us with a timely opportunity to do the important work of theological reconceiving

Mapping Systematic Theology in Africa Ernst M Conradie, Charl E Fredericks, 2004-08-01 The emergence of an indigenous African theology especially since the 1960s is well documented A wealth of literature has been published in the context of African theology especially over the last two or three decades This

indexed bibliography contains a number of publications in and for the African context specifically relevant to the fields of systematic theology and ethics Black Theology—Essays on Global Perspectives Dwight N. Hopkins, 2017-06-15 Since its start in 1966 black liberation theology in the United States has continually engaged international developments with Africa and the entire world But after Nelson Mandela was released from prison in February 1990 there has been an almost twenty year break in books on black theology and international affairs Black Theology Essays on Global Perspectives bridges that post 1990 gap and makes a vital contact with Africa again This book conceptualizes black theology to take on the global reconfigurations and opportunities brought about by the rapidly shrinking earth of fast paced worldwide contacts In other words in the specificity of the genealogy of black theology we need to reforge ties with Africa This claim is based on tradition And in the generality of the larger worldwide intertwining of technologies and economics we need a new type of black theological leadership for the twenty first century This claim is based on today s international challenges The essays in this book draw on tradition and point forward in the midst of today s worldwide challenges and favorable possibilities given the closeness of all nations and the varieties of cultures In Search of Foundations for African Catholicism Mika Vähäkangas, 2016-05-18 This study deals with the interaction between neo Thomism and African traditional thinking in Charles Nyamiti s theological methodology The approach of the study is groundbreaking as it is the first monograph published on the theological method of any African theologian The question about the position and relevance of Western philosophical theological systems in a non Western context also has a wider relevance concerning contextual theologies in general Nyamiti s theology is a germane and a fruitful choice for the study of this issue because of his programmatic attempt to build a coherent African Roman Catholic theological system His theology is also well known for its strong African flavor in elaborating theological questions within the framework of orthodox Roman Catholic doctrine African Christian Theologies and the Impact of the Reformation Heinrich Bedford-Strohm, Tharcisse Gatwa, Traugott Jähnichen, Elisée Musemakweli, 2017 One of the strongest heritages of the Reformation for Christianity was to return to the central role given to the Bible translated in local dialects Christianity expanded thanks to the translation of the Bible in vernacular languages worldwide Most importantly the people who had been victims of prejudices of race supremacy could now have access to God in their own language culture and idioms without intermediaries It is largely thanks to Bible translations that the majority of those churches in Africa born of European mission activities continued to develop positively after the end of the colonial age and that independent African churches emerged Series Theology in the Public Square Theologie in der Öffentlichkeit Vol 10 Subject African Studies Christian Studies **The Oxford Handbook of African American Theology** Katie G. Cannon, Anthony B. Pinn, 2014 The Oxford Handbook of African American Theology brings together leading scholars in the field to present a critical and comprehensive analysis of African American Theology in its many forms and contexts providing an interdisciplinary examination of the nature content and meaning of this form of theology **The Triune God and**

Mission Pieter Verster,2022-07-18 The wonderful love of the Father Son and Holy Spirit makes mission possible A deep christological view of mission must be taken The offices of Christ namely his Kingly Priestly and Prophetic offices undergird mission Glorious salvation is then possible The Holy Spirit confesses that Christ is Lord The church becomes a vehicle of the love of God through this confession The Father s acceptance of the prodigal son is a deep missiological act In the most challenging times of COVID 19 poverty and international conflict mission is radically necessary **African Traditions**

Meeting Islam Lawrence Odhiambo Oseje,2018-12-31 In many communities across the world traditional beliefs and practices are passed down generations and are a feature of day to day life despite the influence of outside sources Focusing on Luo Muslims in Kenya Dr Lawrence Oseje looks at the interaction of Islam and traditional Luo practices especially those around death and burial Dr Oseje s research with Luo Muslims in Kendu Bay investigates the impact of the traditional Luo conceptualization of death with their current views and provides new understanding of fundamental issues that affect the lives of ordinary Muslims From his observation of this community Oseje encourages a celebration of traditions and customs showing that an appreciation of traditions and beliefs can help develop ministry to local communities Dr Oseje s findings result in a deepened understanding of cultures how they develop from a blend of influences and provides anthropological and missiological guidelines for cross cultural ministry particularly in times of bereavement **The Bonds of Freedom**

Rebekah Miles,2001 Miles contends that an increasingly radical feminist emphasis on divine immanence and human boundedness has undercut key assumptions upon which feminism rests Niebuhr s realism she believes can be the source of a necessary correction
