Berina, 2010-01-04 With the intolerable deterioration of our moral fabric bringing us to the point that right is wrong and wrong is right a dire necessity exists not only to curtail such regress but to set things on the proper course The heart which governs morality of human thought and action is summoned to act as the guide out of this rut and onto the path of righteousness and fair treatment of each other In the pursuit of truth and justice the Moral Code which is comprised of the Last Six Commandments the Friend Rule the Golden Rule and the Spare the Rod Spoil the Child Rule is therefore proposed as the just Rule of the Land This then is utilized as the foundation to achieving morally correct conclusions or courses of action to social problems issues or difficulties that we encounter especially in these morally trying times An important application of this concept is in our governance The good heart has guided us to an amazing conclusion that the ideal form of government is that which is based on the Moral Code the ideal Rule of the Land and Participative Democracy the ideal form of democracy which completely satisfies the requirements of the people by the people and for the people rather than the form of government based on the Legal Code a flawed and harmful code set and Representative Democracy a faulty dangerous and costly imitation of Participative Democracy We the people are therefore urged by this revelation to wake up from this detrimental governmental slumber and empower ourselves by declaring independence of the current system and by instituting the ideal form of government This land belongs to us and to no one else and its future rests solely on our participation in this overwhelming but absolutely necessary endeavor Wake Up Rise Up Participate     Outlook ,1928     Lift Up Your Eyes Clyde E.
