Awakening Pieter Swart, 2008-08 We are living in a time when Christians are running on empty The reason is simple we have replaced the abiding life in Christ Jesus with trying to live this Christian life in our own strength and ability We have changed our focus from the spiritual to the natural Only one person could ever have lived the Christian life and His name is Jesus Christ If He is not the center and source of our lives then we can forget about living the Christian life The new covenant is based on the fact that Jesus has cleansed man from all his sin by His blood The main purpose for His shed blood was to set man free from the sin nature and give him a righteous nature so that God Himself could come to take residence in man Pieter Swart was born and raised in South Africa where he came to know the Lord Jesus Christ at the age of twenty three In 1986 Pieter married his wife Linda and they have two daughters Maryke and Salome In 1987 Pieter and Linda planted their first church From 1988 to 2001 they were involved in church planting and pastoring several churches in South Africa In 2002 the Lord called Pieter to station himself in Canada from where he is called to reach out to the nations with the Good News of the Kingdom Through the teaching ministry of Pieter and Linda people come to the understanding of how to receive from God Pieter also has a heart to see pastors breaking through in their communities **Awakening through the Nine Bodies**

Phillip Moffitt, 2017-09-05 This beautiful illustrated guide for meditation and yoga students of all spiritual traditions offers subtle and vast teachings on the mystery of the body and mind Jack Kornfield author of No Time Like the Present Based on meditation practices Phillip Moffitt learned twenty years ago from Himalayan yoga master Sri Swami Balyogi Premvarni this beautifully illustrated book is a guide to exploring the nature of mind and gaining a better understanding of experiences that arise during meditation The Nine Bodies teachings map out a journey that starts with consciousness that arises in the physical body and is directly observable and then travels through ever more subtle levels of consciousness to that which is not manifest and is only potential and therefore has to be inferred The book includes a series of mysterious illustrations that Balyogi created during his time of intense Samadhi explorations Each illustration is a rich composition of symbols that express aspects of inner experiences that are almost impossible to express with language Moffitt makes these teachings available for meditation students from all spiritual traditions to use as gateways for exploring the nature of mind and as additional means for tracking and classifying meditative experiences Students of yoga will also find value in the teachings of the Nine Bodies as they provide a means for contextualizing and connecting with yogic teachings on chakras koshas gunas and the Three Bodies
