

The background of the entire image features three glowing, ethereal human figures standing side-by-side. They are rendered in a soft, luminous blue and white light, giving them a spectral appearance. The background itself is a deep, textured purple with subtle gradients and some darker, swirling patterns, creating a mystical and otherworldly atmosphere.

caring with us in the true sense of the word care First of all it loves us and it teaches us to find this love in ourselves I am not talking about vanity nor narcissism I am talking about a real deep love about accepting our reality and the being that we truly are

Umbilicans of Babylon Richard Leviton, 2024-03-13 Do you ever think about solid ground The author of this book does a lot Providing solid ground for consciousness is the umbilican function he says On January 1 2020 the long awaited Golden Age began So did intense opposition to it from the shadows It was like a thousand iron heels trying to stamp out spring blossoms The dark forces exerted their manipulations in the outer world The angelic contingent counterpointed in the subtle realm The Earth wobbled This is an insider's report from three men who worked alongside the good guys to adjust the planet's Light grid to better support the flowering of human consciousness that had been intended for this date and to resist even undermine the infernal opposition These good guy benefactors included angels archangels the Great White Brotherhood even some of the friendly Dead Ronald our narrator with Joe and Mike his dependable pals call themselves geomantic engineers They work on the Light grid the subtle energy infrastructure of the Earth that supports the material world They're like electric utility pole linemen up there in their extendable buckets but their main tools are clairvoyance and knowledge of the mechanics of the planet's many Light temples and systems Ronald provides a vivid field account of an astonishing array of geomantic interventions and adjustments made in the last several years to shore up that potentially fabulous Golden Age despite the dark forces protracted attempts to derail and smash it The struggle reveals an Earth like you've never seen before Our planet was designed to keep consciousness aligned with the spiritual world galaxy and beyond

People were supposed to feel firmly anchored in their bodies and planet The Earth was meant to be the gate of the gods the original pure meaning of Babylon In recent centuries that smooth reciprocal relationship has been upset Light forces are trying to uplift awareness dark forces to suppress it Jump into Ronald s riveting account to see how it all plays out The Chakras Charles Webster Leadbeater,1927 **Yoga Journal** ,2007-08 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty

Cosmic Ascension Joshua David Stone,1998-02-01 Almost all the books on the planet on the subject of ascension are written about planetary ascension However because of the extraordinary times in which we now live in terms of Earth s history there is a new opening and potentiality to also begin one s cosmic ascension process This has never before been available It must be understood as Vywamus has said that in completing our planetary ascension we are no more than one tenth of the way up a ten inch ruler in terms of our cosmic ascension process This includes most of the ascended masters We on Earth who are working to complete our seven levels of initiation must remember that there are 352 levels of initiation to return to the godhead or Father Mother God at the top of creation Most of the Ascended Masters of the entire Spiritual Hierarchy are not beyond the 12th initiation This is not a criticism just a statement of fact The question is What lies beyond the next nine tenths of the ruler and how do we achieve our cosmic ascension as well as our planetary ascension which is no small feature in and of itself Is it for the purpose that the author was guided to write his book **Spiritual Nutrition** Gabriel Cousens, M.D.,2009-03-03 When we eat can we feed the soul as well as the body Can a diet have an impact on spirituality Spiritual Nutrition empowers readers to develop personal diets that are appropriate to their lifestyles and spiritual practices Drawing on 14 years of clinical experience and research Dr Gabriel Cousens discusses nutritional issues that can help answer these questions including raw vs cooked food high vs low protein the concepts of assimilation and fasting alkaline acid balance attitudes about food nutrients energy and structure building In addition Cousens shares his new dietary system of spiritual nutrition that is based on the relationship that the color of the food has to corresponding colors of the human chakra system hence the rainbow diet For true nourishment he strongly promotes the connection of diet to meditation fellowship wisdom and love *Chakras* Harish Johari,2000-09-01 Revised and expanded edition of the classic work on chakras by the renowned Indian scholar and tantra practitioner Over 35 000 copies of the original edition sold Includes full color illustrations of the chakras to be used with the meditation exercises in the book and provides the tools necessary to activate these centers of transformative energy In the ancient science of tantra the human body is viewed as the most perfect instrument for the expression of consciousness a perfection realized through the development of psychic centers known as chakras Located within the cerebrospinal system the chakras are the stage upon which the interaction between

higher consciousness and desire is played out. Consequently it is through understanding and utilizing the energies of the chakras that we ultimately reach an enlightened state of being. In *Chakras*, Indian scholar and tantra practitioner Harish Johari introduces the classical principles of the chakras as well as their practical application for today. In this expanded edition, complete with new art and text, he unfolds the mysteries of these subtle centers of transformation with visualization techniques essential to a fully realized tantric practice. Unlike other books in its field, *Chakras* provides the tools to activate these centers of transformative energy and elevate one's intellectual knowledge to an experience of spiritual growth. Meditating on the beautiful full color illustrations of each chakra vitalizes the cerebrospinal centers and harmonizes the entire system both physically and psychically. Explanations of each chakra elaborate on the chakra's connection to elements, colors, sounds, sense and work organs, desires, planets and deities as well as on behavioral characteristics and particular effects of meditation. For scholars and spiritual aspirants of every level, *Chakras* is an invaluable practical source of information and techniques.
