**Martyrs' Mirror** Adrian Chastain Weimer,2014 Martyrs Mirror examines the folklore of martyrdom among seventeenth century New England Protestants exploring how they imagined themselves within biblical and historical narratives of persecution Memories of martyrdom especially stories of the Protestants killed during the reign of Queen Mary in the mid sixteenth century were central to a model of holiness and political legitimacy The colonists of early New England drew on this historical imagination in order to strengthen their authority in matters of religion during times of distress By examining how the notions of persecution and martyrdom move in and out of the writing of the period Adrian Chastain Weimer finds that the idea of the true church as a persecuted church infused colonial identity Though contested the martyrs formed a shared heritage and fear of being labeled a persecutor or even admiration for a cheerful sufferer could serve to inspire religious tolerance The sense of being persecuted also allowed colonists to avoid responsibility for aggression against Algonquian tribes Surprisingly those wishing to defend maltreated Christian Algonquians wrote their history as a continuation of the persecutions of the true church This examination of the historical imagination of martyrdom

contributes to our understanding of the meaning of suffering and holiness in English Protestant culture of the significance of religious models to debates over political legitimacy and of the cultural history of persecution and tolerance      **New England Rediscovered** Pasquale De Marco, 2025-07-23 Embark on an extraordinary journey through the captivating region of New England with this comprehensive guidebook From the towering mountains of New Hampshire to the pristine beaches of Rhode Island discover the rich history vibrant cities and stunning natural beauty that make New England a destination like no other This book provides an insider's perspective on the region's most captivating attractions Explore the charming streets of Boston delve into the maritime heritage of Newport and uncover the hidden gems of Vermont's picturesque countryside Detailed maps and insider tips will guide you to the best restaurants accommodations and activities ensuring that your travels are filled with unforgettable moments Beyond the urban landscapes New England's natural wonders beckon you to embrace the great outdoors Hike through verdant forests summit majestic mountains kayak along sparkling lakes and set sail on picturesque coastlines Discover the region's renowned ski resorts cycle through scenic countryside and camp under a canopy of stars This guidebook provides detailed trail descriptions park recommendations and outdoor adventure tips to help you plan your perfect escape into nature Indulge in the region's delectable culinary delights Savor the succulent lobsters of Maine relish the savory clam chowder of Rhode Island and delight in the sweet symphony of Vermont's maple syrup This book features insider tips on the best local restaurants craft breweries and farmers markets ensuring that you experience the true flavors of New England Discover the region's rich cultural heritage Visit world renowned museums showcasing artistic treasures attend vibrant theater productions and immerse yourself in the rhythm of live music festivals Explore galleries filled with exquisite crafts and paintings and uncover the stories behind the region's architectural landmarks This guidebook provides comprehensive listings of cultural attractions historical sites and local events to help you plan a journey that will enrich your soul and leave an everlasting impression Whether you're a seasoned traveler or embarking on your first adventure in New England this guidebook is your indispensable companion With its wealth of insider tips detailed maps and comprehensive listings you'll discover the hidden gems and create memories that will last a lifetime Let New England's allure captivate you and embark on a journey that will redefine your travel experiences If you like this book write a review      Jordan Marsh Anthony M. previously been assumed for Puritan society Her legal history brings fresh insight to well known as well as more obscure banishment cases including those of Anne Hutchinson Roger Williams Thomas Morton the Quakers and the Indians banished to Deer Island during King Philip s War Many of these cases were driven less by the religious violations that may have triggered them than by the establishment of rules for membership in a civil society Law provided a language for the Puritans to know and say who they were and who they were not Banished reveals the Puritans previously neglected investment in the legal rhetoric that continues to shape our understanding of borders boundaries and social exclusion      **Mysteries and Legends of New England** Diana Ross McCain,2009-08-04 From vampires to an angel a ghost rapper to a phantom ship Mysteries and Legends of New England pulls back the curtain on some of the region s most fascinating and compelling stories      The New England History, from the Discovery of the Continent by the Northmen, A.
