Who Gets to Write Fiction? Ariel Sacks, 2023-10-03. Writing and sharing fiction allows adolescents to glimpse other lives. The current curricular emphasis on analytical writing can make it feel risky to teach creative writing in ELA classrooms. But the opportunity to write fiction in school opens many doors for young people, doors the author argues are critical to the development of our students, our education system, and even our democracy. This book will delight English teachers weary of focusing relentlessly on argument and information writing. Veteran teacher Ariel Sacks vividly describes the many academic, social, emotional, and community-building advantages of teaching imaginative writing in the classroom, not least of which is the impact it has on equity for marginalized students. Her book is a teacher-to-teacher text that folds in detailed practical guidance about how to design lessons and meet standards while presenting a powerful central argument that the writing of fiction should be treated not as a luxury for some but as a center of the English curriculum for all students.

Ayolukorede, 2025-05-31. How far would you go for love when love is the only thing left to give? Tunde is a gifted artist trying to survive Lagos. He keeps his head down, avoids attachment, and hides his pain behind pencil sketches and unspoken dreams. Until one unexpected morning in a coffee shop, a girl named Mia walks in, and nothing is ever the same again. Mia is chaos and sunlight, fierce and free, with a voice that carries joy and a presence that shifts everything around her. She doesn't just

walk into Tunde's life she rearranges it. What begins as a chance connection slowly blossoms into a quiet friendship neither of them saw coming. But when life hits hard and time runs thin, what happens to the love that was never confessed? Faced with the impossible, Tunde makes a choice, one so radical, so gut wrenching, it will redefine what love means. In a world where time runs fast and second chances are rare, how far would you go to save the one person who taught you how to live? **HEARTBEAT** is a soul stirring modern African love story woven with quiet humor, heartbreak and hope. Told in poetic prose and voice over confessions, it is a hauntingly tender story about timing, vulnerability, explores the depths of human connection, the madness of love and the quiet sacrifices we make for the ones we love without ever saying the words. Is love still love if it costs you everything? Perfect for fans and lovers of emotionally rich fiction that lingers long after the final page. This unforgettable story will break your heart and heal it in the same breath. [The Chilean Dictatorship Novel](#) Helene Carol

Weldt-Basson, 2024-06-01. Though the civil rights abuses by the Pinochet dictatorship in Chile 1973-1990 were later recognized by reparations and truth commissions, the difficult emotions suffered by the victims and their families were often pushed into the background or out of the national conversation entirely. In response, novelists began writing memory of feelings experienced during the dictatorship into their books. In *The Chilean Dictatorship Novel*, Weldt Basson examines fifteen novels and one testimony written on the topic of dictatorship to illustrate how these Chilean narratives center on affect and emotions. Each chapter focuses on a different emotion: feelings of loss because of father abandonment and spatial injustice caused by the neoliberal urbanization of Santiago; despair articulated through tragic romances and affective landscapes; left wing nostalgia and melancholia communicated through allegory; feelings of abjection caused by torture and betrayal; and the creation of affect through violent events, aggressive child play and sexual torture. Through a close look at the work of Jos Donoso, Ariel Dorfman, Diamela Eltit, Carlos Franz and Nona Fernández among others, Weldt Basson effectively argues that by inspiring emotion and creating empathy within readers, the authors of these books instill a drive in the readers for ongoing social justice advocacy, thereby transforming the process of reading into a platform for future action. Weldt Basson's landmark study will serve as a basis for the future study of Latin American literature for decades to come.
