Heartbreak and Roses Janet Bode, Stan Mack, 1995-12 A collection of true stories in which teenagers talk about their experiences with obsessive love tormented love bittersweet love and love against all odds *Heartbreak and Roses* Janet Bode, 2000-09-01

Teens from around the United States reflect on love sexual behavior and relationships with their parents and friends *Using Literature to Help Troubled Teenagers Cope with Identity Issues* Jeffrey S. Kaplan, 1999-11-30

The search for one's identity is an ancient quest reflected throughout history in stories where human glory and conquest are often layered with great pain and self doubt meant to help people discover themselves and who they are Today this quest is found prevalently in young adult novels where characters wrestle with modern dilemmas in order to find themselves This reference resource provides a link for teachers media specialists parents and other adults to those novels and how to use them effectively Educators and therapists explore the literature where common identity issues are addressed in ways intriguing to teens Using fictional characters these experts provide guidance on how to encourage adolescents to cope while improving their reading and writing skills Twelve novels are examined from both a literary and psychological perspective allowing the readers to meet the central figures as if they were living human beings Each chapter is written by a literature specialist who has teamed up with a therapist and confronts a different identity issue examining such dilemmas as body image the father son relationship bigotry and peer relations This pair of experts tries to define the central character's struggle in each novel to discover who they are and to become self actualized individuals Each chapter also provides an annotated bibliography of other works both fiction and nonfiction that explore these same issues to give readers not only the insight into helping teenagers with similar problems but also the tools with which to get teenagers reading and addressing these problems This innovative approach is meant to provide the opportunity for adults and adolescents to better understand each other *Using Literature to Help Troubled Teenagers Cope with Societal Issues* Pamela Sissi Carroll, 1999-11-30

Teachers media specialists parents and other adults who work with adolescents must recognize that our society influences who teenagers are and how they develop as language users This unique resource provides guidance to these professionals by pairing literacy specialists with counselors who introduce information about social issues important to today's adolescents These experts then explore literature in which issues such as body image sexuality and leaving home are addressed in ways likely to interest teens By examining fictional characters these experts provide guidance to those working with teenagers so they can encourage adolescents to deal with the conflicts and issues imposed upon them by our society while improving their reading and writing skills Eight important social issues are explored each in a separate chapter While providing in depth exploration of fictional characters grappling with these societal issues each chapter also provides a question and answer section in which specialists answer questions many adults have raised regarding social influences on teenagers Readers are given insight into how they can help teenagers with similar problems and extensive annotated bibliographies recommend

appropriate books to get teenagers reading and addressing these problems This collaboration across academic specialties provides an innovative approach to attaining the goal of helping adults and adolescents in gaining a better understanding of each other
