Selected Letters draws together those of his letters written over 60 years that aid the interpretation and elucidation of his works. Many of his correspondents are well known figures within literature, philosophy, history and international politics and Hagger is in the footsteps of Alexander Pope in editing his own letters which are in the tradition of Pope, Wordsworth, Keats, T. E. Lawrence, Ezra Pound and Ted Hughes, one of his correspondents. They throw light on all aspects of Hagger's vast output and are required reading for all interested in following the growth of his Universalism, his literary development and his innovative approach to universal truth.

NICHOLAS HAGGER is a poet, man of letters, cultural historian and philosopher. He has lectured at universities in Iraq, Libya and Japan where he was a Professor of English Literature. He has written 54 books. These include an immense literary offering, most recently *King Charles the Wise* and *Visions of England*, both also published by O Books and innovative works within history, philosophy and international politics and statecraft. Benjamin Britten Igor Toronyi-Lalic, 2013-11-01. Benjamin Britten was one of the most important and unusual figures in twentieth-century music. This is the perfect introduction to his many wonderful works and his fascinating controversial life. Benjamin Britten single-handedly transformed the reputation of British classical music. The enormous popular appeal of his great works such as *Peter Grimes* 1945 and *The Young Person's Guide to the Orchestra* 1946 make him the most successful opera composer of any born in the twentieth century. But his success was not without controversy and pain: he was accused of fleeing Britain to avoid military service; he was widely known to be sexually obsessed with boys; and he suffered an astonishing array of illnesses. This short book combines a colourful overview of his life with pithy descriptions of all of his

major musical works providing an intimate portrait of this highly unusual man and a persuasive account of his influences reputation and importance Each chapter tackles a key episode and theme in his life from his first compositions at the age of 5 his early friendship and collaboration with W H Auden and the beginnings of his life long relationship with the tenor Peter Pears through to his great musical successes and the establishment of the influential if tempestuous Aldeburgh Festival as well as his failures such as his coronation opera *Gloriana* known as *Boriana* and being satirised by Dudley Moore in *Beyond the Fringe* and ending with frank discussions of his na ve politics his troubling sexuality and his glorious musical legacy Published to coincide with his 100th anniversary of his birth this is the perfect introduction to a towering figure of British culture Igor Toronyi Lalic is a critic and curator He writes regularly on music for among others *The Times* and *Sunday Telegraph* He is a founder of theartsdesk.com the author of *What's That Thing* 2012 a report on public art and co director of the London Contemporary Music Festival

Britten's Unquiet Past Heather Wiebe, 2012-10-04 Examining the intersections between musical culture and a British project of reconstruction from the 1940s to the early 1960s this study asks how gestures toward the past negotiated issues of recovery and renewal In the wake of the Second World War music became a privileged site for re enchanting notions of history and community but musical recourse to the past also raised issues of mourning and loss How was sound figured as a historical object and as a locus of memory and magic Wiebe addresses this question using a wide range of sources from planning documents to journalism public ceremonial and literature Its central focus however is a set of works by Benjamin Britten that engaged both with the distant musical past and with key episodes of postwar reconstruction including the Festival of Britain the Coronation of Elizabeth II and the rebuilding of Coventry Cathedral

Britten's Donne, Hardy and Blake Songs Gordon Cameron Sly, 2023 Discussions of the poems that form Benjamin Britten's John Donne Thomas Hardy and William Blake solo song cycles have focused almost exclusively on qualities of individual texts Here Gordon Sly presents a first analytical study that looks at these cycles overarching designs By questioning when a group of

songs ought to be understood not merely as a collection but as a cycle Sly shows that Britten's personal selection and arrangement is indispensable to understanding these cycles extra musical communication The Holy Sonnets of John Donne Winter Words poems by Hardy and Songs and Proverbs of William Blake composed in 1945 1953 and 1965 respectively each represent a philosophical exploration The terrains set out by the three poets are distinct but also engage one another in important and unexpected ways Their cyclic architectures are expressed not only in their poetic arrangement but in their musical settings Key relationships and motive remain central for Britten Keys convey a network of interconnections create groupings of songs and establish levels of tonal affinity or distance Motive often intervals that can fit into any melodic harmonic or rhythmic context is used to create aural affinities between or among individual songs This book also offers a broader narrative revealing Britten's evolving philosophical convictions in post war Britain While it may not be the case that Britten intended any broader philosophical comment the works together outline the cold and brittle state that emerges from loss and aligns with their composer's increasingly stark outlook on humanity Page 4 of cover **Letters from a Life**

new account of the composer's enduring popularity 12 essays by a group of leading senior and emerging scholars offer fresh historical and interpretive contexts for all phases of Britten's career **Letters from a Life: 1939-1945** Benjamin Britten, 1991-01-01 The third volume of the letters of Benjamin Britten 1913-1976 one of the great composers of the 20th century with thorough annotations and a substantial biographical essay **Battles of Conscience** Tobias Kelly, 2022-05-05 A ground breaking new study brings us a very different picture of the Second World War asking fundamental questions about ethical commitments Accounts of the Second World War usually involve tales of bravery in battle or stoicism on the home front as the British public stood together against Fascism However the war looks very different when seen through the eyes of the 60 000 conscientious objectors who refused to take up arms and whose stories unlike those of the First World War have been almost entirely forgotten Tobias Kelly invites us to spend the war five of these individuals Roy Ridgway a factory clerk from Liverpool Tom Burns a teacher from east London Stella St John who trained as a vet and ended up in jail Ronald Duncan who set up a collective farm and Fred Urquhart a working class Scottish socialist and writer We meet many more objectors along the way people both determined and torn and travel from Finland to Syria India to rural England Edinburgh to Trinidad Although conscientious objectors were often criticised and scorned figures such as Winston Churchill and the Archbishop of Canterbury supported their right to object at least in principle suggesting that liberty of conscience was one of the freedoms the nation was fighting for And their rich cultural and moral legacy of humanitarianism and human rights from Amnesty International and Oxfam to the US civil rights movement can still be felt all around us The personal and political struggles carefully and vividly collected in this book tell us a great deal about personal and collective freedom conviction and faith war and peace and pose questions just as relevant today Does conscience make us free Where does it take us And what are the costs of going there An excellent book DAILY TELEGRAPH A moving tribute SPECTATOR
