Orrery, 1751 **Letters Of Pliny** Caecilius Secundus Gaius Plinius, 2023-07 The Letters of Pliny are a compilation of the younger Pliny's Gaius Plinius Caecilius Secundus private letters Roman author attorney and magistrate Pliny flourished in the first century AD His writings include insightful accounts of a variety of facets of Roman politics culture and everyday life during the eras of Emperors Trajan and Hadrian The letters provide a window into Pliny's intellect his connections and his

views of the world around him They cover a broad variety of themes With regard to Roman history and culture the Letters of Pliny provide a distinctive viewpoint Pliny's writings often reveal his strong sense of civic responsibility moral principles and dedication to duty He discusses moral conundrums ponders philosophical issues and considers the duties of a public worker Pliny expresses his dedication to justice and his desire to be a just and caring leader via his writings The Letters of Pliny are prized for their literary merit in addition to their historical importance His letters are interesting and thought provoking because of Pliny's elegant style his ability to express emotions and his ability to paint vivid descriptions The Gaius Plinius Letters of Pliny The continuing value of private letters as a way to comprehend and engage with the past may be seen in Caecilius Secundus or Pliny the Younger The Letters of the Younger Pliny The Younger Pliny, 2003-12-04 A prominent lawyer and administrator Pliny c AD 61-113 was also a prolific letter writer who numbered among his correspondents such eminent figures as Tacitus Suetonius and the Emperor Trajan as well as a wide circle of friends and family His lively and very personal letters address an astonishing range of topics from a deeply moving account of his uncle's death in the eruption that engulfed Pompeii to observations on the early Christians a desperate sort of cult carried to extravagant lengths from descriptions of everyday life in Rome with its scandals and court cases to Pliny's life in the country *The Letters of Pliny, the Younger* Pliny (the Younger.), John Boyle Earl of Orrery, 1751 **Letters of Pliny (Annotated)** Gaius Plinius Caecilius Secundus, William Melmoth, F.c.t. Bosanquet, 2013-09-17 GAIUS PLINIUS CAECILIUS SECUNDUS usually known as Pliny the Younger was born at Como in 62 A.D. He was only eight years old when his father Caecilius died and he was adopted by his uncle the elder Pliny author of the Natural History He was carefully educated studying rhetoric under Quintilian and other famous teachers and he became the most eloquent pleader of his time In this and in much else he imitated Cicero who had by this time come to be the recognized master of Latin style While still young he served as military tribune in Syria but he does not seem to have taken zealously to a soldier's life On his return he entered politics under the Emperor Domitian and in the year 100 A.D. was appointed consul by Trajan and admitted to confidential intercourse with that emperor Later while he was governor of Bithynia he was in the habit of submitting every point of policy to his master and the correspondence between Trajan and him which forms the last part of the present selection is of a high degree of interest both on account of the subjects discussed and for the light thrown on the characters of the two men He is supposed to have died about 113 A.D. Pliny's speeches are now lost with the exception of one a panegyric on Trajan delivered in thanksgiving for the consulate This though diffuse and somewhat too complimentary for modern taste became a model for this kind of composition The others were mostly of two classes forensic and political many of the latter being like Cicero's speech against Verres impeachments of provincial governors for cruelty and extortion toward their subjects In these as in his public activities in general he appears as a man of public spirit and integrity and in his relations with his native town he was a thoughtful and munificent benefactor The letters on which to day his fame mainly rests were largely written with a view to publication and were

arranged by Pliny himself They thus lack the spontaneity of Cicero's impulsive utterances but to most modern readers who are not special students of Roman history they are even more interesting They deal with a great variety of subjects the description of a Roman villa the charms of country life the reluctance of people to attend author's readings and to listen when they were present a dinner party legacy hunting in ancient Rome the acquisition of a piece of statuary his love for his young wife ghost stories floating islands a tame dolphin and other marvels But by far the best known are those describing the great eruption of Vesuvius in which his uncle perished a martyr to scientific curiosity and the letter to Trajan on his attempts to suppress Christianity in Bithynia with Trajan's reply approving his policy Taken altogether these letters give an absorbingly vivid picture of the days of the early empire and of the interests of a cultivated Roman gentleman of wealth Occasionally as in the last letters referred to they deal with important historical events but their chief value is in bringing before us in somewhat the same manner as *The Spectator* pictures the England of the age of Anne the life of a time which is not so unlike our own as its distance in years might indicate And in this time by no means the least interesting figure is that of the letter writer himself with his vanity and self importance his sensibility and generous affection his pedantry and his loyalty

Bosanquet, 2010 Gaius Plinius Caecilius Secundus better known as Pliny the Younger was a lawyer author and magistrate of Ancient Rome Born of the equestrian rank the lower of the two Roman aristocratic orders Pliny would ascend to the higher rank the senatorial order by being elected Quaestor in his late twenties The nephew of Pliny the Elder Pliny the Younger would have correspondence with numerous important Roman figures throughout his lifetime including the Emperor Trajan of which the latter portion of this work focuses on This representative selection of Pliny the Younger's letters serves as an important first hand document of Roman life and politics during the first century AD
