Catalogue of Manuscripts Acquired Since 1925: Manuscripts 4001-4940: Blackwood papers, 1805-1900 National Library of Scotland, 1938 The Politics of Long Division Donald John Ratcliffe, 2000 This sequel to Donald J Ratcliffe's *Party Spirit in a Frontier Republic* investigates the origins of the important series of political contests now known as the Second Party System Whereas recent historians claim that the mass parties of the antebellum era emerged in the 1830s Ratcliffe argues that already by 1828 the battle lines had been laid down in Ohio that would dominate local and national politics until the eve of the Civil War and even persist into the twentieth century This cleavage in popular political loyalties first emerged Ratcliffe contends in the wake of the Missouri crests and the Panic of 1819 In 1824 the struggle to control the federal government saw many voters make choices to which they subsequently clung Then in 1828 with the rise of the Jacksonian opposition the excitements of the first closely contested presidential election in Ohio brought unprecedented numbers of voters into the electoral contest The choices that voters made at this critical time reflected in part the energetic organizational work of ambitious politicians and the persuasive scurrility of the media But more significantly it revealed not only the economic hopes and political attachments but also the cultural attitudes ethnic antagonisms and social tensions that divided Ohioans in the much neglected decade of the 1820s The New England Historical and Genealogical Register, 1914 Beginning in 1924 Proceedings are incorporated into the April no **The Antitrust Improvements Act of 1975** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Antitrust and Monopoly, 1976 News Letter United States. Dept. of State, 1973 The Black Laws Stephen Middleton, 2005 Beginning in 1803 and continuing for several decades the Ohio legislature enacted what came to be known as the Black Laws Stephen Middleton tells the story of this racial oppression in Ohio and provides chilling episodes of how blacks asserted their freedom from the enactment of the Black Laws until the adoption of the Fourteenth Amendment **The New York Genealogical and Biographical Record** Richard Henry Greene, Henry Reed Stiles, Melatiah Everett Dwight, George Austin Morrison, Hopper Striker Mott, John Reynolds Totten, Harold Minot Pitman, Charles Andrew Ditmas, Louis Effingham De Forest, Conklin Mann, Arthur S. Race and Rights Dana Elizabeth Weiner, 2013-01-15 In the Old Northwest from 1830 to 1870 a bold set of activists battled slavery and racial prejudice This book is about their expansive efforts to eradicate southern slavery and its local influence in the contentious milieu of four new states carved out of the Northwest Territory Illinois Indiana Michigan and Ohio While the Northwest Ordinance outlawed slavery in the region in 1787 in reality both it and racism continued to exert strong influence in the Old Northwest as seen in the race based limitations of civil liberties there Indeed these states comprised the central battleground over race and rights in antebellum America in a time when race's social meaning was deeply infused into all aspects of Americans lives and when people struggled to establish political consensus Antislavery and

anti prejudice activists from a range of institutional bases crossed racial lines as they battled to expand African American rights in this region Whether they were antislavery lecturers journalists or African American leaders of the Black Convention Movement women or men they formed associations wrote publicly to denounce their local racial climate and gave controversial lectures In the process they discovered that they had to fight for their own right to advocate for others This bracing new history by Dana Elizabeth Weiner is thus not only a history of activism but also a history of how Old Northwest reformers understood the law and shaped new conceptions of justice and civil liberties The newest addition to the Mellon sponsored Early American Places Series Race and Rights will be a much welcomed contribution to the study of race and social activism in nineteenth century America

To Advance the Race Linda M. Perkins,2024-04-09 From the United States earliest days African Americans considered education essential for their freedom and progress Linda M Perkins s study ranges across educational and geographical settings to tell the stories of Black women and girls as students professors and administrators Beginning with early efforts and the establishment of abolitionist colleges Perkins follows the history of Black women s post Civil War experiences at elite white schools and public universities in northern and midwestern states Their presence in Black institutions like Howard University marked another advancement as did Black women becoming professors and administrators But such progress intersected with race and education in the postwar era As gender questions sparked conflict between educated Black women and Black men it forced the former to contend with traditional notions of women s roles even as the 1960s opened educational opportunities for all African Americans A first of its kind history To Advance the Race is an enlightening look at African American women and their multi generational commitment to the ideal of education as a collective achievement
