## *Letter to a Young Activist*

Do not depend on the hope of results. When you are doing the sort of work you have taken on, essentially an apostolic work, you may have to face the fact that your work will be apparently worthless and even achieve no result at all, if not perhaps results opposite to what you expect. As you get used to this idea, you start more and more to concentrate not on the results but on the value, the truth of the work itself. And there, too, a great deal has to be gone through, as gradually you struggle less and less for an idea and more and more for specific people. The range tends to narrow down, but it gets much more real. In the end, it is the reality of personal relationships that saves everything.

You are fed up with words, and I don't blame you. I am nauseated by them sometimes. I am also, to tell the truth, nauseated by ideals and with causes. This sounds like heresy, but I think you will understand what I mean. It is so easy to get engrossed with ideas and slogans and myths that in the end one is left holding the bag, empty, with no trace of meaning left in it. And then the temptation is to yell louder than ever in order to make the meaning be there again by magic. Going through this kind of reaction helps you to guard against this. Your system is complaining of too much verbalizing, and it is right.

... the big results are not in your hands or mine, but they suddenly happen, and we can share in them; but there is no point in building our lives on this personal satisfaction, which may be denied us and which after all is not that important.

The next step in the process is for you to see that your own thinking about what you are doing is crucially important. You are probably striving to build yourself an identity in your work, out of your work and your witness. You are using it, so to speak, to protect yourself against nothingness, annihilation. That is not the right use of your work. All the good that you will do will come not from you but from the fact that you have allowed yourself, in the obedience of faith, to be used by God's love. Think of this more and gradually you will be free from the need to prove yourself, and you can be more open to the power that will work through you without your knowing it.

The great thing after all is to live, not to pour out your life in the service of a myth: and we turn the best things into myths. If you can get free from the domination of causes and just serve Christ's truth, you will be able to do more and will be less crushed by the inevitable disappointments. Because I see nothing whatever in sight but much disappointment, frustration, and confusion. . .

The real hope, then, is not in something we think we can do, but in God who is making something good out of it in some way we cannot see. If we can do his will, we will be helping in this process. But we will not necessarily know all about it beforehand. . .

Enough of this . . . it is at least a gesture . . . I will keep you in my prayers.

*All the best, in Christ,*

Markham,2023-07-07 Institutions are very precious If any idea is going to persist into the future then it needs an institution to keep it going Each of us comes to understand often only gradually over the decades how some influences from our earlier life have affected us Some will have been inspiring Some will have given us direct models of how to behave or how not to behave Indeed it is often the case that the deeper an influence turns out to have been in the long run the less likely it is that we noticed it at the time it was happening For this reason it has become necessary to find the time to reflect on and express gratitude for the institutions that helped form who we are and the work that we do

This collection of essays explores the impact of one institution on twenty five participants twenty five years after we worked together The Institution was Liverpool Hope University College and is now Liverpool Hope University By telling and reflecting on our stories we aim to encourage others to think about their own experiences and ultimately our earnest hope is that a greater awareness of this aspect of university life will help to transform our collective understanding of the nature of universities in particular and of communities institutions or societies in general But there was something special about belonging to a community called Hope

M. Pike, 2017-09-19 *For the Wild* explores the ways in which the commitments of radical environmental and animal rights activists develop through powerful experiences with the more than human world during childhood and young adulthood. The book addresses the question of how and why activists come to value nonhuman animals and the natural world as worthy of protection. Emotions and memories of wonder, love, compassion, anger, and grief shape activists' protest practices and help us understand their deep-rooted dedication to the planet and its creatures. Drawing on analyses of activist art, music, and writings as well as interviews and participant observation in activist communities, Sarah M. Night Letters Chris Sands, Fazelminallah Qazizai, 2019-11-01 In 1969, several young men met on a rainy night in Kabul to form an Islamist student group. Their aim was laid out in a simple typewritten statement to halt the spread of Soviet and American influence in Afghanistan. They went on to change the world. *Night Letters* tells the extraordinary story of the group's most notorious member, Gulbuddin Hekmatyar, and the guerrilla organization he came to lead, Hizb-e-Islami. By the late 1980s, tens of thousands were drawn to Hekmatyar's vision of a radical Islamic state that would sow unrest from Kashmir to Jerusalem. His doctrine of violent global jihad culminated in 9/11 and the birth of ISIS, yet he never achieved his dream of ruling Afghanistan. The peace deal he signed with Kabul in 2016 was yet another controversial twist in an astonishing life. Sands and Qazizai delve into the secret history of Hekmatyar and Hizb-e-Islami, their wars against Russian and American troops, and their bloody and bitter feuds with domestic enemies. Based on hundreds of exclusive interviews carried out across the region and beyond, this is the definitive account of the most important yet poorly understood international Islamist movement of the last fifty years. **How Coffee Saved My Life** Ellie Roscher, 2009-08-01 Based on the author's true life experiences, *How Coffee Saved My Life* is a funny, tragic, provocative, and touching story of a rich white North American overachiever who spends a year in Uruguay in hopes of becoming a more responsible and sensitive member of the global community. Throughout the book, vignettes tied to the Spanish language flow from observation to theological analysis. Martha, Mary, and Jesus Nancy Corson Carter, 2020-04-07
