

THE LETTERS OF D. H. LAWRENCE

Edited and with an Introduction by
ALDOUS HUXLEY

The Letters of D. H. Lawrence, edited by Aldous Huxley and with his perceptive Introduction, was published in 1932. Since then Lawrence has never ceased to be the centre of controversy. As a letter-writer he was no less unusual than he was as a novelist, poet, essayist and critic of literature and morals. This volume of the letters makes available again a collection which reflects over twenty years the growth of Lawrence's qualities—poised and charming, or demonic and maddening—as a man and a writer.

"Not only does a reading confirm the view that they are among the finest ever written but they illuminate the man and his works as nothing else has yet managed to do. They are at the centre of his deepest concerns. 'Sometimes like Blake's, Lawrence's letters were a partial substitute for creation,' Mr. Moore justly observed: often, like Keat's, they were an overflow of creative energy.

"... the bulk of the magnificent letters. They are Lawrence's sufficient biography. They are the man, striding (never shuffling) between the sandwich-boards of the world; always hard up, increasingly ill, cheered by officialdom and police, warning to lodge when people throw things, retaining a remarkable amount of dignity and good sense and even, on and off, cheerfulness. He hated self-pity and cynical misers, even more than he hated good-dimers. His qualifications as a critic have been argued on many sides lately. The crucial thing surely is that what Lawrence says about others always seems so much more than what others say about him."
