Huysmans, 1977 **Children of Lucifer** Ruben van Luijk, 2016-05-02 If we are to believe sensationalist media coverage Satanism is at its most benign the purview of people who dress in black adorn themselves with skull and pentagram paraphernalia and listen to heavy metal At its most sinister its adherents are worshippers of evil incarnate and engage in violent and perverse secret rituals the details of which mainstream society imagines with a fascination verging on the obscene Children of Lucifer debunks these facile characterizations by exploring the historical origins of modern Satanism Ruben van Luijk traces the movement s development from a concept invented by a Christian church eager to demonize its internal and external competitors to a positive anti religious identity embraced by various groups in the modern West Van Luijk offers a comprehensive intellectual history of this long and unpredictable trajectory This story involves Romantic poets radical anarchists eccentric esotericists Decadent writers and schismatic exorcists among others and culminates in the establishment of the Church of Satan by carnival entertainer Anton Szandor LaVey Yet it is more than a collection of colorful characters and unlikely historical episodes The emergence of new attitudes toward Satan proves to be intimately linked to the ideological struggle for emancipation that transformed the West and is epitomized by the American and French Revolutions It is also closely connected to secularization that other exceptional historical process which saw Western culture spontaneously renounce its traditional gods and enter into a self imposed state of religious indecision Children of Lucifer makes the case that the emergence of Satanism presents a shadow history of the evolution of modern civilization as we know it Offering the most comprehensive account of this history yet written van Luijk proves that in the case of Satanism the facts are much more interesting than the fiction *The Brush and the Pen* Dario Gamboni, 2011 French symbolist artist Odilon Redon 1840 1916 seemed to thrive at the intersection of literature and art Known as the painter writer he drew on the works of Poe Baudelaire Flaubert and Mallarm for his subject matter And yet he concluded that visual art has nothing to do with literature Examining this apparent contradiction The Brush and the Pen transforms the way we understand Redon s career and brings to life the interaction between writers and artists in fin de si cle Paris Dario Gamboni tracks Redon s evolution from collaboration with the writers of symbolism and decadence to a defense of the autonomy of the visual arts He argues

that Redon's conversion was the symptom of a mounting crisis in the relationship between artists and writers provoked at the turn of the century by the growing power of art criticism that foreshadowed the modernist separation of the arts into intractable fields. In addition to being a distinguished study of this provocative artist, *The Brush and the Pen* offers a critical reappraisal of the interaction of art, writing, criticism, and government institutions in late nineteenth-century France. [The Life of J.-K. Huysmans](#) Robert Baldick, 2020-04-29 Like Froude's biography of Carlyle, Holroyd's Shaw, and Ellmann's Joyce, Robert Baldick's *Life of J. K. Huysmans* has become not just a standard reference work to be consulted as regularly as the writing of the author whose life it chronicles but a work of literature in its own right. First published fifty years ago, Baldick's classic biography presents a compelling narrative of Huysmans' life and work in all its various phases, from the Naturalism of the 1870s to the Decadence of the 1880s and from the occult vogue of the 1890s to the Catholic Revival of the turn of the century, and it is written with such impeccable scholarship that it is still relied on today as regards matters of fact and detail. For this new edition, the first time the biography has been reprinted in English, Baldick's notes have been extensively revised and updated by Brendan King to take account of new developments and publications in the field of Huysmansian studies.

Reality and Illusion in the Novels of J.-K. Huysmans Ruth B. Antosh, 2023-10-16 **J.-K. Huysmans** Ruth

Antosh, 2024-07-06 A critical biography of a major novelist and art critic from the late nineteenth-century French decadent movement, J. K. Huysmans (1848-1907) is often hailed as a forerunner of modernist letters. While his novel *reboours* *Against Nature* remains infamous for its reclusive protagonist retreating into a realm of artifice and dreams, Huysmans's literary contributions are far-reaching. Ruth Antosh explores Huysmans's life and work, illustrating how both reflect an uneasy era of profound social and artistic change. In this context, Huysmans's correspondence, early fiction, art criticism, and surrealist novel *En rade* *Stranded* demand greater critical attention. Antosh argues that Huysmans's life should be understood as an unwavering quest for spiritual and aesthetic fulfillment. *Struggle for the Soul of the French Novel* Michael

Scott, 1989-06-18 This book describes the challenge to traditional Christian beliefs that was inherent in the very concept of literary Realism and presents the Catholic novel as a series of conscious readaptations of Realist techniques and models. Authors studied include Flaubert, Bernanos, and Mauriac. **Romancing the Cathedral** Elizabeth Emery, 2001-09-20

Through an analysis of political, art, historical, and literary discourse, this book considers French fascination with the Gothic cathedral. [The Novel-Essay, 1884-1947](#) S. Ercolino, 2014-04-08 The novel essay emerged in France in the last quarter of the nineteenth century and reached its highest formal complexity in Austria and Germany during the interwar period. Here Ercolino argues that it is crucial for a renovated understating of the history of the novel in modernity. **The Family in**

Crisis in Late Nineteenth-Century French Fiction Nicholas White, 1999-01-13 *The Family in Crisis in Late Nineteenth-Century French Fiction* first published in 1999, focuses on a key moment in the construction of the modern view of the family in France. Nicholas White's analysis of novels by Zola, Maupassant, Hennique, Bourget, and Armand Charpentier is fashioned by

perspectives on a wide cultural field including legal popular and academic discourses on the family and its discontents His account encourages a close rereading of canonical as well as overlooked texts from fin de siècle France What emerges between the death of Flaubert in 1880 and the publication of Bourget's *Un divorce* in 1904 is a series of Naturalist and post-Naturalist representations of transgressive behaviour in which tales of adultery illegitimacy consanguinity incest and divorce serve to exemplify and to offer a range of nuances on the Third Republic's crisis in what might now be termed family values
