Leviathan Authoritative Text Backgrounds Interpretations:

Feminist Interpretations of Thomas Hobbes Nancy J. Hirschmann, Joanne Harriet Wright, 2012 A collection of essays analyzing the seventeenth century British political theorist Thomas Hobbes from a feminist perspective Provided by publisher

Leviathan Thomas Hobbes, 2006-01-15 By a deep and careful analysis of the text enabling a new printing history of Leviathan to be constructed this edition demonstrates that the traditional picture is substantially wrong Both the Bear and Ornaments editions contain corrections and changes by Hobbes himself and are therefore central to reconstructing his text In their substantial Introduction the editors examine all previous editions of Leviathan as well as the manuscript copy prepared for Hobbes as a presentation copy for the King throwing light on its history and calling into question the assumptions of previous editors They thus provide an entirely new picture of its production Schuhmann and Rogers also make full use of the Latin edition of Leviathan published in 1668 when Hobbes was 80 years old Through these new perspectives they are able to offer the first complete critical edition to take proper account of the publishing history and of Hobbes's own wishes The result is as definitive an edition of Leviathan as modern scholarship can provide *Violence and Belonging* Are J. Knudsen, 2009 Honor and violence are major themes in the anthropology of the Middle East yet apart from political violence most studies approach violence from the perspective of honour By contrast this important study examines the meanings of lethal conflict in a little studied tribal society in Pakistan's unruly North West Frontier Province NWFP and offers a new perspective on its causes Based on an in depth study of local conflicts the book challenges stereotyped images of a region and people miscast as extremist and militant Being grounded in local ethnography enables the book to shed light on the complexities of violence not only at the structural or systemic level but also as experienced by the men involved in lethal conflict In this way the book provides a subjective and experiential approach to violence that is applicable beyond the field locality and relevant for advancing the study of violence in the Middle East and South Asia The book is the first ethnographic study of this region since renowned anthropologist Fredrik Barth's pioneering study in 1954

Visions and Revisions

James Dale Williams, 2002 Williams Soka U California has compiled nine essays that examine rhetoric and composition from the 1960s to the present its emergence as a field the influence of linguistics and psychology in shaping an empirical agenda the waning of that influence as the field aligned itself more closely with the goals and objectives of traditional English departments the shift toward postmodern perspectives on language place and self and a move toward post postmodern concerns This historical study begins with reminiscences by Richard Lloyd Jones W Ross Winterowd Frank J D Angelo and John Warnock The second section examines those changes in detail For example Williams makes the connection between rhetoric and democracy especially the influence of liberal democracy on rhetoric in society He argues that because our liberal democracy is so focused on entertainment rhetoric and composition must examine its role in relation to it Annotation copyrighted by Book News Inc Portland OR Archives of the Insensible Allen Feldman, 2015-12-08 In Archives of the

Insensible anthropologist Allen Feldman presents a genealogical critique of the sensibilities and insensibilities of contemporary warfare. Feldman subjects the law to a strip search, interrogating diverse trials and revealing the intersecting forms of bodily and psychic subjugation that they display. Throughout, ethnographic specificities are treated philosophically, and political philosophy is treated ethnographically through deconstructive description. Among the cases he examines are the interrogation of Ashraf Salim at the Combatant Status Review Tribunal at Guantanamo, the kangaroo court of American soldiers who murdered Gul Mudin, an Afghani noncombatant; Gerhard Richter's forensic paintings of the disputable suicides of a Red Brigade cell in Stammheim prison; Radovan Karadzic's forensic allegations against the corpses attributed to his shelling of a market in Sarajevo; the trial of the police officers who beat Rodney G. King, and the latter's judicial lynching by video montage; Jean-Luc Godard's film class at Sarajevo, where visual facts are indicted for no longer speaking for themselves; and Jacques Derrida standing naked before his cat while awaiting apocalyptic judgment. Through his analysis of these and several other cases, Feldman shows how state power arises *ex nihilo* in the chasm between violent events themselves and the space where political meaning is made. He aims to reverse sovereign logic, the whole task of which is to transform what Foucault called the enigmatic dispersion of human events into certified facts on which state violence is grounded. In contrast, Feldman relies on the disorientation that arises from micrological description as theory in an attempt to retard the hyperaccelerated time of war and media.

A Theory of De Facto States Lucas Knotter, 2023-12-12 A Theory of De Facto States offers a new perspective on the phenomenon of de facto states political communities that manifest forms of statehood in international politics but lack international legal recognition zooming in on two prominent examples Somaliland and Kosovo Employing a thorough understanding of classical realist theories of international relations this book provides a fresh critique of the common ways in which existing research tends to identify the ostensible state features of these communities In contrast to the prevalent portrayals of such features in terms of international legal discursive and or everyday logics this book argues that de facto states can be most fundamentally characterised as exceptional polities in international relations Showcasing how the statehood and sovereignty of de facto states is based in international political crises this book concludes that these entities function as recurring disruptions of any supposed international political order A Theory of De Facto States will therefore be of interest to researchers of secession de facto statehood and International Relations theory alike

international law and the world state **Nothing Less than Victory** John David Lewis, 2013-12-26 How aggressive military strategies win wars from ancient times to today The goal of war is to defeat the enemy's will to fight But how this can be accomplished is a thorny issue Nothing Less than Victory provocatively shows that aggressive strategic military offenses can win wars and establish lasting peace while defensive maneuvers have often led to prolonged carnage indecision and stalemate Taking an ambitious and sweeping look at six major wars from antiquity to World War II John David Lewis shows how victorious military commanders have achieved long term peace by identifying the core of the enemy's ideological political and social support for a war fiercely striking at this objective and demanding that the enemy acknowledges its defeat Lewis examines the Greco Persian and Theban wars the Second Punic War Aurelian's wars to reunify Rome the American Civil War and the Second World War He considers successful examples of overwhelming force such as the Greek mutilation of Xerxes' army and navy the Theban led invasion of the Spartan homeland and Hannibal's attack against Italy as well as failed tactics of defense including Fabius's policy of delay McClellan's retreat from Richmond and Chamberlain's appeasement of Hitler Lewis shows that a war's endurance rests in each side's reasoning moral purpose and commitment to fight and why an effectively aimed well planned and quickly executed offense can end a conflict and create the conditions needed for long term peace Recognizing the human motivations behind military conflicts Nothing Less than Victory makes a powerful case for offensive actions in pursuit of peace Black Fascisms Mark Christian Thompson, 2007 In this provocative new book Mark Christian Thompson addresses the startling fact that many African American intellectuals in the 1930s sympathized with fascism seeing in its ideology a means of envisioning new modes of African American political resistance Thompson surveys the work and thought of several authors and asserts that their sometimes positive reaction to generic European fascism and its transformation into black fascism is crucial to any understanding of Depression era African American literary culture The book considers the high regard that Back to Africa advocate Marcus Garvey expressed for fascist dictators and explores the common ground he shared with George Schuyler and Claude McKay writers with whom Garvey is generally thought to be at odds Thompson reveals how fascism informed a rejection of Marxism by McKay as well as by Arna Bontemps whose *Drums at Dusk* depicts communism as antithetical to any black revolution A similarly authoritarian stance is examined in the work of Zora Neale Hurston where the striving for a fascist sovereignty presents itself as highly critical of Nazism while nonetheless sharing many of its tenets The book concludes with an investigation of Richard Wright's *The Outsider* and its murderous protagonist Cross Damon who articulates fascist drives already present if latent in *Native Son*'s Bigger Thomas Unencumbered by the historical or biblical references of the earlier work Damon personifies the essence of black fascism Taking on a subject generally ignored or denied in African American cultural and literary studies *Black Fascisms* seeks not only to question the prominence of the Left in the political thought of a generation of writers but to change how we view African American literature in general Encompassing political theory cultural studies

critical theory and historicism the book will challenge readers in numerous fields providing a new model for thinking about the political and transnational in African American culture and shedding new light on our understanding of fascism between the wars

Black Nationalism in the New World Robert Carr, 2002-10-18 Provides new insight into the development of black nationalism by examining the intersection of African American and West Indian nationalist literatures

Engaging Unbelief Curtis Chang, 2007-11-01 How can we present the truth about Jesus to a world that rejects all truth claims as arbitrary Can we find way to engage in meaningful conversation without appearing arrogant or manipulative Can we witness to the gospel without simply enlisting in the ongoing culture wars Curtis Chang has found a unique way to address these pressing questions of our age He argues that similar challenges confronted Christians at two key moments in church history and stimulated creative responses by two monumental thinkers Augustine AD 413 faced a fragmenting society where pagans accused Christians of causing the mounting social ills afflicting Rome Thomas Aquinas AD 1259 pondered the disorienting Muslim challenge that provoked most medieval Christians to crusade rather than converse Through a careful study of Augustine s City of God and Aquinas s Summa Contra Gentiles Chang argues that both followed a brilliant rhetorical strategy for engaging unbelief Such a captivating strategy is critical in our cultural context where Christian witness seems as difficult as ever Connecting these ancient writers to the contemporary analysis of thinkers like Alasdair MacIntyre James Davison Hunter Lesslie Newbigin and Stanley Hauerwas Chang puts forth his own bold recommendations for Christian rhetoric in the twenty first century This book will be of vital interest to a wide audience Scholars will find a fresh reading of these important texts Pastors and teachers of evangelism and apologetics will discover crucial resources from our Christian past And all Christians seeking a faithful strategy for communicating the gospel will receive inspiration and hope for today
