profits Yet as time went on they saw competition constantly growing sharper and ranges being overstocked As the news of their profits drifted eastward many young men allured by the romance of the cowboy s life and ignorant of its actual conditions came into the cattle country These believed that success with cattle was to be attained by riding about and watching the cattle increase and grow and shipping them to market when they had grown They were glad to be interested in a business at once so agreeable and so profitable and many a one exchanged his money for a herd a brand and some log buildings and rode over the range awaiting the advent of his riches Many of the early cattlemen sold their herds to the newcomers who somewhat later discovered that with the cattle they had bought also much experience These changes were in operation when Jack entered on his cowboy life
