Tremewan, 2011-08-30 *As near Hell as I ever expect to be* is the biography of a Civil War soldier from Ohio In September 1861 twenty seven year old John Vanetton Patterson left his young wife and two babies on their farm near Pemberville

Patterson and thousands of other Ohioans answered Lincoln's call to save the Union. In November Victoria Patterson received a letter she opened it and read the inside address As near Hell as I ever expect to be. Over the next four years this soldier husband was sick, wounded, captured and imprisoned. He escaped. Based on letters to his wife this is his story of trial and yearning. [Portals to Hell](#) Lonnie R. Speer, 1997. This is the most thorough study of Civil War POW camps in which some 56 000 died. There are no villains here though plenty of the inept, the shortsighted, the feeble-minded, the sadistic. There is a chain of misperceptions leading to disaster beginning with early expectations of few POWs and ending with both sides swamped with them and reduced to holding them in notorious pens like Andersonville in the south and Elmira in the north. Speer provides a history of each camp however long it was in use, portraits of key figures and units, frequently grisly statistics and descriptions of camp life and conditions that are even grislier, and notes on the present condition of major campsites. No story for the weak-stomached: this is a telling indictment of how negligence led to mass death. **Catalogue of the Free Public**

Library of the City of Lawrence, 1873 Lawrence Public Library, 1873. [Down the Hill](#) Susan Hendricks, 2023-09-19. Former CNN HLN anchor and veteran broadcast journalist Susan Hendricks takes an investigative deep dive into the still unsolved double homicide of two teens in Delphi, Indiana, and its lasting impact on the community. On February 13, 2017, two teenage girls, 13-year-old Abby Williams and 14-year-old Libby German, decided to enjoy a day off from school by exploring the popular hiking trails near the Monon High Bridge, just a few minutes drive from Libby's home in Delphi, Indiana. Libby's sister, Kelsi, dropped the two girls off at the head of the trail and waved to them as they walked down the path, which was the last time they'd ever be seen alive. Less than 24 hours later, their bodies were found on the north bank of Deer Creek, about a mile from where they were last seen. There were few clues and little to go on in terms of physical evidence except for the visual and audio remnants of a strange encounter the girls had with a stranger just hours before their disappearance: an encounter unsettling enough that Libby had thought to record it on her cellphone as it unfolded. In the years since the murders were first made public, Libby's audio and video recordings have been released, and two very different composite sketches of the suspect have been shown, but local law enforcement remained vague about developments for years until, finally, in October 2022, the long-awaited suspect was arrested and a trial date was set. Longtime anchor and journalist Susan Hendricks was one of the first reporters to cover the case. A broadcast veteran with decades worth of experience under her belt, she was no stranger when it came to sharing the tragedies of the day with viewers. But there was something about this case that rattled her to her core. A year after the murders, Susan went to Delphi to interview the victims' families for an in-depth special report where Kelsi drove Susan down the same path that she drove her sister down on the last day of her life. Over the years, Susan has built close relationships with family members and law enforcement officials and armchair detectives alike who are determined to get justice for Abby and Libby. In *Down the Hill*, Hendricks digs deeper into the mystery that has captivated our nation for years, exploring the family's enduring resilience and advocacy as well as the

rippling impact the case has had on not just Delphi but the very heart of the American heartland As a result this book is more than just a book about a double homicide it s about a small town in middle America that s been haunted by an unfathomable act of violence it s about the ways families and communities cope with grief and move forward after tragedy it s about the limitations of local law enforcement and the rise of technology in helping to solve cases in new ways But it s also about compassion connection empathy and resilience on a very real very human level The Greatest Escape Douglas
