Liberal Economics Democracy Keynes Galbraith Thurow Reich:

Liberal Economics and Democracy Conrad Waligorski, 1997 Waligorski shows why there is such resilience and viability to this brand of liberalism The chapter on Keynes is as good a short piece on the economist as can be found anywhere Kenneth M Dolbeare author of *American Political Thought* A coherent and insightful book by a sagacious thinker Charles E Lindblom author of *Politics and Markets* John Kenneth Galbraith James Ronald Stanfield, 2016-04-30 This book examines the life and work of John Kenneth Galbraith a truly iconic figure in progressive modern liberalism and a seminal influence in the rise of heterodox political economy It emphasizes his continuing relevance to the current research of today and to the multifaceted crisis of democratic capitalism *Dialectical Democracy through Christian Thought* D. Brockman, 2016-04-29 *Dialectical Democracy through Christian Thought* offers an accessible yet theologically groundbreaking intervention into the battle over the role of government in the market This book shows that the fight over policy involves a fundamental disagreement about who we are as human beings independent individuals or essentially social creatures *John Kenneth Galbraith* Conrad Waligorski, 2006-06-08 This work examines the economist John Kenneth Galbraith through the unique lense of political theory Waligorski illustrates the continuing link between politics and economics in American political discourse by locating Galbraith in a framework of liberal and conservative theo **Liberalism Versus Conservatism** François B. Gérard, 2000 Everyone eschews labels yet we all seem to posses them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what to these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author **Comparative Perspectives on the Substance of EU Democracy Promotion** Anne Wetzel, Jan Orbie, Fabienne Bossuyt, 2017-10-02 This book examines the substance of European Union EU democracy promotion by comparing it with norms of governance that other international actors promote among them the United Nations the United States the Central and East European EU member states Russia China and non governmental organizations It aims is to gain a better understanding of the EU s democracy promotion agenda and to learn more about the in distinctiveness of the norms diffused by the EU Building on a common conceptual chapter the contributions follow different theoretical approaches and research designs and focus on a diversity of case studies The book concludes that in comparison with other international actors the EU s conceptual approach to democracy promotion is diffuse which in turn makes the EU a particularly flexible but also technical democracy promoter when it comes to implementation At the same time there are limits to flexibility at the level of concepts and frames This

indicates a distinct character of the substance of EU democracy promotion which can be linked to the nature of the EU polity This book was published as a special issue of the Cambridge Review of International Affairs **The Neoliberal Revolution** Richard Robison,2006-03-28 The book examines the rise of the amalgam of economic and political ideas we know as neo liberalism and how these became the defining orthodoxy of our times It investigates the inexorable global spread of market economies and how neo liberal agendas are accommodated or hijacked in collisions with authoritarian states and populist oligarchies **Democratic Futures** Milja Kurki,2013 This text explains the different models of democracy and the varied approaches taken by a number of international actors to promote or impose democratic and economic reform **Capitalist Development and Economism in East Asia** Kui-Wai Li,2003-08-29 Taking a conceptual approach this book studies the economic development of the four East Asian economies since 1950 The author summarizes and reconsiders many of the arguments and findings that supported and explained the economic miracles of Hong Kong Singapore Taiwan and South Korea analysing the relationship between economic development growth and political economy This pioneering book will stimulate further analysis of East Asian development It will be of essential interest to scholars in East Asian economics and all those interested in modern economic development **More** Robert M. Collins,2002-04-04 James Carville famously reminded Bill Clinton throughout 1992 that it s the economy stupid Yet for the last forty years historians of modern America have ignored the economy to focus on cultural social and political themes from the birth of modern feminism to the fall of the Berlin Wall Now a scholar has stepped forward to place the economy back in its rightful place at the center of his historical narrative In More Robert M Collins reexamines the history of the United States from Franklin Delano Roosevelt to Bill Clinton focusing on the federal government s determined pursuit of economic growth After tracing the emergence of growth as a priority during FDR s presidency Collins explores the record of successive administrations highlighting both their success in fostering growth and its partisan uses Collins reveals that the obsession with growth appears not only as a matter of policy but as an expression of Cold War ideology both a means to pay for the arms build up and proof of the superiority of the United States market economy But under Johnson this enthusiasm sparked a crisis spending on Vietnam unleashed runaway inflation while the nation struggled with the moral consequences of its prosperity reflected in books such as John Kenneth Galbraith s The Affluent Society and Rachel Carson s Silent Spring More continues up to the end of the 1990s as Collins explains the real impact of Reagan s policies and astutely assesses Clinton s disciplined growthmanship which combined deficit reduction and a relaxed but watchful monetary policy by the Federal Reserve Writing with eloquence and analytical clarity Robert M Collins offers a startlingly new framework for understanding the history of postwar America **Statecraft, Welfare and the Politics of Inclusion** K. Jayasuriya,2006-04-12 Jayasuriya explores the dynamics of a new social agenda conceived within the boundaries of neo liberalism The enhanced focus on issues such as poverty through strategies of inclusion frames new terms of engagement for social policy different from that which existed in the terrain of

the post war welfare state Poverty in the United States Gwendolyn Mink, Alice M. O'Connor, 2004-11-22 The first interdisciplinary reference to cover the socioeconomic and political history the movements and the changing face of poverty in the United States Poverty in the United States An Encyclopedia of History Politics and Policy follows the history of poverty in the United States with an emphasis on the 20th century and examines the evolution of public policy and the impact of critical movements in social welfare such as the New Deal the War on Poverty and more recently the end of welfare as we know it Encompassing the contributions of hundreds of experts including historians sociologists and political scientists this resource provides a much broader level of information than previous highly selective works With approximately 300 alphabetically organized topics it covers topics and issues ranging from affirmative action to the Bracero Program the Great Depression and living wage campaigns to domestic abuse and unemployment Other entries describe and analyze the definitions and explanations of poverty the relationship of the welfare state to poverty and the political responses by the poor middle class professionals and the policy elite **A Companion to Post-1945 America** Jean-Christophe Agnew, Roy Rosenzweig, 2008-04-15 A Companion to Post 1945 America is an original collection of 34 essays by key scholars on the history and historiography of Post 1945 America Covers society and culture people and movements politics and foreign policy Surveys and evaluates the best scholarship on every important era and topic Includes book review section on essential readings **Scoundrels, Thugs, and Fools** Don Ambrose, 2009-02 Scoundrels Thugs and Fools depicts an adventurous journey through an imaginary island nation completely dominated by right wing extremists Manifestations of wingnut skulduggery corruption dogmatism and the wild spin of shameless propaganda are reflected in the names and actions of characters such as Pundit O Gasbag a loud narrow minded infuriating news anchor talk show host at Weasel News Shrilly Noxious his wild eyed psychopathic partner in punditry Bovine Ninny a shallow inarticulate dull witted man of puzzling charisma who somehow became the Emperor of Neoconland and Senator Hubris Mendacious III Esq a long serving politician who dances to the tune of corporate lobbyists whenever they pull his puppet strings which are attached to metal eye hooks screwed into his knees wrists skull larynx and groin Some Neoconian locations corporations organizations and artifacts include Flaming Filth River in Empathy Gulf Valley Lobbyville in the capital city of Fascisto the Zealots Court Building Dogma University Coughing Coal Black Industries the Maniacal Cult of Intolerant Absolutism and the Boneshredder assault rifle grand prize at the Guns for Kids Jamboree The playful story is supported by extensive footnotes explaining the meaning of the characters and events in terms of rigorous research findings from various academic disciplines **Trams or Tailfins?** Jan L. Logemann, 2012-11-28 In the years that followed World War II both the United States and the newly formed West German republic had an opportunity to remake their economies Since then much has been made of a supposed Americanization of European consumer societies in Germany and elsewhere Arguing against these foggy notions Jan L. Logemann takes a comparative look at the development of postwar mass consumption in West Germany and the United

States and the emergence of discrete consumer modernities In *Trams or Tailfins* Logemann explains how the decisions made at this crucial time helped to define both of these economic superpowers in the second half of the twentieth century While Americans splurged on private cars and bought goods on credit in suburban shopping malls Germans rebuilt public transit and developed pedestrian shopping streets in their city centers choices that continue to shape the quality and character of life decades later Outlining the abundant differences in the structures of consumer society consumer habits and the role of public consumption in these countries Logemann reveals the many subtle ways that the spheres of government society and physical space define how we live **Social Science Quarterly** ,1999 Includes section Book reviews Choice ,1997

American Book Publishing Record ,1996-09 Children and Television Amy Beth Jordan,Kathleen Hall

Jamieson,1998 *Children and Television* examines the contemporary debate surrounding the issues of quality and the educational value of television with regard to children and the time they devote to watching it *America, History and Life* ,1999 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide
