Letters From Japan:

Letters from Japan Mrs. Hugh Fraser, 1899 **A Budget of Letters from Japan** Arthur Collins Maclay, 1886 **An Artist's Letters from Japan** John La Farge, 2021-05-18

In *An Artist's Letters from Japan* John La Farge offers a profound exploration of Japanese culture through the lens of an American artist deeply captivated by its aesthetic and philosophical richness. Written as a series of personal letters during his travels in the late 19th century, the work combines vivid descriptions with thoughtful reflections on art, religion, and nature. La Farge employs a lyrical prose style that communicates his emotional responses and intricate observations, grounding his experiences within the broader context of Western artistic exchanges with Japan during the Meiji Restoration, a period marked by immense transformation and cross-cultural influences.

John La Farge (1835-1910), an accomplished painter and stained glass artist, was one of the first Americans to fully appreciate and articulate the nuances of Japanese art. His eclectic background, which included training in both academic and non-Western artistic traditions, profoundly shaped his understanding of beauty and creativity. La Farge's genuine curiosity and respect for Japanese culture resonate throughout his letters, revealing his quest for artistic inspiration and personal growth through this cross-cultural journey.

An Artist's Letters from Japan is a must-read for those interested in cross-cultural studies, art history, and the interplay between East and West. La Farge's insights and eloquent prose provide a timeless perspective that continues to inspire and educate readers about the enduring significance of art in bridging diverse cultures. This collection not only serves as an artistic memoir but also as a vital document in understanding the historical context of Western perceptions of Japan.

Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition) as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches, etc., we have endeavoured to keep the quality of these images so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Letters from Japan Mrs. Hugh Fraser, 2017-09-18 (Excerpt from *Letters From Japan: A Record of Modern Life in the Island Empire*) I should like to call this book a record and an appreciation. It deals mainly with events and persons connected with the different aspects of life in the capital in which naturally most of our time was passed, and which is pre-eminently the centre of Japan's vitality to-day. I have described only such places as I visited, and more especially the remote hills where we took refuge from the summer heats, and whose every

turn became as familiar and beloved as the garden of my childhood 11 health and many ties of duty generally put very long journeys out of the question but the faithful and patient acquaintance made with those places where my lines lay and what I may describe as the gradual absorption of the life atmosphere surrounding me will I hope make up for the fact that this work is in no way a handbook or a history but merely a humble and faithful effort to transcribe what I have seen and learnt and thus to bring to day s Japan a little nearer to the understanding and sympathy of to day s England About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Dear Miye Mary Kimoto Tomita, Robert G. Lee, 1997-02-01 These letters tell the story of a young American woman of Japanese descent who was stranded in Japan during World War II They chronicle her turbulent life from her arrival in Japan through her experiences as a civilian employee of U S forces in the first years of the American occupation *Letters from China and Japan* John Dewey, Harriet Alice Chipman Dewey, 1920 *Letters from Japan - A Record of Modern Life in the Island Empire* - Hugh Fraser, 2007-03 PREFACE THE Author of this very practical treatise on Scotch Loch Fishing desires clearly that it may be of use to all who had it He does not pretend to have written anything new but to have attempted to put what he has to say in as readable a form as possible Everything in the way of the history and habits of fish has been studiously avoided and technicalities have been used as sparingly as possible The writing of this book has afforded him pleasure in his leisure moments and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general This section is interleaved with blank sheets for the readers notes The Author need hardly say that any suggestions addressed to the case of the publishers will meet with consideration in a future edition We do not pretend to write or enlarge upon a new subject Much has been said and written and well said and written too on the art of fishing but loch fishing has been rather looked upon as a second rate performance and to dispel this idea is one of the objects for which this present treatise has been written Far be it from us to say anything against fishing lawfully practised in any form but many pent up in our large towns will bear us out when we say that on the whole a days loch fishing is the most convenient One great matter is that the loch fisher is dependent on nothing but enough wind to curl the water and on a large loch it is very seldom that a dead calm prevails all day and can make his arrangements for a day weeks beforehand whereas the stream fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river it is quite another matter to arrange for a days river fishing if one is looking forward to a holiday at a date some weeks ahead Providence may favour the

expectant angler with a good day and the water in order but experience has taught most of us that the good days are in the minority and that as is the case with our rapid running streams such as many of our northern streams are the water is either too large or too small unless as previously remarked you live near at hand and can catch it at its best A common belief in regard to loch fishing is that the tyro and the experienced angler have nearly the same chance in fishing the one from the stern and the other from the bow of the same boat Of all the absurd beliefs as to loch fishing this is one of the most absurd Try it Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy or even a cast similar to those which a crack may be using and if he catches one for every three the other has he may consider himself very lucky Of course there are lochs where the fish are not abundant and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught and where each has a fair chance Again it is said that the boatman has as much to do with catching trout in a loch as the angler Well we dont deny that In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream fishing **Letters from Japan** Julia Crouse Houser,1899
