William Johnston, 1991 **Letters to Jacob** Fr. John-Julian Swanson, OJN, 2016-01-01 What is all this contemplative prayer people are talking about these days I never heard anything about that back in my parish Is this really part of the Christian tradition or some New Age import from Buddhism or some other ism The question came from a young man in college seriously considering a priestly vocation The answer was a series of letters of spiritual direction that dealt often radically with Christian prayer both in general and then more intensively in its contemplative dimension Those letters have been edited re written expanded and polished into *Letters to Jacob* Mostly About Contemplative Prayer with a nod to C S Lewis a rare look at the contemplative life from the inside At last A discussion of prayer by an expert that corrects errors some of which are 500 or more years old It does it gently meaningfully and above all usefully And all of this is done in the wondrous prose of Fr John Julian OJN steeped as he is in the great English Mystics Rev E Perren Hayes retired priest Biblical scholar John Julian has spent a lifetime advising souls and writes about prayer in a way that may be surprising even unsettling at first This little book is perfect for those who don't understand why educated people of the 21st century continue to pray and is a deep well of wisdom for those that do Royce D Miller Oblate of the Order of Julian of Norwich **Thomas Merton: A Life**

and consequences of this clergymans purposeful act of resistance in the spirit of Gandhi and King and in the face of a governmental threat of prison time Chapters 1 through 7 are taken from his contemporaneous prison journal and letters to family members They tell how he was dealing with what happened each month during the time he was incarcerated Over the years I have studied corrections as a sociologist and visited inmates as a clergyman It is a very different experience being a prisoner writes Kennon He paints prison life with a mixture of pain and humor that captures the ironic picture of a correctional institution bent on retribution without rehabilitation Mingled among these pages are his prison poems reflections and articles as well as selected excerpts from wise writings he encountered during his time there An epilogue gives a glimpse into what has happened since his release and a brief update on the struggle for peace that caused him and scores of other Americans to become prisoners of conscience

**The Sun at Midnight** Bernardo

Olivera, 2012-10-01 *The Sun at Midnight* offers a splendid easily accessible summary of mystical theology in the Cistercian school Bernardo Olivera a master of both the theology and the practice of the spiritual life analyzes this tradition first in its rich human biblical and doctrinal connotations and then according to its most typical expressions as they are lived among Cistercian mystics with reference also to other Christian men and women Olivera explores the rich testimony of the monks of the twelfth century as well as the lesser known nuns and holy women of the thirteenth century Throughout the book we discover Olivera's fundamental thesis Personal mystical experience is not only the key to an adequate renewal of monastic life today but also and above all the foundation the originating point of any and all religion or religious tradition Mystical experience is in particular the origin of Christianity and its rich spiritual tradition

**Mother Teresa's General Letters to Her Sisters** Kolodiejchuk MC Brian, 2024-06-21 Mother Teresa's *General Letters to Her Sisters* is a collection of Mother Teresa's circular letters to the members of her religious congregation the Missionaries of Charity Sisters Not intended for those outside her community they were written informally and spontaneously often with little editing It was for Mother Teresa a way of being present to the members of her rapidly expanding religious order Seemingly of little interest except for those to whom they were addressed the letters reveal the spiritual depth and pragmatic leadership of one of the most popular modern saints as well as the inner dynamics underlying one of the most flourishing religious congregations of the last century At the same time and perhaps surprisingly these letters may also prove to be worthwhile reading for a wider audience Something of God's wisdom and love seems to shine through Mother Teresa's guidance and counsels giving the reader light and help even though he or she is not living the same religious life as one of the Sisters Mother Teresa's unpolished statements are at times humble and at times humbling They inspire confidence and encourage generosity Many a time they are humorous but more often challenging They are sprinkled with serene joy but also permeated with deep pain She delighted in her Sisters' accomplishments yet did not shy away from correcting even the smallest flaw which didn't escape her very observant eye Sometimes she sounded just like a mother full

of tender loving care and at other times more like a commander in chief exhibiting an iron will and uncompromising determination In either case her followers seemed to have been drawn into the mystery of her charism endeavoring to keep pace with her Was it the attraction of what could be termed as her leadership style in the unrelenting service of the poorest of the poor or the perceived love of a mother's heart that made her so unanimously loved and admired by the members of her congregation Or was it both The letters will reveal the answer Inspiring in their simplicity the letters may well serve as a treasure trove where anyone from a reflective scholar to a caring mother of a family may find satisfaction for their spiritual palate The attractiveness of perennial truth often makes Mother Teresa's presentation of traditional spiritual themes likewise relevant for contemporary needs In the context of Mother Teresa's statement that we are created for greater things to love and to be loved these letters will help the reader discover and experience God's presence through the little miracles of His love in one's daily life They will inspire us to put our love into living action sharing His love with all those we meet and so make our lives something beautiful for God

**Life and Letters of John Bacchus Dykes** Joseph Thomas Fowler, 1897

*The Contemplative Pastor* Eugene H. Peterson, 1993 Peterson who has been gaining a growing reputation as a pastor's pastor speaks words of wisdom and refreshment for pastors caught in the busy-ness of preaching teaching and running the church Chapters include poetic reflections on the Beatitudes advice on spiritual direction between Sundays and the language of prayer

**Contemplation of the Holy Mysteries and the Rising of the Divine Lights** Muhyiddin Ibn 'Arabi, 2008 A major work of mystical literature this account focuses on 14 visions in the form of dramatic conversations with the divine interspersed with dazzling visionary episodes regarding the nature of existence humans relationship with reality and the way to achieve true happiness The introduction presents a resume of Ibn Arabi's life and examines in detail the style and symbolism of the contemplations Presented for the first time in English this work is a superb example of Ibn Arabi's inimitable style and deep perception

**The Contemplative Poetry of Gerard Manley Hopkins** Maria R.

Lichtmann, 2014-07-14 In 1989 the centenary of his death Gerard Manley Hopkins continues to provoke fundamental questions among scholars what major poetic strategy informs his work and how did his reflections on the nature of poetry affect his writing While form meant a great deal to Hopkins it was never mere form Maria Lichtmann demonstrates that the poet a student of Scripture all his life adopted Scripture's predominant form parallelism as his own major poetic strategy Hopkins saw that parallelism struck deep into the heart and soul tapping into unconscious rhythms and bringing about a healing response that he identified as contemplation Parallelism was to him the perfect statement of the integrity of outward form and inner meaning Other critics have seen the parallelism in Hopkins's poems only on the auditory level of alliterations and assonances Lichtmann however builds on the views held by Hopkins himself who spoke of a parallelism of words and of thought engendered by the parallelism of sound She distinguishes the integrating Parmenidean parallelisms of resemblance from the disintegrating Heraclitean parallelisms of antithesis The tension between Parmenidean unity and Heraclitean

variety is resolved only in the wordless communion of contemplation This emphasis on contemplation offers a corrective to the overly emphasized Ignatian interpretation of Hopkins's poetry as meditative poetry The book also makes clear that Hopkins's preference for contemplation sharply differentiates him from his Romantic predecessors as well as from the structuralists who now claim him Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

**The Complete Angler, Or Contemplative Man's Recreation** Izaak Walton, Charles Cotton, Sir John Hawkins, John Hawkins, 1815

**Theoria, Praxis, and the Contemplative Life After Plato and Aristotle** Thomas Bénatouïl, Mauro Bonazzi, 2012-04-19 This volume deals with the appropriations criticism and transformation of Plato's and Aristotle's positions about theory practice and the contemplative life including their epistemological and metaphysical foundations from Theophrastus to the end of Antiquity including Jewish and Christian authors

**A Hermeneutics of Contemplative Silence** Michele Kueter Petersen, 2021-10-06 A Hermeneutics of Contemplative Silence Paul Ricoeur Edith Stein and the Heart of Meaning brings together the work of Paul Ricoeur and Edith Stein and locates the role of silence in the creation of meaning Michele Kueter Petersen argues that human being is language and silence Contemplative silence manifests a mode of capable human being whereby a shared world of meaning is constituted and created The analysis culminates with the claim that a hermeneutics of contemplative silence manifests a deeper level of awareness as a poetics of presencing a shared humanity The term awareness refers to five crucial levels of meaning creating consciousness that are ingredients in the practice of contemplative silence Contemplative awareness includes self critique as integral to the experience and the understanding of the virtuous ordering of relational realities The practice of contemplative silence is a spiritual and ethical activity that aims at transforming reflexive consciousness Inasmuch as it leads to openness to new motivation and intention for acting in relation to others contemplative awareness elicits movement through the ongoing exercise of rethinking those relational realities in and for the world The texts of Ricoeur and Stein reveal a contemplative discourse of praise and beauty for capable human beings whose actions and suffering respond to word and silence
