The Shirley Letters from California Mines in 1851-52 Dame Shirley,2019-11-22 The Shirley Letters written in the pioneer days of 1851 and 1852 were hailed throughout the country as the first born of California literature Mrs Clappe their author was the one woman who depicted that era of romantic life dipping her pen into a rich personal experience and writing with a clarity and beauty born of an alert comprehensive mind and a rare sense of refinement and character The Letters had been written to a loved sister in the East The Shirley Letters once published brought the new West to the wondering East and showed to those who had not made the venture the courage the fervor the beauty the great heartedness that made up life in the new El Dorado Shirley s sympathetic Interpretation of their tumultuous experience cheered the Argonauts by throwing before their eyes the drama in which they were unconsciously the swash buckling the tragic or the romantic actors and helped to crystallize the growing love for the new land which love turned fortune and adventure seekers into home makers and empire builders The Shirley Letters from California Mines in 1851-52 Dame Shirley,1922 **The Miner's Canary** Lani GUINIER,Gerald Torres,Lani Guinier,2009-06-30 Like the canaries that alerted miners to a poisonous atmosphere issues of race point to underlying problems in society that ultimately affect everyone not just minorities Addressing these issues is essential Ignoring racial differences race blindness has failed Focusing on individual achievement has diverted us from tackling pervasive inequalities Now in a powerful and challenging book Lani Guinier and Gerald Torres propose a radical new

way to confront race in the twenty first century Given the complex relationship between race and power in America engaging race means engaging standard winner take all hierarchies of power as well Terming their concept political race Guinier and Torres call for the building of grass roots cross racial coalitions to remake those structures of power by fostering public participation in politics and reforming the process of democracy Their illuminating and moving stories of political race in action include the coalition of Hispanic and black leaders who devised the Texas Ten Percent Plan to establish equitable state college admissions criteria and the struggle of black workers in North Carolina for fair working conditions that drew on the strength and won the support of the entire local community The aim of political race is not merely to remedy racial injustices but to create truly participatory democracy where people of all races feel empowered to effect changes that will improve conditions for everyone In a book that is ultimately not only aspirational but inspirational Guinier and Torres envision a social justice movement that could transform the nature of democracy in America

Minor Sketches and Reveries Alberto Balengo,2020-11-01 These introspective tales described by one critic as the perfect panacea for minds stressed by life s challenges feature animals allegories and melodramas of everyday life At the center of the stories are tiny creatures a sparrow earthworm or paperclip struggling to make sense of larger mysterious forces Human

protagonists are equally perplexed by ordinary events like searching for a lost key watching late night TV or eating a taco As the author admits in the afterward these pieces feel more like sketches than stories with conventional plot and character Many end at odd places or don t end at all Scattered through the stories are moments of isolation confusion and foreboding Some pieces like the essayistic Indolence Notebooks investigate a philosophical idea to such absurd lengths that one is almost tempted to take a nap In one of the lighter pieces 3 Fake Recommendation Letters Balengo submits fake recommendation letters by Rabelais Kafka and Hans Christian Anderson to an MFA program In a more somber story The Deletionist a disgruntled system administrator tries to delete as much of his digital footprint as he can with mixed results Written in plain careful language this debut collection by Alberto Balengo depicts people and creatures trying valiantly to investigate a world that seems neither rational nor reassuring
