LETTER OF INTRODUCTION, COMPANY AND PRODUCT OVERVIEW

Dear Sir / Madam

Thank you for the opportunity and privilege to introduce the solutions and services offered by Securitell.

COMPANY OVERVIEW

Brief History

Securitell is owned by Samuel Isaac Lessing. Sam Lessing worked in the Telecommunications industry for over thirty years, of which twenty five were with Siemens Telecommunications (Pty) Ltd. I started as a technician and worked my way up to the Head of the Installation and Maintenance Division; from there I entered into the Sales and Project Management arena achieving positions such as Head Sales and Projects - Africa, Head of Projects and later Account Director for their Africa Business in which we achieved turnovers of up to four hundred million Rand per annum. In this period I played an integral role, as Head of Sales and Projects, in achieving three first in the world projects for Siemens Telecommunications and also at that time, the fastest GSM Start-Up Roll Out in the world, which was executed in Congo Brazzaville.

Strategically, I transferred to Siemens Building Technologies (Siemens Electronic Security Department in South Africa) for three and half years, with two years hands on experience and one and a half years as Head of Sales and Business Development. At this point I left Siemens and started Securitell which has been in operation since October 2009.

Brief Company Overview

Securitell predominantly supplies very sophisticated and reliable Perimeter Security Sensor and Surveillance Systems. We are currently the only distributor in Southern Africa for Ascendant's CCTV Systems which are imported from Canada and Sicurt's Perimeter Intrusion Detection Systems which are imported from Italy. In addition we are one of the few privileged companies allowed to supply the IMPI Perimeter Security Intrusion Detection / Monitoring System, which is not advertised at all due to the confidentiality of this system. IMPI was originally designed by the CSIR and later taken over privately and further developed for commercial use and is currently in use both locally and internationally. IMPI is manufactured in South Africa. A more detailed overview of these systems is available further in this document.

Securitell started as a supplier and integrator of locally available high end Electronic Security Solutions and had very good results for a small start-up company, but on seeing a niche market for higher end security systems we changed strategy and started importing the above mentioned systems for re-sale to integrators only, with the intention of empowering smaller security companies to become independent commercially viable enterprises. This turned out to be a bit of an illusion of grandeur, and after two years of following our

Smithdeal, 1895 **The Works of John Ruskin** John Ruskin, 1912 The Book of Etiquette Lillian Eichler Watson, 1924 *Linguistic Variety of Judaeo-Arabic in Letters from the Cairo Genizah* Esther-Miriam Wagner, 2010-08-23

The Cairo Genizah has preserved a vast number of medieval and post medieval letters written in the Jewish variety of Arabic The linguistic peculiarities of these letters provide an invaluable source for the understanding of the history of the Arabic language and the development of Arabic dialects This work compares and contrasts various linguistic features of Judaeo Arabic letters from different periods and is one of the first studies to present a comprehensive linguistic investigation into non literary Judaeo Arabic Its main focus is to provide an extensive diachronic linguistic description while distinguishing between features of epistolary Arabic and vernacular

phenomena This study should be of interest to anyone working on the Arabic language sociolinguistics general historical linguistics and language typology in the extant volume she Wagner has clearly demonstrated that Judeo Arabic letters are to be viewed as primary source material capturing important aspects of language understanding of Jews and Judaism in the medieval and early modern Islamic world and therefore providing essential insights into the linguistic function of a substandard language or ethnolect like Judeo Arabic Wout van Bekkum BiOr no LXX 3 4

Horace Walpole's Letters George E. Haggerty, 2011-05-12 In looking closely at Horace Walpole's Correspondence George E Haggerty shows how these letters when taken in aggregate offer an astonishingly vivid account of the vagaries of eighteenth century masculinity Walpole talks about himself obsessively his wants his needs his desires his physical and mental pain his artistic appreciation and his critical responses It is impossible to read these letters and not come away with a vivid impression of a complex personality from another age Haggerty examines the ways in which Walpole presents himself as an eighteenth century gentleman and considers his personal relationships his needs and aspirations his emotionalism and his rationality in short his construction of himself in order to see what it tells us about the age in general and more specifically about masculinity in an era of social flux This study of Walpole and his epistolary relations offers a unique window into both the history of masculinity in the eighteenth century and the codification of friendship as the preeminent value in western culture Recent studies have tried to rewrite Walpole in a twenty first century mold while this work looks at the writer and the ways in which he constructs himself and his relations not in hopes of uncovering a lurid secret but rather in pursuit of the figure that he created and that has fascinated generations of readers and writers since the eighteenth century New Book of Etiquette, 1921
