## Letters To The Children:

*Letters to Children from Beatrix Potter* Beatrix Potter, 1992 Letters from Beatrix Potter to individual children **C.S. Lewis Letters to Children** Clive Staples Lewis, 1985 A collection of letters from the English author of the Narnia books to a variety of children **Letters to My Children** Russell Bittner, 2012-06-30 What follows part dialogue part monologue mostly rumination is a series of letters I wrote to my two children Christopher Russell and Alexandra Sophia over the course of 24 years The first letter is one I wrote to my son on his day of birth November 25 1991 the last is one I wrote to my daughter leading up to her twenty first birthday on June 8 2015 Some letters are missing from this publication they are either lost to other computers other hard drives other floppy discs or are still in storage in the Bronx I may or may not be able to recover them ever again What then is and was from its genesis the rationale for these letters Quite simply a desire to recall as accurately as possible the physical moral and cognitive development of my two children year by year and blow by blow as they grew from infancy to toddlerhood and from childhood to adolescence But why So that if they ever needed to they could one day look back and understand a large part of what made and makes them who they are as adults in all of their scintillating functionality or dysfunctionality This publication may or may not prove to be a worthy addition or at least a side note to the ever raging debate of Nature vs Nurture I am not a psychologist I am a writer with a gift or at least a head for fiction David Mamet State and Main to boot And so I must warn you caveat lector That said these letters are the verbal foundation of a truth I aspired to establish early on with my children What I conveyed often enough orally to my son from the moment he could understand English namely You don't lie to me I won't lie to you was never easy for either of us to embrace And in some sense at least I made my part of the bargain easier by concealing lots of difficult truths until his eighteenth birthday in 2009 when I suspected he'd be better able to handle those truths in written form He was And did On that basis and once I'd returned to Brooklyn just short of a month ago I decided to risk the same with Alex and consequently gave her all of the letters I'd addressed to her and that I could still access But why should anyone have any interest whatsoever in an otherwise private correspondence between a father and his children I can't say that anyone will That said no one has ever written a series of letters to his or her children over the course of nineteen years if one includes those children's day of birth At least not that I know of We all think thoughts forge memories bond then break bonds grow close then grow apart But too much of what occurs to a child gets lost in the shuffle or worse gets suppressed only to raise its arrogant head in some other form in adulthood The events that first kept us together as a family unit but then blew us apart were nothing I could've anticipated in my wildest dreams or nightmares The strategies my children and I have employed to keep us close over the years are ones the children of estranged parents will hardly consider novel But the words my two children said and sometimes wrote in e-mails to me are some of the kindest most considerate and yes most loving I've ever heard out of the mouth of any child In that sense this collection is a gift to all parents for whom it's not already too late While not everyone

has the free time I've had over the years not to mention a facility with writing candidly about family matters for future reference I don't know that such a facility is really all that important I rather think it's the gesture the consistency the promise made and kept The royalties should there be any are entirely theirs as are the responsibilities that come with publishing a book I will henceforth let them speak for themselves As of this Father's Day in 2015 just as on other Father's Days in years past I couldn't be happier with either of them But that's a father speaking Caveat emptor **Letters to His Children** Theodore Roosevelt, 2019-05-08 *Love Letters to a Child* Tracey Finck, 2006-05 Do you long to connect deeply with your children To have a significant positive impact on their lives To celebrate their successes and discoveries as well as ordinary moments spent together If this is what you want but you find the distractions of daily life getting in the way then this book is for you Writing a love letter to your child takes less than 10 minutes and is an easy and effective way to Affirm your child's uniqueness as a creation of God Bond with your child Celebrate and encourage character growth Document milestones in your child's spiritual journey Establish a family legacy This book will make you laugh and cry as you are given a look into the very personal letters the author has kept in journals for each of her children Here you'll find everything you need to start recording evidence of a childhood properly enjoyed of life fully embraced and of a relationship strongly rooted

children smiling as they follow along in the book and join in the lively song The sing along CD features two tracks one vocal and one instrumental After a bit of practice with the vocal track children can perform the song using just the instrumental track And because children learn best when they can apply what they know creative activities for reinforcing the concepts are included with the book
