Olthuis, 2022-06-08 In the twenty-first century amid globalized violence rising demagogues and the climate emergency contemporary philosophers and theologians have begun to debate a fundamental question Is our reality the result of the overflowing ever-present creativity of Love or the symptom of a traumatic rupture at the heart of all things Drawing on decades of research in postmodern philosophy and experience as a psychotherapist James H. Olthuis wades into this discussion to propose a radical ontology of Love without metaphysics In dialogue with philosophers like John D. Caputo Slavoj Žižek Luce Irigaray and others Olthuis explores issues from divine sovereignty and the problem of evil to trauma and social ethics Experience in therapeutic work informs these investigations rooting them in journeys with individuals on the path to healing Olthuis makes the bold claim that while trauma pain and suffering are significant parts of our human lives nevertheless Love is with us to the very end Creation is a gift that comes with a call to make something of it ourselves a risky task we must take on with the promise that Love will win We are all dancing in the wild spaces of Love *ex amore cum amore ad amorem*
