Letting Go To Create Magic:

Practical Magic: Believe, Manipulate, Create Albertus Crowley, 2024-07-23 Practical Magic Believe Manipulate Create is a discussion on the power and magic of manifestation Learn about the universal principles and techniques that will allow you to create the reality that you have always wanted When you believe and if you believe enough then you can control and manipulate energy This will allow you to create whatever reality that you desire However many people fail even to believe and so they also fail to take advantage of the magic that can create changes in their life Practical Magic Believe Manipulate Create reveals the magical process of creation and creating changes in every dimension of existence If you want to engage in the kind of magic that has real and physical effects then you must learn the magic of manifestation This magic is a three step process Believe Manipulate and Create There are of course other intervening elements that also come into play in order to complete and empower the reality that you desire to create Practical Magic Believe Manipulate Create is written for beginners but even those who have a decent occult background will also learn from it especially if you are looking for a magick that has rich and deep ancient roots To believe means putting something into existence in the mind The moment a thing exists in the mind then it becomes the current reality Although it may not yet be manifest in the physical it nevertheless already forms part of reality due to its manifestation in the mind of the magus The fact that it now exists in the mind only further supports the fact that it is now in existence To manipulate means controlling the energies and forces of the universe so that what you wish to manifest will have sufficient power to come into full existence which includes existence in the physical plane All things in the universe are made of energy Once you learn to manipulate energy you will have power over all things visible and invisible To create is the end goal of all magical techniques You need to create something It can be something that you fully manifest on the physical plane but it can also be something unseen by the eyes True magick that is powerful always leads to the point of creation We are the sons and daughters of the One Creator As such the power to create is inherent in us Magick is also an art of creation Whether you end up creating something good or bad will depend on your personal alignment with good and evil Nevertheless you must realize that the powers to believe manipulate and create are within you and you just have to learn how to use them to create real and lasting changes in your life Are you ready to learn the magical science of manifestation If yes then welcome into this mystical journey of pure and divine magick [853 Magic Statements to Let Go of Other People and Their Problems](#) Nicholas Mag, The Miracle In this book Nicholas presents you a practical unique subliminal very simple detailed method of how to Let Go of Other People and Their Problems You will feel the effects immediately and the results will appear very quickly So it was in my case You will not achieve fulfillment and happiness until YOU become the architect of your own reality Imagine that with a few moments each day you could begin the powerful transformation toward complete control of your own life and well being through this unique subliminal method combined with positive affirmations The order of words is extremely important for every book written by Nicholas These are
